Electronic Technology Corporate Strategy And World Transformation:

Electronic Technology, Corporate Strategy, and World Transformation Maurice Estabrooks, 1995-05-23 How are the new electronic technologies transforming business here and abroad indeed the entire world economy and what new strategies must business develop to meet the challenges of this transformation Economist writer and communications executive Maurice Estabrooks provides a readable comprehensive survey of how businesses are using microchips computers and telecommunications to reshape the entire world of work its cultures organization and economic systems With insight and impeccable scholarship he provides concrete evidence of the emergence of artificially intelligent cybernetic network based entities that are creating new linkages between businesses markets and technology itself linkages that will profoundly affect the way businesses create and implement their corporate survival and growth strategies in the future Drawing on the work of economic theorist Joseph Schumpeter Estabrooks shows how Schumpeterian dynamics have played a key role in the breakup of AT T and the Bell System and in the deregulation of telecommunications broadcasting banking finance and other economically critical industries What has emerged he maintains is an increasingly integrated global information and software based services economy Optical fibers satellites and wireless communications systems have already made possible the development of electronic superhighways but in doing so they have also initiated a massive redistribution of economic power and wealth throughout the world the implications of which are only now being understood Historical analytical descriptive Estabrooks book will speak not only to academics and others who observe world transformations from relatively theoretical perspectives but also to corporate and other executives whose organizations and certainly their personal work lives will be changed dramatically by the developments he describes in practical day to day situations **America, Technology and Strategic Culture** Brice Harris, 2008-08-21 This book analyses the American way of war within the context of Clausewitzian theory In doing so it draws conclusions about the origins viability and technical feasibility of America s current strategic approach The author argues that the situation in which America has found itself in Iraq is the direct result of a culturally predisposed incli

Surviving Globalism Ted Schrecker, 2016-07-27 Management consultant Kenichi Ohmae describes the new reality of global economic competition as a borderless world What is the future of human values and of environmental quality in such a world The authors whose work is collected in *Surviving Globalism* try to answer these questions from the point of view of sociology social history philosophy geography and political theory Many argue that the gains made over the last few decades in terms of social justice and environmental protection are in grave peril Others take a somewhat more optimistic note but all emphasize the importance of dealing with environmental and social policy against the background of a transforming global economy *Global Business Management* Abel Adekola, Bruno S. Sergi, 2016-04-22 This book interweaves the concepts of the guidance on globalization international management and the intricacies of international business that many books on the market treat independently It clarifies and explains culture cultural misunderstandings and

cross cultural interactions Adekola and Sergi's text is unique in that it offers both the management perspective and the cultural perspective It is for managers seeking to thrive in the global economy This book focuses on managing global organizations providing a basis for understanding the influence of culture on international management and the key roles that international managers play It clearly shows how to develop the cross cultural expertise essential to succeed in a world of rapid and profound economic political and cultural changes
