*Elements of Chance* Barbara Wilkins,1990-07-10 Valerie Penn is married to the richest man in the world her life a whirl of all the best that money can buy She is loved passionately and showered with gifts but then it all ends when her husband vanishes in a jet crash over Mexico She is left with only the mystery of her real identity *Elements of Chance* Barbara Wilkins,1990-01-01 Element of Chance Emma Page,2016-03-10 A standalone mystery from the author of the Kelsey and Lambert series *An Element of Chance* David Donachie,2015-12-17 The fourth voyage into print for Harry and James Ludlow Captain Toner illegally forces Harry s crew to work on his own frigate Vowing revenge and determined to retrieve his crew Harry pursues Toner to the West Indies where he is thrown into a maelstrom of piracy lies murder and corruption

Novels and Arguments Zahava Karl McKeon,1982 In this absorbing study the first comprehensive exploration of the rhetoric of the novel Zahava Karl McKeon investigates the complex interrelations of critical poetics grammars dialectics and rhetorics to devise a systematic means of dealing with the structure of prose works as communicative objects Using the vocabulary and conceptual resources of Aristotle and Cicero she pursues this exploration to discover the kinds of arguments that characterize novels to find a way of distinguishing novels from other discursive wholes and to discriminate different genres of the novel McKeon s arguments are supplemented by readings of a variety of texts including the novels and stories of Gunter Grass John Fowles Robert Coover and Flannery O Connor *Mobile Genetic Elements* Wolfgang J. Miller,Pierre Capy,2008-02-05 Leading experts describe in step by step detail their most productive transposon based methods and strategies for studying genome structure function and evolution These readily reproducible techniques cover a wide range including mutagenesis transgenesis gene silencing and molecular systematics Among the highlights are a series of DNA hybridization methods for analyzing the distribution and dynamics of mobile DNA at the hosts genomic level techniques for studying LTR retrotransposons in heterologous host systems and mutagenesis protocols for investigating gene functions in a broad range of organisms These cutting edge methods offer investigators powerful genetic tools for dissecting the function of a specific gene elaborating on the mechanisms leading to genetic change and diversity and studying the evolutionary impact of mobile DNA on the biology and evolution of organisms Empire of Chance Anders Engberg-Pedersen,2015-03-10 Anders Engberg Pedersen shows how the Napoleonic Wars inspired a new discourse on knowledge in the West Soldiers returning from battle were forced to reconsider what it is possible to know and how decisions are made in a fog of imperfect knowledge Chance no longer appeared exceptional but normative a prism for understanding the modern world **Centennial Essays on Joseph Conrad's Chance** ,2015-11-24 When Joseph Conrad s novel Chance appeared in serial form in the New York Herald in 1912 and in book form in 1914 it established the author s financial security for the first time Following years of struggle to reach a wide audience for his fiction Conrad benefitted from the American marketing of this novel for the women readers of romance Aggressive advertising promoted the writer s new focus on a female protagonist and Conrad s division of

the story's location between land and sea The novel proved popular and lucrative Yet in spite of its economic success *Chance* remains one of Conrad's less well known narratives This fresh new collection of essays from both young and established scholars opens up a lively critical debate taking *Chance* beyond the status of best selling romance In a striking re evaluation of the novel these writers examine *Chance*'s innovative narrative strategies its up to the minute commentary on female politics contemporary ethics as well as its antecedents in classical debate and the significance of Conrad's last use of his seaman narrator Marlow

**The Lawyers Reports Annotated, Book 1-70**, 1904 Standard Deviations Leland Monk, 1994-03-01 Analyzing works by George Eliot Joseph Conrad and James Joyce the author offers a new approach to narrative theory by showing how successive generations of novelists have used ever more powerful concepts of chance even though he argues chance is precisely what narrative cannot represent since when it tries to do so it slips into the fated He also relates the novelistic treatment of chance to important historical currents in the philosophical and scientific understanding of chance and provides a theoretical framework for analyzing the representation of chance in any narrative The author asks three central questions Why did British novelists become intensely interested in chance in the late nineteenth century Why and how did they thematize it in their fiction How did the novelistic treatment of chance contribute to innovations in narrative form

**The Publishers Weekly**, 1902 **The Elements of Justice** David Schmidtz, 2006-01-09 What is justice Questions of justice are questions about what people are due However what that means in practice depends on the context in which the question is raised Depending on context the formal question of what people are due is answered by principles of desert reciprocity equality or need Justice therefore is a constellation of elements that exhibit a degree of integration and unity Nonetheless the integrity of justice is limited in a way that is akin to the integrity of a neighborhood rather than that of a building A theory of justice offers individuals a map of that neighborhood within which they can explore just what elements amount to justice

