Swiss, 2010-10-05 The convict women who built a continent A moving and fascinating story Adam Hochschild author of King Leopold s Ghost Historian Deborah J Swiss tells the heartbreaking horrifying and ultimately triumphant story of the women exiled from the British Isles and forced into slavery and savagery who created the most liberated society of their time The Tin Ticket takes us to the dawn of the nineteenth century and into the lives of Agnes McMillan whose defiance and resilience carried her to a far more dramatic rebellion Agnes s best friend Janet Houston who rescued her from the Glasgow wynds and was also transported to Van Diemen s Land Ludlow Tedder forced to choose just one of her four children to accompany her to the other side of the world Bridget Mulligan who gave birth to a line of powerful women stretching to the present day It also tells the tale of Elizabeth Gurney Fry a Quaker reformer who touched all their lives Ultimately it is the story of women discarded by their homeland and forgotten by history who by sheer force of will become the heart and soul of a new nation

*Georgian Feminists* Rebecca Sophia Katherine Wilson, 2025-04-28 Highlights ten extraordinary Georgian women who defied societal norms challenging patriarchy and shaping history with their trailblazing contributions For centuries women s history has been dismissed or ignored entirely Women make up half of society and yet few pages have been written about women s history their lives and contributions It is time to redress this imbalance and recognize the significant involvement and impact women have had throughout history Enter the Georgian period hailed as the Age of Enlightenment Amidst a

backdrop of cultural blossoming intellectual fervour and the whirlwind of the Industrial Revolution society underwent seismic shifts politically socially and technologically However for women the landscape remained largely unchanged the expectations of domesticity marriage and motherhood persisted as steadfast norms Embarking on a journey through diverse backgrounds from aristocracy to enslavement this book introduces ten remarkable women who defied societal norms during the Georgian period Among them are political activists social reformers a literary luminary a pioneer in palaeontology and a mathematical prodigy These trailblazers dared to pursue careers passions and lifestyles deemed scandalous by societal standards challenging the status quo and carving out paths of empowerment in a world reluctant to grant them their due recognition Each embodies the spirit of feminism resisting the grip of patriarchy and leaving an indelible mark on history *Norwich The Biography* Christopher Reeve,2011-11-15 The history of one of England s most important historic cities through the voices of Norwich s inhabitants from its earliest origins to the present *The Norwich Book of Days* Carol Twinch,2012-02-29 Discover the rich and colourful history of Norwich with this collection of tales from across the city Featuring a story for every day of the year it includes tales of skirmishes rebellions and battles as well as milestones along history s fascinating trail of popular culture Why did Sir Thomas Erpingham build his famous gates at Norwich Cathedral What connection does the war heroine Edith Cavell have with Norwich And which ghost was said to haunted the city in the nineteenth century Featuring events from shortly after its foundation right up to the present day this fascinating selection is sure to appeal to everyone interested in the history of one of Britain s oldest cities *Criminal Punishment and Human Rights: Convenient Morality* Adnan Sattar,2019-03-05 This book examines the relationship between international human rights discourse and the justifications for criminal punishment Using interdisciplinary discourse analysis it exposes certain paradoxes that underpin the International Bill of Human Rights academic commentaries on human rights law and the global human rights monitoring regime in relation to the aims of punishment in domestic penal systems It argues that human rights discourse owing to its theoretical kinship with Kantian philosophy embodies a paradoxical commitment to human dignity on the one hand and retributive punishment on the other Further it sustains the split between criminal justice and social justice which results in a sociologically ill informed understanding of punishment Human rights discourse plays a paradoxical role vis vis the punitive power of the state as it seeks to counter criminalisation in some areas and backs the introduction of new criminal offences and longer prison sentences in others The underlying priorities it is argued have been shaped by a number of historical circumstances Drawing on archival material the study demonstrates that the international penal discourse produced during the late nineteenth and early twentieth century laid greater emphasis on offender rehabilitation and was more attentive to the social context of crime than is the case with the modern human rights discourse **Quaker History**,2005 *Psychology in Prisons* Graham J. Over 80 authors write about landmarks that represent a significant achievement or turning point in women's engagement with law and law reform. The landmarks cover a wide range of topics including matrimonial property, the right to vote, prostitution, surrogacy and assisted reproduction, rape, domestic violence, FGM, equal pay, abortion, image-based sexual abuse and the ordination of women bishops, as well as the life stories of women who were the first to undertake key legal roles and positions. Together, the landmarks offer a scholarly intervention in the recovery of women's lost history and in the development of methodology of feminist legal history, as well as a demonstration of women's agency and activism in the achievement of law reform and justice.      **New Books on Women and Feminism**, 2007      **Elizabeth Fry** Dennis Bardens, 2007-07 Early on in her life Elizabeth recognised that she was destined for a different future. Her charity work introduced her to the plight of women in prisons, in particular Newgate Gaol. Horrified at what she witnessed, women imprisoned often for quite menial crimes were accompanied by their children into the bedlam that was Newgate. Monday hangings were commonplace and tickets were sold for viewing to the public on this day; even pregnancy did not buy reprieve. Through her connections that reached as high as royalty, Fry effected a huge change in the system, as well as providing bedding, food and other comforts. By treating the women of Newgate with respect, she won their trust and regularly read to them, organised the release of children to attend school in her home and the supply of bundles for those prisoners deported to the New Worlds, Australia.      **What Regency Women Did for Us** Rachel Knowles, 2019-02-20 Profiles of twelve trailblazing Regency Era women from Jane Austen to Madame Tussaud who took charge of their destinies and changed the world. In the nineteenth century, women faced challenges and constraints that many of us would find shocking by today's standards. What Regency Women Did for Us tells the inspirational stories of twelve women who overcame entrenched institutional obstacles to achieve trailblazing success, women such as the German astronomer Caroline Herschel who discovered a comet that bears her name, the French artist Marie Tussaud whose wax sculptures made her world famous, the great author Jane Austen whose novels continue to delight generations of readers. These women were pioneers, philanthropists, entrepreneurs, authors, scientists and actresses, women who made an impact on their world and ours. Popular history blogger Rachel Knowles tells how each of these women challenged the limitations of their time and left an enduring legacy for future generations to follow. Two hundred years later, their stories remain powerful inspirations for us all. Rachel's fine book looks at how the women of Britain emerged from the shadows of their husbands during the Regency period, inspiring female writers, scientists, etc. to take hold of their own destinies and start to have an influence on the world. Brilliant Books Monthly      [Oxford Dictionary of National Biography: Freud-Gibbard](#) Henry Colin Gray Matthew, Brian Harrison, 2004 55,000 biographies of people who shaped the history of the British Isles and beyond from the

