Index on Censorship the international magazine for freedom of expression was founded in 1972 in response to appeals to the West from writers scientists and scholars in Eastern Europe against the injustice of show trials of dissident writers such as Yuri Daniel and Andrei Sinyavsky An appeal for support published in The Times from Russian writer Pavel Litvinov led to a telegram from a group of friends representing no organization who support your statement admire your courage think of you and will help in any way possible **Censorship of Literature in Post-Revolutionary Iran** Alireza Abiz, 2020-12-10
Censorship pervades all aspects of political social and cultural life in the Islamic Republic of Iran Faced with strict state control of cultural output Iranian authors and writers have had to adapt their work to avoid falling foul of the censors In this pioneering study Alireza Abiz offers an in depth interdisciplinary analysis of how censorship and the political order of Iran have influenced contemporary Persian literature both in terms of content and tone As censorship is unrecorded and not officially acknowledged in Iran the author has examined newspaper records and conducted first hand interviews with Iranian poets and writers looking into the ways in which poets and writers attempt to subvert the codes of censorship by using symbolism and figurative language to hide their more controversial messages A ground breaking analysis this book will be vital reading for anyone interested in contemporary cultural politics and literature in Iran *Embarrassment of Tyrannies* 25 Years of Index On Censorship W L Webb, Rose Bell, 1998 Collected here are sixty two powerful and often terrifying pieces selected from Index on Censorship s twenty five years worth of issues documenting and condemning tyranny The Ideology of Tyranny G. Preparata, 2007-09-14 The book ascribes the late state of paralysis affecting dissent in America to the adoption of a peculiar gospel of divisiveness which was promoted in the Eighties by importing from France the theories of philosopher Michel Foucault The Tyranny of Choice Renata Salecl, 2011-08-04 We are encouraged from all sides to view our lives as being full of choices Like the products on a supermarket shelf our careers our relationships our bodies our very identities seem to be there for the choosing But paradoxically this seeming freedom to choose can create extreme anxiety and feelings of inadequacy and guilt The Tyranny of Choice explores how late capitalism s shrill exhortations to be oneself can be a tyranny which only leads to ever greater disquiet and how insistence on choice being a purely individual matter prevents social change With wisdom humour and sensitivity Renata Salecl examines the complexity of the essential human capacity to choose which has become mired in consumerist ironies *A Gentle Tyranny* Jess Corban, 2021-04-06 2022 Christy Award Finalist What if women unraveled the evils of patriarchy With men safely gentled in a worldwide Liberation the matriarchy of Ned has risen from the ashes Seventeen year old Reina Pierce has never given a thought to the Brutes of old Itching to escape her mother s finca and keeping her training for the Alexia and her forbidden friendship a secret her greatest worry is which Destiny she ll choose on her next birthday But when she s selected as a candidate for the Succession

instead competing to become Ned's ninth Matriarch she discovers their Eden has come at a cost she's not sure she's willing to pay Jess Corban's debut novel presents a new twist to the dystopian genre delivering heart-pounding action thought-provoking revelations and a setting as lush as the jungles of Central America *The Tyranny of Niceness* Evelyn

Sommers, 2005-07-02 The Tyranny of Niceness identifies and confronts our most fundamental social dysfunction niceness

Psychologist Evelyn Sommers identifies and confronts our most fundamental social dysfunction niceness **The Story of a Dark Plot; Or, Tyranny on the Frontier** A.L.O.C., 2019-12-20 In The Story of a Dark Plot Or Tyranny on the Frontier A L O C masterfully weaves a narrative that exposes the intricate and often sinister dynamics of power and oppression in a frontier setting The novel's prose is rich and evocative drawing readers into the rugged landscapes where tyranny manifests in both overt actions and hidden agendas This work stands as a poignant commentary on the moral ambiguities faced by individuals in the pursuit of freedom all set against the backdrop of 19th century expansionism in America a period marked by both opportunity and brutal subjugation A L O C a keen observer of societal structures and an advocate for justice draws upon their experiences and scholarly understanding of colonial history to craft this gripping tale Their deep engagement with themes of tyranny exploitation and resilience emerges from a commitment to illuminate the often overlooked narratives of marginalized voices in history A L O C's unique perspective and dedication to social justice serve not just as inspiration but as a catalyst for compelling storytelling This book is highly recommended for readers interested in historical fiction that delves deep into the human psyche and societal conflicts The vivid storytelling and insightful commentary make it not only an engaging read but also a profound exploration of the cost of tyranny and the fight for autonomy A L O C's work invites reflection and dialogue making it an essential addition to any literary collection *The STORY of a DARK PLOT OR*

