Elizabethans Errant Sir Thomas Sherley:

Elizabethans Errant David W. Davies, 1967-01-01 Elizabethans errant. The strange fortunes of Sir Thomas Sherley and his three sons [i.e. Sir Robert, Sir Anthony and Sir Thomas Sherley] as well in the Dutch Wars as in Muscovy, Morocco, Persia, Spain, and the Indies. [With plates, including portraits.]. David William DAVIES, 1967 **A Biographical**

Encyclopedia of Early Modern Englishwomen Carole Levin, Anna Riehl Bertolet, Jo Eldridge Carney, 2016-11-03 From the exemplary to the notorious to the obscure this comprehensive and innovative encyclopedia showcases the worthy women of early modern England Poets princesses or pirates the women found in these pages are indeed worth knowing and this volume will introduce many female figures to even the most established scholars in the field The book is well illustrated and liberally sprinkled with quotations either by or about the women in the text Women and Islam in Early Modern English Literature

Bernadette Andrea, 2008-01-17 In this innovative study Bernadette Andrea focuses on the contributions of women and their writings in the early modern cultural encounters between England and the Islamic world She examines previously neglected material such as the diplomatic correspondence between Queen Elizabeth I and the Ottoman Queen Mother Safiye at the end of the sixteenth century and resituates canonical accounts including Lady Mary Wortley Montagu's travelogue of the Ottoman empire at the beginning of the eighteenth century Her study advances our understanding of how women negotiated conflicting discourses of gender orientalism and imperialism at a time when the Ottoman empire was hugely powerful and England was still a marginal nation with limited global influence This book is a significant contribution to critical and theoretical debates in literary and cultural postcolonial women's and Middle Eastern studies Persia in Early Modern

English Drama, 1530-1699 Chloë Houston, 2023-05-01 This book is a study of the representation of the Persian empire in English drama across the early modern period from the 1530s to the 1690s The wide focus of this book encompassing thirteen dramatic entertainments both canonical and little known allow it to trace the changes and developments in the dramatic use of Persia and its people across one and a half centuries It explores what Persia signified to English playwrights and audiences in this period the ideas and associations conjured up by mention of Persia and where information about Persia came from It also considers how ideas about Persia changed with the development of global travel and trade as English people came into people with Persians for the first time In addressing these issues this book provides an examination not only of the representation of Persia in dramatic material but of the broader relationship between travel politics and the theatre in early modern England **Travel Narratives, the New Science, and Literary Discourse, 1569-1750** Judy A.

Hayden, 2016-03-03 The focus of this volume is the intersection and the cross fertilization between the travel narrative literary discourse and the New Philosophy in the early modern to early eighteenth century historical periods Contributors examine how in an historical era which realized an emphasis on nation and during a time when exploration was laying the foundation for empire science and the literary discourse of the travel narrative become intrinsically linked Together the

essays in this collection point out the way in which travel narratives reflect the anxiety from changes brought about through the discoveries of the new knowledge and the way this knowledge in turn provided a new and more complex understanding of the expanding world in which the writers lived The worlds in this text are many for no world is monomial from the antipodes to the New World from the heavens to the seas and from fictional worlds to the world which contains and or constructs one s nation and empire All of these essays demonstrate the manner in which the New Philosophy dramatically changed literary discourse

A Blessed Shore Alfred Thomas,2007 Thomas shows that the relationship between the two cultures was never a straightforward one but a mirror like formation in which each saw the other through the distorted and subjective effect of its own reflection

BOOK JACKET **The Sultan and the Queen** Jerry Brotton,2017-09-05 The fascinating story of Queen Elizabeth s secret outreach to the Muslim world which set England on the path to empire by The New York Times bestselling author of *A History of the World in Twelve Maps* We think of England as a great power whose empire once stretched from India to the Americas but when Elizabeth Tudor was crowned Queen it was just a tiny and rebellious Protestant island on the fringes of Europe confronting the combined power of the papacy and of Catholic Spain Broke and under siege the young queen sought to build new alliances with the great powers of the Muslim world She sent an emissary to the Shah of Iran wooed the king of Morocco and entered into an unprecedented alliance with the Ottoman Sultan Murad III with whom she shared a lively correspondence The Sultan and the Queen tells the riveting and largely unknown story of the traders and adventurers who first went East to seek their fortunes and reveals how Elizabeth s fruitful alignment with the Islamic world financed by England s first joint stock companies paved the way for its transformation into a global commercial empire