**Over the Influence** Kara Alaimo, 2024-03-05 A feminist rallying cry for women to recognize and reject the ways social media is being weaponized against us and instead wield it to empower ourselves. Actionable solutions for women parents and educators to fight online disinformation, sexism and misogyny so we can create healthier digital spaces for girls and teens. In *Over the Influence*, communication professor and CNN Opinion contributor Kara Alaimo reveals how social media is affecting every aspect of the lives of women and girls from our relationships and our parenting to our physical and mental well-being. *Over the Influence* is a book about what it means to live in the world social media has wrought whether you're constantly connected or have deleted your accounts forever. Alaimo explains why you're likely to get fewer followers if you're a woman. How fake news is crafted to prey on women's vulnerabilities. Why so much of the content we find in our feeds is specifically designed to hold us back. How social media has made the offline world an uglier place for women. But we can change this. Alaimo offers up brilliant advice for how to get over the influence including how to handle our daughters' use of social media. Tips for using dating apps to find the partners we're looking for. How we can use social networks to bolster our careers. Ways to protect ourselves from sextortionists, catfishers and trolls. What we need to demand from lawmakers and tech companies. *Over the Influence* calls on women to recognize and call out the subtle and not so subtle sexism and misogyny we find online, reject misinformation that is targeted to us because of our gender and use our platforms to empower ourselves and other women.

**Making and remaking saints in nineteenth-century Britain** Gareth Atkins, 2016-08-25 This book examines the place of saints and sanctity in a self-consciously modern age and argues that Protestants were as fascinated by such figures as Catholics were. Long after the mechanisms of canonisation had disappeared, people continued not only to engage with the saints of the past but continued to make their own saints in all but name. Just as strikingly, it claims that devotional practices and language were not the property of orthodox Christians alone. *Making and remaking saints in the nineteenth-century Britain* explores for the first time how sainthood remained significant in this period both as an enduring institution and as a metaphor that could be transposed into unexpected contexts. Each of the chapters in this volume focuses on the reception of a particular individual or group and together they will appeal to not only historians of religion but those concerned with material culture, the cult of history and with the reshaping of British identities in an age of faith and doubt.

**Gendertrolling** Karla Mantilla, 2015-08-31 *Gendertrolling* arises out of the same misogyny that fuels other real-life forms of harassment and abuse of women. This book explains this phenomenon the way it can impact women's lives and how it can be stopped. Designed to educate the general public on a popular and brutal form of harassment against women, *Gendertrolling: How Misogyny Went Viral* provides key insight into this Internet phenomenon. The book not only differentiates this violent form of trolling from others but also discusses the legal parameters surrounding the issue such as privacy, anonymity and free speech online as well as offering legal and policy recommendations for improving the climate for women online. The analysis of social media and legal aspects of the book make it highly suitable as a reliable

source to many modern classes Additionally increased awareness among the general and scholarly public of the phenomenon of gendertrolling would help galvanize widespread support for laws policies new online content provider protocols and positive social pressure
