Elite Recruit ment in Democ ratic Politics: Comparative Studies Acros

COVER COMING SOON

Peter McDonough

Elite Recruitment in Democratic Politics Heinz Eulau, Moshe M. Czudnowski, 1976 Political Recruitment across Two Centuries Roderic Ai Camp, 2013-12-06 During more than twenty years of field research Roderic Ai Camp built a monumental database of biographical information on more than 3 000 leading national figures in Mexico In this major contribution to Mexican political history he draws on that database to present a definitive account of the paths to power Mexican political leaders pursued during the period 1884 to 1992 Camp's research clarifies the patterns of political recruitment in Mexico showing the consequences of choosing one group over another It calls into question numerous traditional assumptions including that upward political mobility was a cause of the Mexican Revolution of 1910 Comparing Mexican practices with those in several East Asian countries also allows Camp to question many of the tenets of political recruitment theory His book will be of interest to students not only of Mexican politics but also of history comparative politics political leadership and Third World development The Political Elite in a Developing Society Anup Kumar Dash, 1994 Study with reference to Orissa India Elite Recruitment in Democratic Polities Heinz Eulau, Moshe M. Czudnowski,1976 Comparative Sociological Research in the 1960s and 1970s Armer, Marsh, 2022-03-28 Candidates. Congress, and the American Democracy Linda Fowler, 2010-05-07 In Candidates Congress and the American Democracy Linda L Fowler provides a wide ranging examination of candidacy as a source of both stability and change in U S politics An expert on political candidates she brings a novel perspective to the topic by emphasizing that candidates are necessary instruments for popular control of government Fowler maintains that the ambitions of individual candidates are essential to the functioning of the nation's constitutional system and are important factors in its political history. She traces the influence of candidates in fostering electoral competition promoting the representation of such newly mobilized groups of citizens as women and ethnic minorities and transforming political institutions and parties Despite the importance of candidacy the institution is poorly understood because both scholars and voters tend to limit their focus on candidates to the narrow context of election campaigns The author argues that a broader view reveals how candidates are linked to a variety of trends and contradictions in contemporary U S politics Party Period and Public Policy Richard L. McCormick, 1988

Ideologues and Presidents Thomas S. Langston,2017-07-05 Ideologues and Presidents argues that ideologues have been gaining influence in the modern presidency There were plenty of ideologues in the New Deal but they worked at cross purposes and could not count on the backing of the cagey pragmatist in the Oval Office Three decades later the Johnson White House systematically sought the help of hundreds of liberals in drawing up blueprints for policy changes But when it came time to implement their plans Lyndon Johnson's White House proved to have scant interest in ideological purity By the time of the Reagan Revolution the organizations that supported ideological assaults on government had never been stronger The result was a level of ideological influence unmatched until the George W Bush presidency In Bush's administration not

