Elephant Gold:

Elephant Gold P. D. Stracey, 1991 *The Elephant of My Heart* Jessica Clements, 2014-04-16 The Elephant of My Heart is the story that emerged as Jessica Clements took her first inner journey on the Personal Totem Pole Process originated by Stephen Gallegos Jessica's life had not been easy for at nine years old she had suffered a brain haemorrhage Yet this was just where her new guide her elephant took her to though in the gentlest and softest of ways It was here that her elephant and numerous other animals taught her that the scars that criss cross her head can be seen in a different way for now they are stitched with a black panther's whisker and held by a dragonfly I read this book in an evening and couldn't put it down as I was taken on a magical journey by the Elephant at Jessica's Heart Stephen Wish Polar Bear Community If you like animals and meditate then I highly recommend this book Jayne Thorpe California Gold Rush Cooking Lisa Golden Schroeder, 2001 Discusses the everyday life cooking methods common foods and hardships and celebrations during the Gold Rush in California Includes recipes **Gold Coins of the World** Arthur L. Friedberg, Ira S. Friedberg, 2009 covers the entire history of world gold coinage from the 5th century B C through the modern coin issues of today Part I the section on ancient coins covers in order Ancient Greece the Roman Republic and Empire and the Byzantine Empire Part II lists the coins of the world in alphabetical order by country from approximately AD 600 to date With current market valuations usually in the two most commonly encountered states of preservation Tables of weight and precious metal content included with coins of each country »*Gold Fever» and Women* Sigrid Schönfelder, 2023-02-06 Throughout its history the American West symbolized a place of hope and new beginnings where anything was possible especially for men However the history written until the 1970s and 1980s excluded women Sigrid Schönfelder illustrates how the American West served as a catalytic gold mine for many transformations for women It draws on the life narratives of three healthcare providers whose devotion within the social reform movements of the long nineteenth century contributed significantly to shaping healthcare policies Their stories show how women contributed to place making in the West and served as role models for other women to enter the field of medicine **The California Gold Rush, Grades 4 - 7** Barden, 2001-08-01 Bring history to life for students in grades 4 7 with The California Gold Rush This 64 page book provides challenging activities that enable students to explore history geography and social studies topics Activities include word searches fact or opinion questions and creative writing The book includes answer keys time lines and suggested reading lists *To the Elephant Graveyard* Tarquin Hall, 2020-03-03 Introduces us to the darker side of the Asian elephant It is more of a thriller than a straightforward travel book insightful and sensitive Literary Review On India's northeast frontier a killer elephant is on the rampage stalking Assam's paddy fields and murdering dozens of farmers Local forestry officials powerless to stop the elephant call in one of India's last licensed elephant hunters and issue a warrant for the rogue's destruction Reading about the ensuing hunt in a Delhi newspaper journalist Tarquin Hall flies to Assam to investigate To the Elephant Graveyard is the compelling account of the search for a

killer elephant in the northeast corner of India and a vivid portrait of the Khasi tribe who live intimately with the elephants Though it seems a world of peaceful coexistence between man and beast Hall begins to see that the elephants are suffering having lost their natural habitat to the destruction of the forests and modernization Hungry confused and with little forest left to hide in herds of elephants are slowly adapting to domestication but many are resolute and furious Often spellbinding with excitement like a page turning detective tale Publishers Weekly To the Elephant Graveyard is also intimate and moving as Hall magnificently takes us on a journey to a place whose ancient ways are fast disappearing with the ever shrinking forest Hall is to be congratulated on writing a book that promises humor and adventure and delivers both The Spectator Travel writing that wonderfully hits on all cylinders Booklist A wonderful book that should become a classic Daily Mail

Gold Coins of the World, 10th edition Arthur & Ira Friedberg, 2023-12-20 The tenth edition of Gold Coins of the World expands on its predecessor digging more deeply into new areas of collector interest and expanding many sections From the coins of Ancient Greece Rome and the Byzantine Empire and from Afghanistan through Zanzibar it includes the addition of many new discoveries for dozens of countries From the 384 pages of the 1958 edition the work has expanded to 852 pages which have been completely revised and updated The authors have listed more than 22 000 coin types which are illustrated with more than 8 500 photos now for the first time each one of them in color Each country s section includes tables of weight and fineness The market valuations are extensively revised to reflect both the higher price of gold as well as the skyrocketing demand for numismatic rarities Valuations are now provided for the first time in up to three states of preservation Many of the prices especially for great rarities and coins in higher grades have at least doubled In fact as collectors recognize the scarcity of coins in the highest states of preservation the premium for such coins relative to lower graded ones is escalating beyond traditional proportions The coinage of India and the Islamic world long dismissed by western collectors as difficult to decipher unimportant and lacking in value is now the subject of intense interest and has shown some of the most dramatic increases of all The reader will also find a useful directory of the world s leading gold coin dealers and auction houses For the numismatist banker economist historian or institution of higher learning the tenth edition of Gold Coins of the World is a book for every library public and private
