1996 Massimo Mastrogregori, 2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The works are arranged systematically according to period region or historical discipline and within this classification alphabetically The bibliography contains a geographical index and indexes of persons and authors

Asklepios, Medicine, and the Politics of Healing in Fifth-Century Greece Bronwen L. Wickkiser, 2008 Delving deeply into ancient medical history Bronwen L Wickkiser explores the early development and later spread of the cult of Asklepios one of the most popular healing gods in the ancient Mediterranean Though Asklepios had been known as a healer since the time of Homer evidence suggests that large numbers of people began to flock to the cult during the fifth century BCE just as practitioners of Hippocratic medicine were gaining dominance Drawing on close readings of period medical texts literary sources archaeological evidence and earlier studies Wickkiser finds two primary causes for the cult's ascendance it filled a gap in the market created by the refusal of Hippocratic physicians to treat difficult chronic ailments and it abetted Athenian political needs Wickkiser supports these challenging theories with side by side examinations of the medical practices at Asklepios sanctuaries and those espoused in Hippocratic medical treatises She also explores how Athens' aspirations to empire influenced its decision to open the city to the healer god's cult In focusing on the fifth century and by considering the medical political and religious dimensions of the cult of Asklepios Wickkiser presents a complex nuanced picture of Asklepios' rise in popularity Athenian society and ancient Mediterranean culture The intriguing and sometimes surprising information she presents will be valued by historians of medicine and classicists alike

Greek Mysteries Michael B. Cosmopoulos, 2005-08-18 Religion in ancient Greece had a strong public character and within this public religion there were special cults mysteries This welcome volume showcases new research on the archaeology ritual and history of Greek mystery cults

Diagoras of Melos Marek Winiarczyk, 2016-07-11 Diagoras of Melos lyric poet 5th c B C has received special attention for some time now because he was regarded as a radical atheist and the author of a prose work on atheism in antiquity He was notorious for revealing and ridiculing the Eleusinian Mysteries and was condemned for impiety at Athens The present book evaluates Diagoras' biography and shows that he cannot be considered to have been an atheist in the modern sense

Slaves Tell Tales Sara Forsdyke, 2012-07-22 Most studies of ancient Greek politics focus on formal institutions such as the political assembly and the law courts and overlook the role that informal social practices played in the regulation of the political order Sara Forsdyke argues by contrast that various forms of popular culture in ancient Greece including festival revelry oral storytelling and popular forms of justice were a vital medium for political expression and played an important role in the negotiation of relations between elites and masses as well as masters and slaves in the Greek city states Although these

forms of social life are only poorly attested in the sources Forsdyke suggests that Greek literature reveals traces of popular culture that can be further illuminated by comparison with later historical periods By looking beyond institutional contexts moreover Forsdyke recovers the ways that groups that were excluded from the formal political sphere especially women and slaves participated in the process by which society was ordered Forsdyke begins each chapter with an apparently marginal incident in Greek history the worship of a dead slave by masters on Chios the naming of Sicyon's civic divisions after lowly animals such as pigs and asses and the riding of an adulteress on a donkey through the streets of Cyme and shows how these episodes demonstrate the significance of informal social practices and discourses in the regulation and reproduction of the social order The result is an original fascinating and enlightening new perspective on politics and popular culture in ancient Greece

Sharing with the Gods Suk Fong Jim, 2014 *Sharing with the Gods* examines one of the most ubiquitous yet little studied aspects of ancient Greek religion the offering of so called first fruits *aparchai* and tithes *dekatai* from the Archaic period to the Hellenistic While most existing studies of Greek religion tend to focus on ritual performance this volume investigates questions of religious belief and mentality why the Greeks presented these gifts to the gods and what their behaviour tells us about their religious world view presuppositions and perception of the gods Exploiting an array of ancient sources the author assesses the diverse nature of *aparchai* and *dekatai* the complexity of the motivations underlying them the role of individuals in shaping tradition the deployment of this religious custom in politics and the transformation of a voluntary practice into a religious obligation By synthesizing a century of scholarship on first fruits practices in Greek and other religious cultures the author challenges prevailing interpretations of gift exchange with the gods in terms of *do ut des* and *da ut dem* which emphasize the reciprocal obligatory and sometimes commercial aspects of the gift and explores hitherto neglected notions including gratitude and thanksgiving Drawing on current approaches to gift giving in anthropology sociology and economics in particular the French anthropologist Godelier's idea of debt the volume offers new perspectives with which to conceptualize human divine relations and challenges traditional views of the nature of gift giving between men and gods in Greek religion

