Everything* Tom Barnaba, 2018-04-11 It is an understatement to say that women are real people with true and great abilities just like men yet it does seem like forever that we have been debating the rights of women and how they match up against the rights of men By every reckoning there is no blockage to the total equality of women to men yet again there it is In spite of everything that has been accomplished there still exists somewhat of a prejudice In spite of this prejudice young women need to know about those great sometimes not too well known women who have pushed and prodded and fought like crazy to get today's women to a spot that would have been unheard of only a relatively short time ago women who deserve the highest praise and placed in the highest echelons of respect and honor And even in politics women have been able to bring more choices for the voters with more women being elected as mayors to county and state legislatures executive offices congress and beyond And despite the hectic pace and all the infighting there have been far fewer who have been forced to resign because of incompetence or criminality Many of the women discussed in these pages could have been even more useful and helpful had they not had faced that word tradition Elizabeth Cady Stanton and Susan B Anthony were some team Their organizational

skills and tireless efforts could not have been met with failure It goes back to Stanton calling a womens rights convention in Seneca Falls New York in 1848 Someday we will truly be a land of equality practicing what it preaches and the women will get us there Hopefully this book will encourage young women of today to keep up the good fight *Global Milton and Visual Art* Angelica Duran, Mario Murgia, 2021-03-18 *Global Milton and Visual Art* showcases the aesthetic appropriation and reinterpretation of the works and legend of the early modern English poet and politician John Milton in diverse eras regions and media book illustrations cinema digital reworkings monuments painting sculpture shieldry and stained glass It innovates an inclusive approach to Milton s literary art especially his masterpiece *Paradise Lost* in global contemporary aesthetics via intertextual and interdisciplinary relations The fifteen purposefully brief chapters 103 illustrations and 64 supplemental web images reflect the great richness of the topics and the diverse experiences and expertise of the contributors Part I Panoramas provides overviews and key contexts Part II Cameos offers different perspectives of the varied afterlives of the most widely circulating illustrations of *Paradise Lost* those by Gustave Doré Part III Textual Close ups focuses on a rich variety of book illustrations from centuries old elite engravings to a twenty first century graphic novel and Part IV A Prospect beyond Books explores visual media outside of books that manifest powerful connections direct and indirect with Milton s works and legend
