Beyond the formulaic plotlines and the increasingly weaker songs, however, the films are rich with resonance to the changing times in which they were produced, roughly 1955-1970. They were also a means by which Elvis communicated deeply felt autobiographical material to his fan base, although in the guise of lighthearted escapist fare. This work takes a new stand, maintaining that Elvis's 31 Hollywood features and two documentaries reveal a profound statement from the star and auteur. Analyzing each film in detail and exploring the body of work as a whole, Brode reveals the Elvis persona as a contemporary Candide attempting to navigate an ever-changing social and political landscape. **Term Paper Resource Guide to Twentieth-Century United States**
