Official Index to the Times ,1927 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **Lines of Resistance** Adrian Grafe,Jessica Stephens,2014-01-10 Resistance is a key concept for understanding the twentieth and early twenty first centuries and for approaching the poetry of the period This collection of 15 critical essays explores how poetry and resistance interact set against a philosophical historical and cultural background In the light of the upheavals of the age and the changing perception of the nature of language resistance is seen to lie at the core of poetic preoccupations moving poetic language forward From this perspective the resistance of poetry is connected with the human call to solidarity resilience and ultimately meaning The volume covers poetry from Hardy Yeats and Auden among others to contemporary

writers like Hugo Williams and Linton Kwesi Johnson **The Official Index to The Times** ,1915 Poems on Various Subjects. By Henry James Pye .. Henry James Pye,1787 *Ruin and Reformation in Spenser, Shakespeare, and Marvell* Stewart Mottram,2019-02-11 Ruin and Reformation in Spenser Shakespeare and Marvell explores writerly responses to the religious violence of the long reformation in England and Wales spanning over a century of literature and history from the establishment of the national church under Henry VIII 1534 to its disestablishment under Oliver Cromwell 1653 It focuses on representations of ruined churches monasteries and cathedrals in the works of a range of English Protestant writers including Spenser Shakespeare Jonson Herbert Denham and Marvell reading literature alongside episodes in English reformation history from the dissolution of the monasteries and the destruction of church icons and images to the puritan reforms of the 1640s The study departs from previous responses to literature's bare ruined choirs which tend to read writerly ambivalence towards the dissolution of the monasteries as evidence of traditionalist catholic or Laudian nostalgia for the pre reformation church Instead Ruin and Reformation shows how English protestants of all varieties from Laudians to Presbyterians could and did feel ambivalence towards and anxiety about the violence that accompanied the dissolution of the monasteries and other acts of protestant reform The study therefore demonstrates that writerly misgivings about ruin and reformation need not necessarily signal an author's opposition to England's reformation project In so doing Ruin and Reformation makes an important contribution to cross disciplinary debates about the character of English Protestantism in its formative century revealing that doubts about religious destruction were as much a part of the experience of English protestantism as expressions of popular support for iconoclasm in the sixteenth and seventeenth centuries **"Aberdeen Journal" Notes and Queries** ,1911 **Catalogue** Wells, Edgar H. & Co,1923 **Grief and Meter** Sally Connolly,2016-11-09 The elegizing of poets is one of the oldest and most enduring traditions in English poetry Many of the most influential and best known poems in the language such as Milton's Lycidas Shelley's Adonais and Auden's In Memory of W B Yeats are elegies for poets In Grief and Meter Sally Connolly offers the first book to focus on these poems and the role they play as a specific subgenre of elegy establishing a genealogy of poetry that traces the dynamics of influence and inheritance in twentieth and twenty first century poetry She identifies a distinctive and significant Anglo American line of descent that resonates in these poems with British poets often elegizing American ones yet rarely the other way around Further she reveals how these poems function as a means of mediating effecting and tracing transatlantic poetic exchanges The author frames elegies for poets as a chain of commemoration and inheritance each link independent but when seen as part of the golden chain signifying a larger purpose and having a correspondingly greater strength Grief and Meter provides a compelling account of how and why these poems are imbued with such power and significance Waverley novels. Border ed. (Introductory essays and notes by A. Lang). Walter Scott,1893 **John Payne Collier** Arthur Freeman,Janet Ing Freeman,2004-01-01 John Payne Collier 1789 1883 one of the most controversial figures in the history of literary scholarship

pursued a double career A prolific and highly influential writer on the drama poetry and popular prose of Shakespeare's age Collier was at the same time the promulgator of a great body of forgeries and false evidence seriously affecting the text and biography of Shakespeare and many others This monumental two volume work for the first time addresses the whole of Collier's activity systematically sorting out his genuine achievements from his impostures Arthur and Janet Freeman reassess the scholar forger's long life milieu and relations with a large circle of associates and rivals while presenting a chronological bibliography of his extensive publications all fully annotated with regard to their creditability The authors also survey the broader history of literary forgery in Great Britain and consider why so talented a man not only yielded to its temptations but also persisted in it throughout his life Notes and Queries, 1909 The Times Index, 1968 Poetry of the Second World War Tim Kendall, 2024-09-25 The Second World War is now recognized as a watershed for British poetry The changes that arose were masked for some time by the enormous power and shock of the conflict itself and by the restrictions on poetry publishing consequent on paper rationing and the general business of wartime This anthology seeks to showcase not only the harrowingly beautiful poetry born from the conflict but also the radical changes to style and form that came from the epoch and altered the face of British poetry Featuring generous selections of famous poets including Dylan Thomas T S Eliot and W H Auden alongside works by civilians and soldiers the collection offers a symphony of different voices all connected in their shared experience of the Second World War Tim Kendall's introduction charts the history of the war poets reception explaining their relationship with their First World War predecessors and some of the reasons why they have never managed to reach such a wide audience The work of each poet is prefaced with a biographical account which allows poems to be read in their historical context and every poem is annotated with date of composition publication history and a gloss of words and allusions

Gunn Lee Harwood Geoffrey Hill Michael Hofmann Susan Howe Robert Lowell and W B Yeats Poetry and sovereignty Philip Larkin remarked in an interview of 1982 are very primitive things these essays consider the ways in which even seemingly very unprimitive poetries can be seen as reflecting and engaging with issues of national sovereignty and self interest and in the process they pose a series of fascinating questions about the national narratives that currently dominate definitions of the British and American poetic traditions This innovative and exciting new collection will be of great interest to students and scholars of British and American poetry and comparative literature
