American Life and Music from Elvis Presley to Lady Gaga Mark Mussari, 2013-08-01 Series consultant and author Mark Mussari takes readers on a journey from the beginnings of rock and roll and the nascent youth culture of the 1950s and 1960s through the materialistic years of the 1980s into the still being defined early twenty first century. In this fascinating book this record of the ever changing world of American culture is highlighted with a fabulous variety of photographs from the last six decades Legends of Music Charles River Editors, 2013-09-12 Includes a suggested playlist of the King s greatest songs Includes pictures of Elvis and important people places and events in his life Discusses some of Elvis s most famous encounters with celebrities like Ann Margret and The Beatles Includes a bibliography for further reading When I first heard Elvis voice I just knew I wasn t going to work for anybody and nobody was going to be my boss Hearing him for the first time was like busting out of jail Bob Dylan Born in Mississippi a young kid named Elvis Presley came to Memphis as a teenager and changed music forever Fusing country and rhythm and blues with rock Elvis brought traditional African American sounds to the forefront of music in the 1950s but he did so as a handsome white man before the height of the Civil Rights Movement On top of that his famous stage fright led to the hip gyrations that would make him the envy of young girls and the scorn of their parents What followed was rock music s perfect storm Managed by Colonel Tom Parker Elvis became the biggest music act in the world producing about holiday classics love ballads and up tempo rock songs that all hit the top of the charts in the late 50s Elvis merged the quintessential rock star looks with success scoring nearly 20 1 singles With live

broadcasts on TV appearances and movie roles Elvis became a pop culture fixture and a music icon that made even The Beatles giddily nervous to meet him Given the unprecedented success of his musical career the last decade of Elvis s life is a tragic tale of substance abuse controversy and an inevitable slide down from the top as new music acts started to eclipse him Despite all that however Elvis sudden death like his meteoric rise to fame shook the world when he was found dead in his bathroom in 1977 at just 42 years old Fittingly Elvis has been just as big in death as he ever was in life His fame never waned and in 1982 portions of Graceland were opened to the public and it quickly became the third most visited home in the United States behind the White House and Biltmore Elvis had a fervent following during his life but it morphed into something borderline religious following his death His fans who remain tirelessly devoted decades after his passing make pilgrimages to Graceland treating it like a shrine Legends of Music The Life and Legacy of Elvis Presley chronicles the amazing story of how a humble kid became The King while also analyzing the legacy of the most successful solo music performer in history Along with a suggested playlist and pictures of important people places and events in his life you will learn about Elvis like you never have before in no time at all The Biography Book Daniel S.
