Parker,2022-05-02 Elvis Presley s clever manipulation of his numerous interests remains one of the music world s great marvels His synthesis of country rhythm blues and gospel resulted in an inventive mixture of hair raising rock roll and balladry This book focuses on the music of Presley s groundbreaking early years and includes a comprehensive analysis of every Presley recording session from the 1950s Chapters show how Presley with one foot in delta mud and the other in a country hoedown teamed with Scotty Moore and Bill Black to fuse two distinctly American musical forms country and blues to form what would come to be known as rockabilly Also detailed is Presley s influence on music and how his contributions are still celebrated today *African Freedom* Phyllis Taoua,2018-07-26 The push for independence in African nations was ultimately an incomplete process with the people often left to wrestle with a partial imperfect legacy Rather than settle for liberation in name alone the people engaged in an ongoing struggle for meaningful freedom Phyllis Taoua shows how the idea of freedom in Africa today evolved from this complex history With a pan African interdisciplinary approach she synthesizes the most significant issues into a clear compelling narrative Tracing the evolution of a conversation about freedom since the 1960s she defines three types and shows how they are interdependent Taoua investigates their importance in key areas of narrative interest the intimate self gender identity the nation global capital and the spiritual realm Allowing us to hear the voices of African artists and activists this compelling study makes sense of their struggle and the broad importance of the idea of freedom in contemporary African culture

My Elvis Blackout Simon Crump,2012-12-26 This is one of the most abnormal books of all time and also one of the best No home is complete without this magnificent book Dan Rhodes Join the King of Rock and Roll as he wreaks crazy havoc with the Memphis Mafia murders huge numbers of groupies destroys televisions sabotages Led Zeppelin gigs with great big bags of pigs blood and somehow also breaks your heart The best book you have never read but really must Praise for my Elvis Blackout Like an episode of South Park where just as you get into the story something goes splat Crump s contorted imagination is alarmingly enjoyable The Guardian If I was born with a name like Simon Crump I would spend the rest of my life trying to get all that anger and resentment out of me by being very rude about other people It doesn t bother me in the slightest Sticks and stones can break my bones but words can never hurt me Or something like that No I wouldn t even give this a passing thought When you are a famous person you are there you are up for grabs for people to have a go at I know there are comedians who make fun of me But you know I look at my beautiful family I look at the house I live in and I look at my fans all over the world and I look at my career and I think well it s all based on jealousy and envy and really I don t give a toss Chris De Burgh This ebook edition comes with a brand new introduction by Jon McGregor and a postscript by the author It also contains the complete text of one of the best book s written in the past twenty years First published in 2000 but shamefully overlooked ever since My Elvis Blackout is a work of genius Of particularly twisted and unsettling genius but genius all the same A book so strange sick and strange again that you ll often wonder what on earth you re reading But as you wonder you ll also marvel In these 37 short stories the King of

Rock and Roll hero and model to teenagers the world over joins a choir in order to torture and murder Christians labours under the delusion that he is a major rock star when really he is just an inmate in an asylum who is afraid of potatoes and kills both Barbara Cartland and Chris De Burgh And then he does some bad things too Needless to say it is very funny but My Elvis Blackout is more than just a laugh riot This acerbic take on the cult of Elvis personality tells plenty of uncomfortable truths about our relationship with celebrity while Simon Crump writes with astonishing force and power about mortality human cruelty and the horrors that man inflicts upon his fellow man It is daft But it is also profound And don't think that this is disrespectful to the King either Elvis remains a strangely sympathetic albeit psychotic character throughout It is one of the best tributes to his unique genius you can hope to read Just don't buy it if you're a Chris De Burgh fan **The Horn Book Guide to Children's and Young Adult Books** ,1997 **Elvis: My Best Man** George Klein,Chuck Crisafulli,2010-01-05
