Chapman, Nicholas J. Cull, 2009-06-17 Popular cinema is saturated with images and narratives of empire With **Projecting Empire** Chapman and Cull have written the first major study of imperialism and cinema for over thirty years This welcome text maps the history of empire cinema in both Hollywood and Britain through a series of case studies of popular films including biopics adventures literary adaptations melodramas comedies and documentaries from the 1930s and *The Four Feathers* to the present with *Indiana Jones and The Temple of Doom* and *Three Kings* The authors consider industry wide trends and place the films in their wider cultural and historical contexts Using primary sources that include private papers they look at the presence of particular auteurs in the cinema of Imperialism including Korda Lean Huston and Attenborough as well as the actors who brought the stories to life such as Elizabeth Taylor and George Clooney At a time when imperialism has a new significance in the world this book will fulfil the needs of students and interested filmgoers alike **It Isn't Adultery If You Keep Your**

Underwear On Joseph S. Ragman, 2022-01-04 *It Isn't Adultery if You Keep Your Underwear On* is one book that you definitely can judge by its cover The book is obviously about humor but there is much more Ragman blended some fighter pilot humor with true accurate stories about life in the fast lane i.e. flying aircraft like the F 117A Stealth Fighter and other high performance aircraft like the F 111 A E F and EF and T 38 Talon Over the last several years the author found himself recalling funny sayings quotes stories and then writing them down These memories somehow materialized over the course of several years Some of the humor is downright disgusting and depending on your sense of humor you may be one of those people who want to banish this book to the deepest reaches of hell If you fall into this category you might not want to read it I've warned you You gotta love that kind of talk So sit back get ready strap in and push the throttles and afterburner into full grunt Just don't break the speed of sound over a congested area in a foreign country like the author almost did or get whacked by a seagull during a bomb run at 540 mph and 300 feet above the water no problem initially but the engine died about an hour later Enjoy the book You've never read anything like it **Darkest Truths of Black Gold** Robert Palmer Smith, 2007-06 Over forty years ago the British Government warned the Italian Government Don't trust the Russians The author was there Today forty years later Newsweek echoes the same warning to any country that puts its energy sources at the political whim and fancy of Mr Putin And what of the warnings that the United States Government was given over sixty

years ago that Mao Ze tung was not the second coming of the Messiah The author was there And he seethed in rage and torment as he tried to sleep on the steel deck of a United States evacuation LST while he heard the Messiah s guns laying siege to Beijing But all good things come to an end even the bad ones and meeting the Queen of England at the Prime Minister s residence The Temple Trees in Ceylon and issuing an invitation to His Royal Highness to play polo more than compensated the author for his first evacuation But the reasons for his second evacuation from Cairo and his family s evacuation from Beirut are not quite as clear as he would like Hearing about them might give the reader some thoughts about the difficulties faced by their fellow citizens who serve them abroad At Bully Hills Thaddeus Deluca,2012-04-11
