preacher must also turn his attention inward his character must be examined for flaws or bad habits with virtues cultivated that he stand as a model for the wider community      *Lectures on Preaching, Delivered Before the Divinity School of Yale College in January and February, 1877* Phillips Brooks, 1877      **Shaping the Claim** Marvin A. McMickle, 2008-09-03

Shaping the Claim helps the preacher discover the core of the message to be preached the sermonic claim In order to be effective says McMickle a sermon needs to address the hearers at three distinct levels the head or the intellect the heart or passion and conviction and the hand or an expected and desired response In order to discover the biblical claim that a sermon should make upon a particular congregation at a particular time McMickle presents a helpful three step process 1 What 2 So What and 3 Now What The book is keyed to online sermon samples and other Web based features such as sermon illustrations and art      *The Anglican Imagination* Robert Boak Slocum, 2016-03-03 The variety and depth of Anglican theology is best engaged through personal encounter with its many sources the theologians and theological witnesses themselves Anglican theology is often worked out in personal terms that provide a synthesis between reflection on the truths of faith and the particular contexts of culture and life This book presents modern Anglican theology through a unique gallery This theological gallery includes a portrait or sketch of ten Anglican writers DuBose Farrer Stringfellow Brooks Kemper DeKoven McCord Adams Polkinghorne Gore and Macquarrie Theological description interpretation and application are included for each with the presentations differing as widely as the theologians and theological witnesses themselves Drawing together understandings and experiences of faith this will be an invaluable resource for students of Anglican theology and anyone who seeks to understand the distinctive perspectives and contributions of Anglicanism relative to living faith and daily life      **A Guide to the Study of the Christian Religion** William Herbert Perry Faunce, 1916      [A Handbook for Catholic Preaching](#) Edward Foley, 2016 While admitting particular parameters and priorities for Roman Catholic preachers this volume was intentionally envisioned as a handbook for catholic preaching in the broadest and most universal sense of that term Cosponsored by the Catholic Academy of Liturgy the Catholic Association of Teachers of Homiletics and the Federation of Diocesan Liturgical Commissions it covers the role of the Scriptures in preaching the challenges of preaching in a digital age sermonizing in an interfaith context and the need for a liberative and prophetic word that cuts across denominations and even faith traditions Intended to aid those who teach or direct the preaching arts the design and writing style of this book are particularly calibrated to graduate students in ministerial studies Every article is a self contained overview of a particular historical period genre of preaching homiletic theory or contemporary issue This more encyclopedic approach devoid of footnotes yet supported by pertinent bibliography and an extensive index provides a sufficiently rich yet thoroughly accessible gateway to major facets of the preaching arts at this stage of the twenty first century General Editor Edward Foley Associate Editors Catherine Vincie Richard N Fragomeni Contributors Herbert Anderson John F Baldovin Alden Lee Bass Dianne Bergant Stephen Bevans Robert Bireley John Carr Anthony Collamati Michael E Connors Guerric
