Beeny,2005 Having done radio shows for over thirty years it is my job to know what goes on around me When I heard that one of the big stations from St Louis was coming to Wright City in 1992 I couldn t help but be curious I showed up and my life changed forever Up to this point I never considered whether Elvis was alive or dead Bill Beeny convinced me that Elvis Presley was very much alive I took an instant liking to Beeny He didn t rant or rave He just made his points by presenting his evidence with respectful conviction Now I know that Elvis faked his death and that he is still alive After reading this book you will draw the same conclusions Buffalo Jody [American Book Publishing Record](#) ,2003 **Weekly World News**

alive today is from various things presented by various means in this book so keep an open mind and heart but it is not necessarily the gospel truth but is allegedly true by circumstances or by those that knew him before and mostly after his alleged death I am not responsible as a person or as an enterprise regarding whether the statements are actually true or not I have done the very best I can to present the words that seem to be factual pertaining to his life and the possibility of him being alive today I cannot be responsible for Elvis words or people that were in Elvis life for over time words become somewhat changed but hopefully the words are accurate for most of the words should be Here is a word from Albert Einstein To dismiss something without an investigation of the proposed evidence is the height of ignorance Truth may seem stranger than fiction However truth is simply the real deal in the beholder s eyes Elvis is Alive Xaviant Haze,2014-11-19 Oh Elvis where art thou Living on the Moon Witness Protection Kalamazoo For more than 35 years Elvis lovers have been asking themselves this question desperately wanting to believe their musical hero is still alive Seeking to finally put the matter to rest Xaviant Haze blows the Elvis conspiracies vault wide open with the first book dedicated solely to the mysteries surrounding the King of Rock n Roll While giving an accurate and concise history of the King s life he also illustrates how Elvis s talent was seized and controlled by the darker forces within the entertainment industry The rise of an artist to celebrity status his work while a mind control victim and his or her ultimate self destruction has become an all too familiar story in pop culture so frequently seen it can hardly be considered a coincidence But Elvis was no manufactured Disney creation he was a true one of a kind talent rising from epic poverty to become one of the most iconic entertainers the world has ever seen His was a tale of screaming fans groundbreaking music untold riches dizzying fame and a spectacular free fall into obliteration It was also a tale of UFO encounters zany fake funerals studies in metaphysics numerology occult theology and a strange connection with Michael Jackson An infamous pill addiction led the King to an early death and in the aftermath a pop culture phenomenon was born enabling Elvis to sustain a famous afterlife thanks to over three decades of conspiracy theories It s time to reexamine these theories and put to rest once and for all the notion that Elvis could have faked his own death If we can This is a must read for Elvis fans and conspiracy theorists alike The book includes the complete comic strip Elvis Presley His Story in Pictures written by Angus Allan and illustrated by Arthur Ranson First published in Look in magazine this marks the first time the strip has been republished in its entirety since 1982 and the first time it has ever been available outside of the United Kingdom **Elvis Presley Findings** Karen E. Alderson,2012-04-30 This is the reason why I wrote this script about Elvis I grew up with his music and loved it But what I so admired about him was the way he never gave up He was so determined he would become famous and look after his parents When I became older I wanted to know why he seemed so unhappy never content He seemed to be always looking for something which I can relate to How I seem to know this is because the way he acted and the body language So when they reckon he died things did not seem to add up So many things started to come to light Even I could tell by just looking at the body in the coffin was not Elvis Why were people

coming out with so many different stories about the night he died For example no one could get the colour of his PJs correct You would also know if someone had not came to bed all night I know I would know if I was alone for more then a few hours and why not accept the American flag He strongly believes in his country That is why I had to look more into it So many fans have been hurt why he would do this When he cared so much about the people Did Colonel Parker have something to do with this After all he is worth more dead than alive He was wealthy so he could just disappear And even if he was sick he could afford the best Medical help he needed Why did they not do a DNA if he is really dead because Lisa would know that is the one thing that can prove he is really dead Would you not do a DNA test just so everyone would get of your back and so you can have a quite life I know I would owe it to his fans just so he could rest in peace Hoping this book would spark of more questions Looking for answers