Conversions Simon Ditchfield,Helen Smith,2017-01-06 Conversions is the first collection to explicitly address the intersections between sexed identity and religious change in the two centuries following the Reformation Chapters deal with topics as diverse as convent architecture and missionary enterprise the replicability of print and the representation of race Bringing together leading scholars of literature history and art history Conversions offers new insights into the varied experiences of and responses to conversion across and beyond Europe A lively Afterword by Professor Matthew Dimmock University of Sussex drives home the contemporary urgency of these themes and the lasting legacies of the Reformations

Conflicting Claims to East India Company Wealth, 1600-1650 Julia Schleck,2025-10-01 Centered on moral critiques of wealth and the unequal distribution of risks and rewards in the lengthy voyages required by the East Indies trade this book examines the debates surrounding England s earliest global trading ventures Arguments over the staggering loss of lives and national resources and struggles over control of the new trade in luxuries reveal the forging of rationales justifying the new capitalist inequalities Yet Company servants traveling abroad to conduct the risky trade resisted this newly coalescing social formation through strategic disobedience to their masters will controlling information and promoting ignorance when it served their financial and sexual purposes

Conflicting Claims to East India Company Wealth 1600 1650

interrogates the forces that shaped England's earliest forays into capitalist imperialism by tracing the battles over corporate control of men's finances, marriages and bare survival at the dawn of its global trade **Amazons, Savages, and Machiavels** Matthew Dimmock, Andrew Hadfield, 2022-06-02 A broad based and accessible anthology of travel and colonial writing in the English Renaissance selected to represent the world picture of sixteenth and seventeenth century readers in England. It includes not just the narratives of discovery of the New World but also accounts of cultures already well known through trade links such as Turkey and the Moluccan islands and of places that featured just as significantly in the early modern English imagination from Ireland to Russia and the Far East from Calais to India and Africa from France and Italy to the West Indies. The writings reveal painstaking attempts to understand the other as well as ignorance and prejudice, surprising connections alongside phobic reactions to difference, the desire to co-operate alongside the desire to extinguish and exploit. The second edition of *Amazons, Savages, and Machiavels* is significantly revised and expanded twenty years after the first edition helped to establish the field of travel and colonial writing in English. The anthology includes substantial new chapters of extracts on The North detailing the important Arctic voyages and search for the elusive North West Passage, Islamic West Asia and the Eastern Mediterranean includes new material on Persia, Russia and Jerusalem. England from Elsewhere includes observations of England and the English from European travellers and the epilogue on women travellers explores the importance in particular of Lady Catherine Whetenhall's journey to Italy recorded after her early death. The chapter on Africa includes new material on the Congo, Gambia and Sierra Leone and the chapter on East Asia and the South Seas contains new material on China and Japan. There are new images of West African figures and Sir Anthony and Lady Shirley in Persian courtly attire. The introduction has been carefully revised to take into account the wealth of scholarship on English perceptions of Asia and the Mediterranean and the analysis of race and racial identity has been expanded in line with contemporary concerns. Headnotes and notes have been revised and expanded throughout the text. The anthology is the most comprehensive single volume available in English and with its newly modernized text and reader friendly apparatus is designed to appeal to the general as well as the specialist reader. It is essential reading for anyone interested in the history of travel, colonial writing and racial politics at the time of the first British Empire Early Modern England and Islamic Worlds L. McJannet, Bernadette Andrea, 2011-08-29 The essays in this book analyze a range of genres and considers geographical areas beyond the Ottoman Empire to deepen our post Saidian understanding of the complexity of real and imagined traffic between England and the Islamic worlds it encountered and constructed The Culture of Piracy, 1580-1630 Claire Jowitt, 2016-12-05 Listening to what she terms unruly pirate voices in early modern English literature in this study Claire Jowitt offers an original and compelling analysis of the cultural meanings of piracy. By examining the often marginal figure of the pirate and also the sometimes hard to distinguish privateer Jowitt shows how flexibly these figures served to comment on English nationalism, international relations and contemporary politics. She considers the ways in which piracy can sometimes