Perikles and His Circle Anthony J. Podlecki, 2013-09-05 *Perikles* the creator of the reputation of Classical Athens was an enigmatic figure This book traces Perikles' development from a somewhat hesitant though left leaning politician to a mature statesman fully committed to expanding Athens' maritime empire and using the material benefits of that empire to improve the ordinary lives of Athenian citizens Podlecki examines Perikles' actions and interactions with a large and varied circle of friends acquaintances and political adversaries and shows how his circle of friends advised and influenced his development as a leader Perikles the first citizen as Thucydides termed him was a man characterised by a subtle versatility and tenacity of purpose Of paramount importance was that Athenians be made to appreciate their superiority and also develop a willingness to assert it even if that meant war with the Spartans and their allies Podlecki examines the wealth of sources and documentation on Perikles to provide a lucid account of the achievements of the man

which is both comprehensive and eminently readable **Rhetoric and Religion in Ancient Greece and Rome** Sophia Papaioannou, Andreas Serafim, Kyriakos Demetriou, 2021-10-25 It is perhaps a truism to note that ancient religion and rhetoric were closely intertwined in Greek and Roman antiquity Religion is embedded in socio political legal and cultural institutions and structures while also being influenced or even determined by them Rhetoric is used to address the divine to invoke the gods to talk about the sacred to express piety and to articulate refer to recite or explain the meaning of hymns oaths prayers oracles and other religious matters and processes The 13 contributions to this volume explore themes and topics that most succinctly describe the firm interrelation between religion and rhetoric mostly in but not exclusively focused on Greek and Roman antiquity offering new interdisciplinary insights into a great variety of aspects from identity construction and performance to legal political practices and a broad analytical approach to transcultural ritualistic customs The volume also offers perceptive insights into oriental i e Egyptian magic texts and Christian literature Artifact & Artifice Jonathan M. Hall, 2022-12-22 Is it possible to trace the footprints of the historical Sokrates in Athens Was there really an individual named Romulus and if so when did he found Rome Is the tomb beneath the high altar of St Peter s Basilica home to the apostle Peter To answer these questions we need both dirt and words that is archaeology and history Bringing the two fields into conversation Artifact and Artifice offers an exciting excursion into the relationship between ancient history and archaeology and reveals the possibilities and limitations of using archaeological evidence in writing about the past Jonathan M Hall employs a series of well known cases to investigate how historians may ignore or minimize material evidence that contributes to our knowledge of antiquity unless it correlates with information gleaned from texts Dismantling the myth that archaeological evidence cannot impart information on its own he illuminates the methodological and political principles at stake in using such evidence and describes how the disciplines of history and classical archaeology may be enlisted to work together He also provides a brief sketch of how the discipline of classical archaeology evolved and considers its present and future role in historical approaches to antiquity Written in clear prose and packed with maps photos and drawings Artifact and Artifice will be an essential book for undergraduates in the humanities **Instruments in Art and Science** Helmar Schramm, Ludger Schwarte, Jan Lazardzig, 2008 This volume presents a collection of original papers at the intersection of philosophy the history of science cultural and theatrical studies Based on a series of case studies on the 17th century it contributes to an understanding of the role played by instruments at the interface of science and art The papers pursue the hypothesis that the development and construction of instruments make a substantive contribution to the opening of new fields of knowledge the development of new cultural practices but also to the delineation of particular genres methods and disciplines This perspective leads the authors to reflect anew on what actually defines an instrument and to develop a series of basic questions to determine what an instrument is which actions does the instrument incorporate which actions does the instrument make possible when do the objects of examination themselves become instruments what skills are

