Ember From The Sun:

Ember from the Sun Mark Canter,1997 In the blue ice of an arctic cave a scientist has made an extraordinary discovery a woman s body frozen for 25 000 years in a near perfect state with pliant tissues vessels filled with blood and an embryo waiting to be born They called her Ember the child of their heart born to surrogate parents who refused to yield her after birth Raised among the Quanooot Indians Ember is as modern as those around her a young woman struggling with a loneliness and yearning she does not yet understand Stronger than her classmates imbued with the power to heal Ember s soul resounds with the cries and whispers of a time she has never seen and of a people who beckon her home Desperate to unravel the mystery of her birth Ember embarks on a spellbinding journey to find the people who call to her in her dreams Guided by a shaman who has waited for her return pursued by the man of science who brought her to life Ember is drawn to a place where no one else can go where her ancestors the golden skinned people of her dreams wait for her to set them free
