Elton John The Big Picture Tour:

Rocket Man Mark Bego, 2020-01-07 The colorful and kaleidoscopic life of one of the world's most original and talented musical artists. Here's the book every pop music lover has been waiting for full of the scandals, addictions, affairs, and tantrums that underscored the life of arguably the world's greatest pop musician. Flamboyant, iconic, Elton John is as much part of the American musical landscape as he is in his native England. In the 1970s, when popular music on both sides of the Atlantic fragmented into disco, soul, hard rock, pop, and folk, Elton John embraced them all with his signature creative panache. Emerging in the late 1960s as a singer-songwriter, Elton was widely acknowledged as the most prolific pop and rock star of the decade by the mid-1970s. His peerless musical style and ability to jump from sensitive ballads to bawdy rock anthems to campy pop have made him a musical superstar for the ages. From his heartfelt ballads like "Tiny Dancer" and "Your Song" to his rock roll hits including "Benny and the Jets" and "Crocodile Rock," Elton has lived one of the most outrageous and colorful lives in show business. Having met the *Rocket Man* the first time in the 1980s, Bego has drawn upon his personal observations, vast research, and has been able to interview dozens of Elton's collaborators and lifelong friends to produce the ultimate story on the amazing and larger-than-life Elton John. *The Art of Classic Rock* Paul Grushkin, Rob Roth, 2009 For forty years, Rob Roth has collected rare examples of rock tour posters, advertising posters, rock memorabilia, original artwork, and items of merchandise. His spectacular collection is so vast that it has never all been put on public display, but when visitors to his spacious New York loft apartment, like Elton John and Alice Cooper, caught a glimpse of some of the material Rob has collected over the years, they were amazed and urged him to let rock fans see the dazzling array of artefacts from the 70s and 80s. For many, the images lovingly catalogued in the pages of this book will evoke nostalgic memories of the blazing lights, drifting smoke, and all-pervading audio power of the rock concerts of their youth. It is also, however, a lavishly produced presentation of some of the most vivid and exciting artwork from the rock world, featuring bands such as The Rolling Stones, Queen, Pink Floyd, The Who, Led Zeppelin, and every other major rock act of the era. Each section of the book features a particular band, covering different tours and different albums, to show how design and graphic styles changed and to provide an overview of rock history from the period. An introduction to the section puts the images in context, outlining the stage the bands and acts had reached in their development and discussing the art and artists. Each piece that is portrayed carries a caption describing exactly what it is, while items with a particular story to tell are accompanied by longer, more detailed texts.

The Elton John Scrapbook Mary Anne Cassata, 2002 The book Elton's fiercely loyal followers have been craving: a guide that explores every nook and cranny of the legendary rock musician's extraordinary career. Included are biographical background, anecdotes, critical commentary, lists, pop quizzes, trivia, quotes, and more.