required to use an instrument which skills does it produce With its combination of new theoretical models and historical case studies its detailed demonstration of the mutual influence of art and science with the instrument as the point of intersection this volume enters new territory It is of great value for all those interested in the history of our perception of instruments Besides the editors the authors of the papers are J rg Jochen Berns Olaf Breidbach Georges Didi Huberman Peter Galison Sybille Kr mer Dieter Mersch Hans J rg Rheinberger Wilhelm Schmidt Biggemann and Otto Sibum Lloyd's Register OneOcean's Guide to Port Entry 1995-96 Albania-Kuwait Lloyd's Register Foundation,1995-01-01 First published in 1971 these Guides provide invaluable information on thousands of commercial ports and terminals across the globe They are compiled and published annually by LR OneOcean whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency sustainability and overall industry success The Guides cover a significant geographical breadth and the most recent volume includes information on over 12 500 ports harbours and terminals worldwide These are fully indexed and contain detailed port plans and mooring diagrams **Jesus, Paul, and the Early Church** Eckhard J. Schnabel,2018-07-24 This volume contains seventeen essays written by Eckhard J Schnabel written over the past 25 years The essays focus on the realities of the work of Jesus Paul John and the early church exploring aspects of the history missionary expansion and theology of the early church including lexical ethical and ecclesiological questions Specific subjects discussed include Jesus silence at his trial the introduction of foreign deities to Athens the understanding of Rom 12 1 Paul s ethics the meaning of baptizein the realities of persecution Christian identity and mission in Revelation and singing and instrumental music in the early church **Athenian Lettering of the Fifth Century B.C.** Stephen Victor Tracy,2016-03-07 This book has chapters on methodology on the writing of the first decrees and laws of the years ca 515 to 450 B C on unique examples of writing of ca 450 to 400 on the inscribers of the Lapis Primus and Lapis Secundus IG I3 259 280 and on those of the Attic Stelai IG I3 421 430 These are followed by studies of 11 individual cutters arranged in chronological order This study brings order to the study of hands of the fifth century by setting out a methodology and by discussing the attempts of others to identify hands Another aim is to bring out the individuality of the writing of these early inscribers It shows that from the beginning the writing on Athenian inscriptions on stone was very idiosyncratic for all intents and purposes individual writing It identifies the inscribing of the sacred inventories of Athena beginning about 450 B C as the genesis of the professional letter cutter in Athens and traces the trajectory of the profession While the dating of many inscriptions will remain a matter for scholarly discussion the present study narrows the dates of many texts It also pinpoints the origin of the mistaken idea that three bar sigma did not occur on public documents after the year 446 in order to make those who are not expert more aware that this is not a reliable means of dating **Religious Individualisation** Martin Fuchs,Antje Linkenbach,Martin Mulsow,Bernd-Christian Otto,Rahul Bjørn Parson,Jörg Rüpke,2019-12-16 This volume brings together key findings of the long term research project Religious Individualisation in Historical Perspective Max Weber

Centre for Advanced Cultural and Social Studies Erfurt University Combining a wide range of disciplinary approaches methods and theories the volume assembles over 50 contributions that explore and compare processes of religious individualisation in different religious environments and historical periods in particular in Asia the Mediterranean and Europe from antiquity to the recent past Contrary to standard theories of modernisation which tend to regard religious individualisation as a specifically modern or early modern as well as an essentially Western or Christian phenomenon the chapters reveal processes of religious individualisation in a large variety of non Western and pre modern scenarios Furthermore the volume challenges prevalent views that regard religions primarily as collective phenomena and provides nuanced perspectives on the appropriation of religious agency the pluralisation of religious options dynamics of de traditionalisation and privatisation the development of elaborated notions of the self the facilitation of religious deviance and on the notion of dividuality

Empire and Religion Elena Muñiz Grijalvo, Juan Manuel Cortés Copete, Fernando Lozano Gomez, 2017-07-10 This volume explores the nature of religious change in the Greek speaking cities of the Roman Empire Emphasis is put on those developments that apparently were not the direct result of Roman actions the intensification of idiosyncratically Greek features in the religious life of the cities Heller Mu iz Camia the active role of a new kind of Hellenism in the design of imperial religious policies Gordillo Galimberti Rosillo L pez or the locally different responses to central religious initiatives and the influence of those local responses in other imperial contexts Cort s Melfi Lozano Rizakis All the chapters try to suggest that religion in the Greek cities of the empire was both conservative and innovative and that the Roman factor helps to explain this apparent paradox

Encyclopedia of the Ancient Greek World David Sacks, Oswyn Murray, Lisa R. Brody, 2014-05-14 Discusses the people places and events found in over 2 000 years of Greek civilization

The Greek World After Alexander 323–30 BC Graham Shipley, 2014-03-18 The Greek World After Alexander 323 30 BC examines social changes in the old and new cities of the Greek world and in the new post Alexandrian kingdoms An appraisal of the momentous military and political changes after the era of Alexander this book considers developments in literature religion philosophy and science and establishes how far they are presented as radical departures from the culture of Classical Greece or were continuous developments from it Graham Shipley explores the culture of the Hellenistic world in the context of the social divisions between an educated elite and a general population at once more mobile and less involved in the political life of the Greek city