TYRANNY ON THE FRONTIER A. L. O. C., 1903 *The Tyranny of Relativism* Richard Hoggart, 2020-02-18 The Tyranny of Relativism is an impassioned attempt by one of England's most distinguished critics to capture the feel of British culture at the end of the twentieth century its moods attitudes and institutions Richard Hoggart presents a double argument suggesting first that cultural dilemmas stem from a long slide towards moral relativism as consumerism rather than authority increasingly determines the texture of life and secondly that despite its claims to the contrary British Conservative governments have exploited these changes to their own ends

The Tyranny of Speed: How to Reclaim Your Time in a Hurried World Sandy Clarke, Eugene Tee, 2025-09-12 The Tyranny of Speed How to Reclaim Your Time in a Hurried World draws on psychological research mindfulness and personal experience encouraging readers to reconsider the societal narratives around productivity and redefining our relationship with the prevailing culture of immediacy and perpetual busyness At its heart The Tyranny of Speed invites us to step off the treadmill of relentless striving to savour the beauty in everyday moments and to cultivate a mindful and ultimately more meaningful way of being Through their reflections and insights the authors offer readers valuable strategies to create a life with increased purpose and contentment in an age of

shallow distraction *George Orwell* Susana Onega Jaén,2005 *Rebels against Tyranny* Helena P. Schrader PhD,2020-12-16 Emperor Frederick II called enlightened by historians yet decried as a despot by contemporaries unleashes a civil war that tears the Holy Land apart The heir to an intimidating legacy a woman artist and a boy king are caught up in the game of emperors and popes Set against the backdrop of the Sixth Crusade *Rebels against Tyranny* takes you from the harems of Sicily to the Holy Sepulcher in Jerusalem from the palaces of privilege to the dungeons of despair This is a timeless tale of youthful audacity taking on tyranny but sometimes courage is not enough *Tyranny, Taboo, and the Ten Commandments* Hilton J. Bik,2008-11-24 The Hebrew Bible is arguably the most influential work of all time the most prized and most studied literary possession of Western civilization Yet its message remains enigmatic obscured by the cryptic nature of its archaic vocabulary Using the Ten Commandments as an illustrative portal Hilton Bik explains how the West fundamentally misunderstands the Holy Word emanating from the East Drawing upon an illustrious array of contemporary scholarship he demonstrates how traditional biblical commentary is chronically jeopardized by entrenched presuppositions that preclude an accurate interpretation of the exotic narrative This unbiased historically based analysis of the ancient manuscript yields some startling discoveries insights that test the very foundational ideas of both Judaism and Christianity and question the commonly accepted nexus between the Decalogue and civil society *The Tyranny of Nations* Palak Patel,2021-05-24 The Tyranny of Nations places the ground shaking political and economic events of modern times in context Palak Patel draws on his experience investing in government bond markets to demonstrate how the present fits a specific historical pattern that has defined the past 500 years Modern day trade liberalization and financial expansion all share distinct parallels with similar events in the 1600s and 1800s Likewise China s economic trajectory matches that of 19th century Prussia and 17th century France And a certain British Prime Minister foreshadowing Donald Trump s populism 150 years later launched a similar attack on globalization after the financial crisis of 1866 In *The Tyranny of Nations* there are no isms no capitalism socialism or feudalism but instead only privileged interests vying for power Challenging both the mainstream and its critics Palak Patel shows how an endless cycle of cooperation and conflict between nations drives societal change This unique perspective on the intersection of macroeconomics history and politics offers the reader a compass for navigating the future **Condemn Tyranny** By Wang Hanxu (王汉许),2024-12-20 Sister Wang Hanxu is nothing short of a legend in her own right Her opus a soul cry emerges as a legend within a legend Only a life touched by such remarkable events could produce a work of this magnitude Wang Hanxu a woman from rural China who didn t even finish middle school managed to pen this extraordinary book in America while dragging along a frail body that might succumb at any moment Throughout the book two themes intertwine a loud protest against the world I am human I am human I am human Not a mute beast to be manipulated at will and a heartfelt gratitude towards God It s all grace It s all the Lord s grace This book is certainly not the Bible nor is it a work of sage wisdom but it is the voice of conscience from a woman who has suffered