**Constraining Chance** Alison James, 2009-02-03 This text examines the representation and staging of chance in literature through the study of a specific case the work of the 20th century French writer Georges Perec 1936-82 *Figures of Chance II* Anne Duprat, Alison James, 2024-07-31 *Figures of Chance II* *Chance in Theory and Practice* proposes a multidisciplinary analysis of cultural phenomena related to notions of chance and contingency Alongside its transhistorical companion volume *Figures of Chance I* it considers how the projective and predictive capacity of societies is shaped by representations and cultural models of a reality that is understood by varying degrees to be contingent unpredictable or chaotic This volume reevaluates the role played by figurative representations of chance in contemporary discourses about chance and contingency Written by seven interdisciplinary teams and encompassing philosophy literature history of science sociology mathematics cognitive science information science and art history this text puts scientific conceptions of chance into dialogue with their contemporary literary and artistic representations It thus brings out the central role played by art in the human perception of chance and in our

methods for projecting the future in order to better understand contemporary human attitudes in the face of risk

**Australian and New Zealand Studies in German language and literature** ,1983 Handbook of Polish, Czech, and Slovak Holocaust Fiction Elisa-Maria Hiemer, Jiří Holý, Agata Firlej, Hana Nichtburgerová, 2021-06-21 The Handbook of Polish Czech and Slovak Holocaust Fiction aims to increase the visibility and show the versatility of works from East Central European countries It is the first encyclopedic work to bridge the gap between the literary production of countries that are considered to be main sites of the Holocaust and their recognition in international academic and public discourse It contains over 100 entries offering not only facts about the content and motifs but also pointing out the characteristic fictional features of each work and its meaning for academic discourse and wider reception in the country of origin and abroad The publication will appeal to the academic and broader public interested in the representation of the Holocaust anti-Semitism and World War II in literature and the arts Besides prose it also considers poetry and theatrical plays from 1943 through 2018 An introduction to the historical events and cultural developments in Poland Czechoslovakia Czech and Slovak Republic and their impact on the artistic output helps to contextualise the motif changes and fictional strategies that authors have been applying for decades The publication is the result of long term scholarly cooperation of specialists from four countries and several dozen academic centres

**Re-Wiring the Ancient Novel** Ed Cueva, et alies, 2018-11-30 The Fifth International Conference on the Ancient Novel which was held in Houston Texas in the fall of 2015 brought together scholars and students of the ancient novel from all over the world in order to share new and significant developments about this fascinating field of study and its important place in the field of Classical Studies The essays contained in these two volumes are clear evidence that the ancient novel has become a valuable part of the Classics canon and its scholarly attempts to understand the ancient Graeco Roman world

**Today's Short Stories Analyzed** Robert Wilson Neal, 1918 **The Dynamics of Cultural Evolution** Michael Rosenberg, 2022-07-09 This book explores the nature of cultural and culturally structured social and behavioral entities their evolutionary interactions and the central role purposive behaviors play in those interactions It first makes the case for cultural and culturally structured systems being considered as true entities bounded in time and space and not ephemera in a constant state of becoming another system Second it examines how these entities interact to produce evolutionary culture change It then argues that the intent of purposive behaviors is reliably knowable in the aggregate at least when dealing with expressions of behavioral tendencies in the animal kingdom humans included Finally the book references well documented behavioral tendencies for examples of proximate causation in the evolution of settled village societies and following that socially complex societies Through these efforts the book synthesizes the various approaches to the evolution of culture and provides a complete and comprehensive picture of the process It provides a corrective to the tendency to view cultural systems as entirely open ended and as capable of changing in any direction and also to treating cultural evolution as solely a result of selective forces that is in terms of only ultimate causation This book provides an

engaging and critical counterview to established theories of cultural evolution and is of interest to scholars and students of different disciplines from anthropology and archeology to evolutionary biology and epigenetics     *Re-Wiring The Ancient Novel, 2 Volume set* Edmund Cueva, Stephen Harrison, Hugh Mason, William Owens, Sandra Schwartz, 2019-02-28 The Fifth International Conference on the Ancient Novel which was held in Houston Texas in the fall of 2015 brought together scholars and students of the ancient novel from all over the world in order to share new and significant developments about this fascinating field of study and its important place in the field of Classical Studies The essays contained in these two volumes are clear evidence that the ancient novel has become a valuable part of the Classics canon and its scholarly attempts to understand the ancient Graeco Roman world
