Leary,2006-08-24 Interpersonal rejection ranks among the most potent and distressing events that people experience Romantic rejection ostracism stigmatization job termination and other kinds of rejects have the power to compromise the quality of people s lives As a result people are highly motivated to avoid social rejection and indeed much of human behavior appears to be designed to avoid such experiences Yet despite the widespread effects of real anticipated and even imagined rejections psychologists have devoted only passing attention to the topic and the research on rejection has been scattered throughout a number of psychological subspecialties including social clinical developmental and personality psychology This volume brings together contributors whose work is on the cutting edge of rejection research providing a readable overview of recent advances in the field In doing so it not only provides a look at the current state of the area but also helps to establish the topic of rejection as an identifiable area for future research *A Busy Year at the Old Squire's* C. A. Stephens,2022-09-04 In *A Busy Year at the Old Squire's* C A Stephens captures the essence of rural life through the eyes of a vibrant cast of characters residing on a quaint New England farm This delightful narrative unfolds over the course of a year weaving together the joys challenges and everyday occurrences that mark the passage of time in a small community Stephens engaging prose combines elements of realism and gentle humor offering readers a vivid portrayal of the natural cycles of farming life and the interconnections between individuals within a tight knit society The book also reflects the regionalist literary movement of the late 19th century which sought to depict local color traditions and dialects creating a richly textured backdrop for the unfolding stories C A Stephens an American author born in 1844 grew up in rural Maine and spent much of his life in intimate contact with the very lifestyle he depicts in his writing His experiences as a farmer and mentor undoubtedly influenced his portrayal of agrarian life infusing his characters with
