factors are analyzed so that the various genres of Scripture are examined for their true meaning The importance of having sound principles of interpretation cannot be overstated as to ignore them will result in all manner of erroneous assumptions Beville presents the Historical Grammatical approach as a sound and objective method of interpretation This in turn provides a foundation not only for understanding but also for teaching Scripture The approach outlined by the author helps avoid contradiction inconsistency arbitrariness and subjectivity This work is intended for those who wish to develop a deeper understanding of the Bible It will be particularly useful for those who want to prepare teaching material grounded in safe hermeneutics In How to Interpret the Bible Kieran Beville explores how an understanding of hermeneutics enables a deeper engagement with the Scriptures This well written and thoughtful introduction will be a great asset to anyone wishing to see with greater clarity the revelation of God's heart and mind within the Bible I warmly commend it Dr Roger Standing Principal Spurgeon s College London The Priestly Element in the Old Testament William Rainey Harper, 1905 Prophetic Interpretation, or, Easy lessons introductory to the study of prophecy; with a symbolical dictionary founded on Scripture [being an abridgment of Peter Lancaster's Symbolical Alphabetical Dictionary]. ,1828 Vital Theological **Issues** RoyCheck B.