in surprising and resourceful ways overlap and connect with rather than simply challenge some of the foundations underpinning Renaissance orthodoxies absolutism patriarchy hierarchy of birth and the superiority of Europeans and the Christian religion over other peoples and belief systems Jowitt's discussion ranges over a variety of generic forms including public drama broadsheets and ballads prose romance travel writing and poetry from the fifty year period stretching across the reigns of three English monarchs Elizabeth Tudor and James and Charles Stuart Among the early modern writers whose works are analyzed are Heywood Hakluyt Shakespeare Sidney and Wroth and among the multifaceted historical figures discussed are Francis Drake John Ward Henry Mainwaring Purser and Clinton What she calls the semantics of piracy introduces a rich symbolic vein in which these figures operating across different cultural registers and appealing to audiences in multiple ways represent and reflect many changing discourses political and artistic in early modern England The first book length study to look at the cultural impact of Renaissance piracy *The Culture of Piracy 1580-1630* underlines how the figure of the Renaissance pirate was not only sensational but also culturally significant Despite its transgressive nature piracy also comes to be seen as one of the key mechanisms which served to connect peoples and regions during this period *Pirates, Traitors, and Apostates* Laurie Ellinghausen, 2018-01-01 This study examines representations of English renegades defined as commoners who consciously adopt outsider status for the sake of personal gain in early modern poetry prose and drama

Dramatic Geography Laurence Publicover, 2017 Focusing on early modern plays which stage encounters between peoples of different cultures the volume explores the ways in which early modern plays stage dramatic geography and how this has shaped literary and theatrical heritage *The Society of Jesus in Ireland, Scotland, and England, 1598-1606* Thomas M. McCoog, S.J., 2017-05-15 In 1598 Jesuit missions in Ireland Scotland and England were either suspended undermanned or under attack With the Elizabethan government's collusion secular clerics hostile to Robert Persons and his tactics campaigned in Rome for the Society's removal from the administration of continental English seminaries and from the mission itself Continental Jesuits alarmed by the English mission's idiosyncratic status within the Society sought to restrict the mission's privileges and curb its independence Meanwhile the succession of Queen Elizabeth I the subject that dared not speak its name had become a more pressing concern One candidate King James VI of Scotland courted Catholic support with promises of conversion His peaceful accession in 1603 raised expectations but as the royal promises went unfulfilled anger replaced hope

Early Modern Encounters with the Islamic East Sabine Schülting, Sabine Lucia Müller, Ralf Hertel, 2016-04-29 An exploration of early modern encounters between Christian Europe and the Islamic East from the perspective of performance studies and performativity theories this collection focuses on the ways in which these cultural contacts were acted out on the real and metaphorical stages of theatre literature music diplomacy and travel The volume responds to the theatricalization of early modern politics to contemporary anxieties about the tension between religious performance and belief to the circulation of material objects in intercultural relations and the

eminent role of theatre and drama for the re imagination and negotiation of cultural difference Contributors examine early modern encounters with and in the East using an innovative combination of literary and cultural theories They stress the contingent nature of these contacts and demonstrate that they can be read as moments of potentiality in which the future of political and economic relations as well as the players cultural religious and gender identities are at stake **Translators, Interpreters, and Cultural Negotiators** F. Federici, D. Tessicini, 2014-11-20 How do translators manage relations with parties in a position of authority and power The book investigates the intellectual social and professional identity of translators and interpreters across different time periods and locations when their role involves a negotiation with political powers and cultural authorities **The Turn of the Soul** Lieke Stelling, Harald Hendrix, Todd Richardson, 2012-01-05 Focusing on conversion as one of early modern Europe s most pressing issues the present book offers a comprehensive reading of artistic and literary ways in which spiritual transformations and exchanges of religious identities were given meaning **British Travellers in Holland During the Stuart Period** C. D. Van Strien, 1993 The book discusses the form and contents of seventeenth and early eighteenth century travel journals and correspondence together with other aspects of tourism such as transport accommodation and sightseeing It contains annotated texts by Edward Browne and John Locke written while on tour in Holland
