Elektra The Complete Saga:

Elektra Frank Miller, 1984 *Stan Lee Presents: Elektra : the Complete Saga* Frank Miller, Klaus Janson, 1984 *Tough Girls* Sherrie A. Inness, 2018-01-09 Tough girls are everywhere these days Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga women strong in both body and mind have become increasingly popular in the films television series advertisements and comic books of recent decades In *Tough Girls* Sherrie A Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s *The Avengers* *Charlie's Angels* and *The Bionic Woman* and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as *The X files* and *Xena Warrior Princess* Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male they also variously undercut women's toughness She argues that even some of the strongest depictions of women have perpetuated women's subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them Also of interest *Madcaps* *Screwballs* and *Con Women* *The Female Trickster in American Culture* Lori Landay **U-X-L Graphic Novelists** Tom Pendergast, Sara Pendergast, 2007 Contains articles that profile twenty four authors writing teams and illustrators of graphic novels arranged alphabetically from Masashi Kishimoto to Alex Ross and includes sidebars photographs and illustrations

Alma Parens Originalis? John L. Hilton, John Hilton, Anne Gosling, 2007 This original collection of articles derived in part from the papers presented at the twenty sixth biennial conference of the Classical Association of South Africa held at Durban and Pietermaritzburg 5-7 July 2005 explores a wide range of receptions of Classical ideas in the fiction drama poetry history opera and popular culture of a number of countries from South Africa to Cuba There is a strong emphasis on the use of Greek and Roman tragedy especially Aeschylus *Seven against Thebes* the *Electra* plays of Sophocles and Euripides various reworkings of the figures of Antigone and Medea and the dramatic style of Seneca but the compendium also includes chapters on Platonism Horatian Satire Mythology Roman Civilization Roman Historiography and Greek erotic spells Chronologically the scope of reception extends from the contemporary the problem of HIV AIDS in South Africa to the twentieth century Soyinka Walcott Forster Seth Campbell and the Renaissance Daniel Heinsius The book illustrates the depth diversity and complexity of the interconnections between the Classical past and the present It provides a refreshingly different perspective on a vitally important and vibrant field of research , Killer Bodies Joseph Crawford, 2025-12-09 *Killer Bodies* offers a history of the single most critically derided subgenre in American superhero comics the bad girl comics of the 1990s which chronicled the blood soaked adventures of barely dressed and improbably proportioned action heroines for an audience of adolescent boys While not in any way attempting to rehabilitate the genre which for the most part amply

deserved its reputation as sexist and borderline pornographic this book situates it within its original cultural context as the result of a matrix of influences that included third wave feminism neopaganism girl power the rise of the internet the growing popularity of manga supermodel beauty ideals and the mainstreaming of pornography It explores why and how the figure of the antiheroic physically aggressive sexually objectified heroine arose within American comics culture and the commercial and ideological factors that led to the genre's rapid rise and equally rapid decline amidst the crisis-racked comics industry of the mid 1990s

Euripides and the Tragic Tradition Anne Norris Michelini, 2006-10-02 Euripides and the Tragic Tradition asks all the right questions It forces us to confront the many contradictions in Euripides' work demonstrates the differences between the literary assumptions of Sophocles and Euripides and challenges us to respond to Euripidean drama with sophistication and sensitivity Francis M Dunn Scholia
