Cooke, David Nicholas Maw, 2013 The first large scale study of the music of Herbert Howells prodigiously gifted musician and favourite student of the notoriously hard to please Sir Charles Villiers Stanford Herbert Howells 1892 1983 was a prodigiously gifted musician and the favourite student of the notoriously hard to please Sir Charles Villiers Stanford Throughout his long life he was one of the country's most prominent composers writing extensively in all genres except the symphony and opera Yet today he is known mostly for his church music and there is as yet relatively little serious study of his work This book is the first large scale study of Howells's music affording both detailed consideration of individual works and a broad survey of general characteristics and issues Its coverage is wide ranging addressing all aspects of the composer's prolific output and probing many of the issues that it raises The essays are gathered in five sections Howells the Stylist examines one of the most striking aspect of the composer's music its strongly characterised personal voice Howells the VocalComposer addresses both his well known contribution to church music and his less familiar but also important contribution to the genre of solo song Howells the Instrumental Composer shows that he was no less accomplished for his work in genres without words for which in fact he first made his name Howells the Modern considers the composer's rather overlooked contribution to the development of a modern voice for British music and Howells in Mourning explores the important impact of his son's death on his life and work The composer that emerges from these studies is a complex figure technically fluent but prone to revision and self doubt innovative but also conservative a composer with an improvisational sense of flow who had a firm grasp of musical form an exponent of British musical style who owed as much to continental influence as to his national heritage This volume comprising a collection of outstanding essays by established writers and emergent scholars opens up the range of Howells's achievement to a wider audience both professional and amateur PHILLIP COOKE is Lecturer in Composition at the University of Aberdeen DAVID MAW is Tutor and Research Fellow in Music at Oriel College Oxford holding Lectureships also at Christ Church The Queen's and Trinity Colleges CONTRIBUTORS Byron Adams

**Reading Elgar's The Music Makers** David Young, 2024-11-08 Elgar's The Music Makers for contralto solo choir and large orchestra has experienced a chequered reputation since its 1912 premiere at the Birmingham Festival The work faced significant adverse criticism which re-emerged over time Criticism targeted the poem Elgar chose for his setting Arthur O'Shaughnessy's ode whose reputation was later tarnished by T.S. Eliot's infamous critique What is Minor Poetry Misunderstanding of Elgar's innovative compositional procedure was another main reason behind the negative responses Elgar integrated the poetic language with musical self-borrowings transforming the words and offering perceptive listeners enhanced emotion at the highest artistic level All aspects of Elgar's musical language combine to produce one of his greatest yet least understood masterworks Reading Elgar's The Music Makers brings to the fore a prime example of how first musical performances can be misunderstood and reception can shift over time The work remains as relevant today as ever The book's multi-faceted approach will be invaluable not only for conductors singers and music students but for concertgoers and music lovers generally

**Imperium of the soul** Norman Etherington, 2017-03-01 Some of the most compelling and enduring creative work of the late Victorian and Edwardian Era came from committed imperialists and conservatives Their continuing popularity owes a great deal to the way their guiding ideas resonated with modernism in the arts and psychology The analogy they perceived between the imperial business of subjugating savage subjects and the civilised ego's struggle to subdue the unruly savage within generated some of their best artistic endeavours In a series of thematically linked chapters Imperium of the soul explores the work of writers Rudyard Kipling Joseph Conrad Rider Haggard and John Buchan along with the composer Edward Elgar and the architect Herbert Baker It culminates with an analysis of their mutual infatuation with T.E. Lawrence Lawrence of Arabia who represented all their dreams for the future British Empire but whose ultimate paralysis of creative imagination exposed the fatal flaw in their psychopolitical project This transdisciplinary study will interest not only scholars of imperialism and the history of ideas but general readers fascinated by bygone ideas of exotic adventure and colonial rule

Imperialism and music Jeffrey Richards, 2017-03-01 Elgar's Secret Lover Chris Nicholson, 2023-12-08 When old friend Arnold Chater Q.C. sends retired Norwegian Judge Christofferson a yellowing manuscript with the mysterious initials G.B. on the first page the latter starts a quest to seek the truth about British composer Sir Edward Elgar's secret muse in his masterpiece the Enigma Variations and whether he fathered an illegitimate child Fascinated with riddles and puzzles the composer was in the habit of leaving a series of codes denoting the inspiration for his timeless compositions

But in the Enigma Variations Elgar forsook his usual practice of inserting initials to honour his muse explicitly refusing to name his great love by using a mysterious ellipsis Cheekily he gives a clue about his inspiration in the violin concerto with the words Here is enshrined the soul of Chris Nicholson s seminal musical thriller weaves an amazing tale with enigmas piled on riddles He flagrantly delights in leading readers on a breathless chase of the women who were extraordinarily important in Elgar s life At the same time he also unmask Elgar as a man who hid himself and his intimate affairs behind a mask of respectability Nicholson is merciless in the details of Elgar s life loves and music deciphering all the clues and delivering the final judgment as only he can Chris Nicholson is a retired judge and author of seven books *Elgar's Third Symphony* Anthony Payne,2013-06-20 Elgar s Third Symphony has long been one of the great unknowns of twentieth century music Commissioned in 1932 by the BBC it appeared fragmentary and disorganized when Elgar died in 1934 A few months before his death he asked for his sketches to be destroyed saying that No one must tinker with it Yet he continued to talk about the Symphony even writing out passages that seem almost to be instructions for its completion In 1935 his great friend W H Reed published many of the sketches in facsimile allowing a tantalizing glimpse of the composer s final thoughts After much deliberation Elgar s heirs decided to commission the composer Anthony Payne to make a full length realization of the work first performed to great acclaim in February 1998 Payne s account of his long involvement with the Symphony s sketches is totally absorbing He explains the difficult decisions involved in filling the gaps that Elgar left and the responsibility that he felt in completing the last work of England s greatest composer The Lives and Times of the Great Composers Michael Steen,2011-07-01 A glorious plum pudding of a book to be consulted with pleasure and profit over and over again Sir Jeremy Isaacs Michael Steen s Great Composers was originally published in 2003 A lifetime s work and almost 1000 pages long it has since become the reference point and key read on the biographical backgrounds to classical music s biggest names Authoritative and hugely detailed but nonetheless a joy to read this new edition will expand its readership further and capitalise on a newfound popular interest in classical music Steen s book helps you explore the story of Bach the respectable burgher much of whose vast output was composed amidst petty turf disputes in Lutheran Leipzig or the ugly argumentative Beethoven in French occupied Vienna obsessed by his laundry or Mozart the over exploited infant prodigy whose untimely death was shrouded in rumour Read about Verdi who composed against the background of the Italian Risorgimento or about the family life of the Wagners and Brahms who rose from the slums of Hamburg to become a devotee of beer and coffee in fin de siecle Vienna a cultural capital bent on destroying Mahler and much much more **The Chesterian ...** ,1927 **August Jaeger: Portrait of Nimrod: A Life in Letters and Other Writings** Kevin Allen,2017-11-01 This title was first published in 2000 August Jaeger was one of Elgar s most devoted supporters and was the subject of one of Elgar s most inspired movements the Nimrod variation This study explores the correspondence between Jaeger and the famous English composer **The National Review** ,1928 The National and English Review ,1928 *National and English Review* ,1928
