Embracing Y2k:

Proceedings of the International Moving Image Cultures Conference (IMOVICCON 2023) Rista Ihwanny, Salima Hakim, 2024-04-05 This is an open access book The 3rd IMOVICCON aims to celebrate moving images by looking at their past present and future It s necessary to examine the past the present and the future of moving images since the past can be used as a reflection site The present tells how far we ve come and it is even more interesting to see what the future holds for moving image culture Ever since the invention of the Phenakistoscope until the development of the Metaverse moving image culture continued to evolve and became a huge inspiration for various research and publications Its transdisciplinary nature also makes moving images approachable by every methodology available making it possible to be explored and researched by multiple scientific disciplines This conference is an academic space for students lecturers researchers practitioners and moving image enthusiasts to exchange and share academic experiences and disseminate their recent research on all aspects of moving images Submissions can address any aspect but not limited to of the past the present and the future of moving images Embrace the Future R Gopalakrishnan, Hrishi Bhattacharyya, 2024-02-18 ONCE UPON A TIME there was a family whose very name connoted wealth The Vanderbilts had a vast empire built on freight through steamboats and railroads Over a few generations the wealth worth billions in today s money had been frittered away and the business itself faded as new options came up in the freight business Their story remains an enduring example of what happens when business leaders fail to embrace the future and transform BUSINESS TRANSFORMATION is a live subject one that authors R Gopalakrishnan and Hrishi Bhattacharyya have between them a hundred plus years of leading in their companies Their learnings supported by numerous examples make for riveting reading One chief lesson why such transformations succeed or fail has to do with combining the art and science of the change the heart and the mind and getting the balance of the two right In life as in business to effect a transformation one needs a compelling narrative one that inspires the organisation Important too is to see transformation as a continuous endeavour and made a part of work culture rather than to consider it an exercise undertaken only in a crisis Embrace the Future is a major book by two business leaders that will appeal to anyone who has faced change in today s fluid business environment most of us As Gopalakrishnan and Bhattacharyya emphasise companies that fail to adapt are destined to perish One needs to learn from the past manage the present and prepare for the future We must imagine the future we desire and then fold it into the present Proceedings of the 2025 4th International Conference on Science Education and Art Appreciation (SEAA 2025) A. Y. M. Atiquil Islam, Dina M. Elshenawi, Nahed Rajaa Ghlamallah, Bootheina Majoul, 2025-08-31 This is an open access book As a leading role in the global megatrend of scientific innovation China has been creating a more and more open environment for scientific innovation increasing the depth and breadth of academic cooperation and building a community of innovation that benefits all These endeavors have made new contribution to globalization and creating a community of shared future 2025 4th International Conference on Science

Fake Work Leigh Claire La Berge,2025-06-17 In this genre bending memoir Leigh Claire La Berge reflects on her stint at one of the most prestigious management consulting firms in the country and what it teaches us about the absurdity of work for readers of Bullshit Jobs and fans of Office Space and Sorry to Bother You While headlines blazed with doomsaying prophecies about the looming Y2K apocalypse Leigh Claire was quickly introduced to the mysterious workings of The Process a mythical and ever changing corporate ethos The Andersen People her fellow consultants believed held world saving powers Her heroic task printing physical copies of spreadsheets and sending them to a secure storage facility somewhere in the bowels of New Jersey After performing a series of equally mundane tasks one well timed deployment of an anecdote about a legendary quarterback catapulted her into the ranks of middle management It wasn t long before she found herself jet setting on the firm s dime to thirty minute lunch meetings in Johannesburg and giving impromptu lectures to Japanese executives about limiting liability at the end of the world By the end of her brief time as a businessman at a fake firm in a fake industry dedicated to solving a fake crisis Leigh Claire had accumulated a lifetime s worth of lessons about the absurdity of work and the nature of financialized capitalism Fake Work blends memoir with post facto theoretical interjections on the philosophical problems posed by contemporary corporate culture from the inadequacy of poststructuralist inquiry to the alienation of office jobs to tell the story of the techno armageddon that wasn t

Everything Must Go Dorian Lynskey,2025-01-28 A rich captivating and darkly humorous look into the evolution of apocalyptic thought exploring how film and literature interact with developments in science politics and culture and what factors drive our perennial obsession with the end of the world As Dorian Lynskey writes People have been contemplating the end of the world for millennia In this immersive and compelling cultural history Lynskey reveals how religious prophecies of the apocalypse were secularized in the early 19th century by Lord Byron and Mary Shelley in a time

of dramatic social upheaval and temporary climate change inciting a long tradition of visions of the end without gods With a discerning eye and acerbic wit Lynskey examines how various doomsday tropes and predictions in literature art music and film have arisen from contemporary anxieties whether they be comets pandemics world wars the Cuban Missile Crisis Y2K or the climate emergency Far from being grim Lynskey guides readers through a rich array of fascinating stories and surprising facts allowing us to keep company with celebrated works of art and the people who made them from H G Wells Jack London W B Yeats and J G Ballard to The Twilight Zone Dr Strangelove Mad Max and The Terminator Prescient and original Everything Must Go is a brilliant sweeping work of history that provides many astute insights for our times and speaks to our urgent concerns for the future [Army RD & A Bulletin](#) ,1999-07 [How Societies Embrace Information Technology](#) James W. Calling Time Martyn Percy, 2016-10-06 This collection of essays examines responses to the Millennium and whether or not the year 2000 could be claimed as a specifically Christian time It also considers how other religions reacted to the moment and what millennial celebrations reveal about religion in a secular age

Religions of Modernity Stef Aupers, Dick Houtman, 2010 Religions of Modernity challenges the social scientific orthodoxy that once unleashed the modern forces of individualism science and technology inevitably erode the sacred and evoke the profane The book's chapters some by established scholars others by junior researchers document instead in rich empirical detail how modernity relocates the sacred to the deeper layers of the self and the domain of digital technology Rather than destroying the sacred tout court then the cultural logic of modernization spawns its own religious meanings unacknowledged spiritualities and magical enchantments The editors argue in the introductory chapter that the classical theoretical accounts of modernity by Max Weber Emile Durkheim and others already hinted at the future emergence of these religions of modernity