profound injustice and hardship We should not judge it too harshly More importantly she is a Christian a believer in God and a recipient of Christ s salvation From the beginning to the end of this book Wang Hanxu with the candor typical of Northeastern women admits that she is a sinner a genuine thorough sinner **Distant Tyranny** Regina Grafe,2011-12-19 Spain s development from a premodern society into a modern unified nation state with an integrated economy was painfully slow and varied widely by region Economic historians have long argued that high internal transportation costs limited domestic market integration while at the same time the Castilian capital city of Madrid drew resources from surrounding Spanish regions as it pursued its quest for centralization According to this view powerful Madrid thwarted trade over large geographic distances by destroying an integrated network of manufacturing towns in the Spanish interior Challenging this long held view Regina Grafe argues that decentralization not a strong and powerful Madrid is to blame for Spain s slow march to modernity Through a groundbreaking analysis of the market for bacalao dried and salted codfish that was a transatlantic commodity and staple food during this period Grafe shows how peripheral historic territories and powerful interior towns obstructed Spain s economic development through jurisdictional obstacles to trade which exacerbated already high transport costs She reveals how the early phases of globalization made these regions much more externally focused and how coastal elites that were engaged in trade outside Spain sought to sustain their positions of power in relation to Madrid **Distant Tyranny** offers a needed reassessment of the haphazard and regionally diverse process of state formation and market integration in early modern Spain showing how local and regional agency paradoxically led to legitimate governance but economic backwardness **Tyranny Annihilated** ,1790 Green Tyranny Rupert Darwall,2017-10-03 Climate change was political long before Al Gore first started talking about it In the 1970s the Swedish Social Democrats used global warming to get political support for building a string of nuclear power stations It was the second phase of their war on coal which began with the acid rain scare and the first big UN environment conference in Stockholm in 1969 Acid rain swept all before it America held out for as long as Ronald Reagan was in the White House but capitulated under his successor Like global warming acid rain had the vocal support of the scientific establishment but the consensus science collapsed just as Congress was passing acid rain cap and trade legislation Rather than tell legislators and the nation the truth the EPA attacked a lead scientist and suppressed the federal report showing that the scientific case for action on curbing power station emissions was baseless Ostensibly neutral in the Cold War Sweden had a secret military alliance with Washington A hero of the international Left Sweden s Olof Palme used environmentalism to maintain a precarious balance between East and West Thus Stockholm was the conduit for the KGB inspired nuclear winter scare The bait was taken by Carl Sagan and leading scientists who tried to undermine Ronald Reagan s nuclear strategy and acted as propaganda tools to end the Cold War on Moscow s terms Nuclear energy was to have been the solution to global warming It didn t turn out that way most of all thanks to Germany Instead America and the world are following Germany s lead in embracing wind and solar German obsession with

renewable energy originates deep within its culture Few know today that the Nazis were the first political party to champion wind power Hitler calling wind the energy of the future Post 1945 West Germany appeared normal but anti nuclear protests in the 1970s led to the fusion of extreme Left and Right and the birth of the Greens in 1980 Their rise changed Germany then Europe and now the world Radical environmentalism became mainstream It demands more than the rejection of the abundant hydrocarbon energy that fuels American greatness It requires the suppression of dissent
