Elizabeth Bowen:

People, Places, Things - Essays by Elizabeth Bowen Elizabeth Bowen, 2008-11-26 This volume collects for the first time essays published in British Irish and American periodicals during Bowen's lifetime as well as essays which have never been published before. The range of subjects alone makes these essays indispensable reading. Throughout her career Elizabeth Bowen, the Anglo-Irish novelist and short story writer, also wrote literary essays that display a shrewd, generous intelligence. Always sensitive to underlying tensions, she evokes the particular climate of countries and places in Hungary, Prague, and the Crisis, and Bowen's Court. In Britain in Autumn, she records the strained atmosphere of the blitz as no other writer does. Immediately after the war, she reported on the International Peace Conference in Paris in a series of essays that are startling in their evocation of tense diplomacy among international delegates scrambling to define the boundaries of Europe and the stakes of the Cold War. The aftershock of war registers poignantly in *Opening Up*, the House owners evacuated during the war return to their houses empty since 1939. Other essays in this volume, especially those on James Joyce, Jane Austen, and the technique of writing, offer indispensable mid-century evaluations of the state of literature. The essays assembled in this volume were published in British Irish and American periodicals during Bowen's lifetime. She herself did not gather them into any collection. Some of these essays exist only as typescript drafts and are published here for the first time. Bowen's observations on age, toys, disappointment, charm, and manners place her among the very best literary essayists of the modernist period. *Elizabeth Bowen* Lis Christensen, 2001 A Danish scholar of English and Irish literature, Christensen focuses on the four novels and handful of short stories that Anglo-Irish writer Bowen (1899-1973) published after World War II, which critics have tended to neglect until very recently. Collected Stories of Elizabeth Bowen Elizabeth Bowen, 2019-10-15 A beautiful hardcover edition of the collected short stories of one of the best short story writers who ever lived. Newsweek with an introduction by the Booker Prize winning author of *The Sea*. Widely known for her extraordinary novels including *The Heat of the Day*, *The House in Paris*, and *The Death of the Heart*, Elizabeth Bowen established herself in the front rank of twentieth-century writers equally through her short fiction. This collection includes seventy-nine magnificent stories written over the course of four decades, including such beloved classics as *Mysterious K*, *The Demon Lover*, *Summer Night*, *Ivy Gripp'd the Steps*, and *The Happy Autumn Fields*. Whether placing her reader in a remote Irish castle or a seaside Italian villa or bomb-scarred London during the Blitz, Bowen was famous for scene-setting of almost hallucinatory vividness, but her ability to evoke inner landscapes of spellbinding intensity was even more remarkable. Frustrated lovers, acutely observed children, and even vengeful ghosts inhabit her tales with an urgency and emotional complexity that make it clear that the drama of human consciousness was her central subject. These stories are enduring testimony to Bowen's reputation as a creator of finely chiseled narratives rich in imagination, psychological insight, and craft.

Elizabeth Bowen Neil Corcoran, 2004-09-16 Explores how Bowen adapts Irish Protestant Gothic as a means of interpreting Irish experience during the Troubles of the 1920s and the Second World War and also as a way of defining the defenselessness of those enduring the Blitz in wartime London She employs versions of the Jamesian child as a way of offering a critique of the treatment of children in the European novel of adultery and indeed implicitly of the Jamesian child itself Corcoran relates the

various kinds of return and reflex in her work notably the presence of the supernatural but also the sense of being haunted by reading to both the Freudian concept of the return of the repressed and T S Eliot s conception of the auditory imagination as a return to the origin
