Gender Play Barrie Thorne,2024-09-13 When it first appeared in 1993 Barrie Thorne s *Gender Play* Girls and Boys in School became an instant classic in the budding fields of feminist sociology and childhood studies Through detailed first hand observations of fourth and fifth graders at play she investigated questions like Why do girls and boys tend to self segregate in the schoolyard What can playful teasing and ritualized games like cooties and chase and kiss teach us about how children perform gendered identities And how do children articulate their own conceptions of gender distinct from those proscribed by the adult world A detailed and perceptive ethnography told with compassion and humor *Gender Play* immerses readers in the everyday lives of a group of working class children to examine the social interactions that shape their gender identities This new Rutgers Classic edition of *Gender Play* contains an introduction from leading sociologists of gender Michael A

Messner and Raewyn Connell that places Thorne's innovative research in historical context. It also includes a new afterword by one of Thorne's own students, acclaimed sociologist C. J. Pascoe, reflecting on both the lasting influence of Thorne's work and the ways that American children's understandings of gender have shifted in the past thirty years. *The Classical Hollywood Cinema* David Bordwell, Janet Staiger, Kristin Thompson, 2003-09-02. A dense, challenging, and important book. Philip French, Observer. At the very least, this blockbuster is probably the best single volume history of Hollywood we're likely to get for a very long time. Paul Kerr, City Limits. Persuasively argued, the book is also packed with facts, figures, and photographs. Nigel Andrews, Financial Times. Acclaimed for their breakthrough approach, Bordwell, Staiger, and Thompson analyze the basic conditions of American film making as a historical institution and consider to what extent Hollywood film production constitutes a systematic enterprise in both its style and its business operations. Despite differences of director, genre, or studio, most Hollywood films operate within a set of shared assumptions about how a film should look and sound. Such assumptions are neither natural nor inevitable, but because classical style films have been the type most widely seen, they have come to be accepted as the norm of film making and viewing. The authors show how these classical conventions were formulated and standardized and how they responded to the arrival of sound, colour, widescreen ratios, and stereophonic sound. They argue that each new technological development has served a function within an existing narrational system. The authors also examine how the Hollywood cinema standardized the film making process itself. They describe how, over the course of its history, Hollywood developed distinct modes of production in a constant search for maximum efficiency, predictability, and novelty. Set apart by its combination of theoretical analysis and empirical evidence, this book is the standard work on the classical Hollywood cinema style of film making from the silent era to the 1960s. Now available in paperback, it is a must for film students, lecturers, and all those seriously interested in the development of the film industry.

The Summer I Found Myself Colleen French, 2021-05-25. In Colleen French's heartfelt summer read, a Delaware oceanside cottage is the perfect setting for a season of surprising lessons about how much there is to gain when you finally let go. In the last two years, English professor Ellen Tolliver has weathered heartache with grace, including an unwelcome divorce and losing her parents. In her more honest moments, Ellen might admit that she's sick of loss. She longs to stretch and grow to truly fill her days. Maybe this year she'll have something to recount in her Christmas letter other than her son's travel adventures. Maybe she'll be too busy to even write a Christmas letter. On impulse, Ellen invites her ailing best friend Lara to spend the summer with her at the Delaware beach house she inherited from her parents. Lara can relax on the big front porch after chemo while Ellen readies the house for sale. But Lara has plans too; she'd like to help Ellen discover who she is or, better yet, who she can still become. At Lara's urging, Ellen joins a local writer's group, tries online dating, and mingles with the new friends Lara brings home from her support group. She forgoes white wine won't stain if you spill it for red and eats French fries for breakfast. She even flirts with the local bookstore owner, a handsome, sun-kissed younger man. And as she

embraces the freedom that comes with breaking her own rules she wonders if it is not just her past that lies in this beloved quirky town but her future too **The Oxford Companion to Children's Literature** Daniel Hahn, Michael Morpurgo, 2015