only did anti statists and social conservatives take up positions of influence throughout the government but the president famously pursued an elective war that had been promoted for a decade by a networked band of ideologues In the Barack Obama presidency although progressive liberals have found their way into niches within the executive branch the real ideological action continues to be Stage Right How did American presidential politics come to be so entangled with ideology and ideologues Ideologues and Presidents helps us move toward an answer to this vital question A Government of <u>Insiders</u> William Genieys, 2024-03-12 This work provides insight into how health policy is shaped in the United States leveraging the Affordable Care Act as the primary example **Supreme Court Decision-Making Cornell W.** Clayton, Howard Gillman, 1999 What influences decisions of the U S Supreme Court For decades social scientists focused on the ideology of individual justices Supreme Court Decision Making moves beyond this focus by exploring how justices are influenced by the distinctive features of courts as institutions and their place in the political system Drawing on interpretive historical institutionalism as well as rational choice theory a group of leading scholars consider such factors as the influence of jurisprudence the unique characteristics of supreme courts the dynamics of coalition building and the effects of social movements The volume's distinguished contributors and broad range make it essential reading for those interested either in the Supreme Court or the nature of institutional politics Original essays contributed by Lawrence Baum Paul Brace Elizabeth Bussiere Cornell Clayton Sue Davis Charles Epp Lee Epstein Howard Gillman Melinda Gann Hall Ronald Kahn Jack Knight Forrest Maltzman David O Brien Jeffrey Segal Charles Sheldon James Spriggs II and Paul Wahlbeck Spain Xavier Coller, Antonio M. Jaime-Castillo, Fabiola Mota, 2017-11-24 This book explores why some people become politicians how they represent citizens in parliaments and what they think about democracy and its institutions It analyses the results of the first survey of a representative sample of Spanish MPs 580 cases and citizens The study covers areas such as social profiles recruitment and selection women in parliaments motivation for politics perception of the representative function and how this is affected by corruption disaffection and mistrust national and regional identities ideology the functioning of parliamentary groups and perceptions about the EU The case of Spain is used to demonstrate how MPs values opinions and attitudes conflict and complement with those of the citizens they are supposed to represent Through a systematic comparison between MPs and citizens the contributions deal with topics that are key to understanding how The Soviet Administrative Elite Kenneth C. Farmer, 1992-04-16 An democracies work and the role played by MPs analytical study of the Soviet political elite as a body from 1917 to 1990 Focusing on the changing structure of the elite it is based partly on Kenneth C Farmer's database consisting of biographical and career data on over 1500 high level leaders

Legislatures Gerhard Loewenberg, Peverill Squire, D. Roderick Kiewiet, 2002 Explores the implications of recent research on the U S Congress for legislative research outside the United States **The Dynamics Of American Politics** Lawrence C Dodd, 2018-02-06 This book offers a comprehensive assessment of the major theoretical approaches to the study of

American politics Written by leading scholars in the field the book s essays focus particularly on the contributions that competing macro and microanalytic approaches make to our understanding of political change in America The essays include systematic overviews of the patterns of constancy and change that characterize American political history as well as comparative discussions of theoretical traditions in the study of American political change The volume concludes with four provocative essays proposing new and integrated interpretations of American politics This is a path breaking book that all scholars concerned with American politics will want to read and that all serious students of American politics will need to study The Dynamics of American Politics is appropriate for graduate core seminars on American politics undergraduate capstone courses on American politics courses on political theory and approaches to political analysis and rigorous lower division courses on American politics The New Custodians of the State William Genieys, 2017-07-28 The New Custodians of the State uses contemporary France to reassess sociological theories of political and policymaking elites Based on detailed case studies drawn from social policy and national defense sectors it concludes that a new type of sectorally based elite has risen to prominence in France since the 1980s Genieys suggests that programmatic elites found in specific policy sectors made up of individuals linked both by common career paths and the resulting skills and expertise should be seen as new guardians of state power Like their technocratic predecessors programmatic elites maintain a high degree of independence with respect to electoral politics and to civil society like them they share an ideological commitment to protect and expand the role of the state in French society Unlike them however these new guardians of the state are structured around specific policy programs and limited in scope to a given sector Competition among programmatic elites at the highest levels of the state emerges as the chief driving force behind innovation for social change The New Custodians of the State introduces programmatic elites both as real world actors and as an analytic category and highlights the limits of elite power by analyzing the defeat of efforts by the French Ministry of Defense This book presents a thought provoking critical case study that suggests that models presenting either a single unified state elite or those that herald or decry the demise of the state require modification The work will be of interest to students and scholars of France and its society and government as well as anyone interested in the policymaking process in other countries with respect to domestic policy or national defense The Role of Local Political Elites in East Central Europe Roxana Marin, 2021-03-29 How does the elite continue to affect the evolution of local communities in the developing region of former Sovietized Europe This book is concerned with the issue of local leadership in the countries of East Central Europe It is an attempt to examine with a comparative method the profile and the role of the local political elites members of the Municipal Councils in six towns in six transitional democracies of the region The Vertical Mosaic Revisited Rick Helmes-Hayes, James Curtis, 1998-12-15 When The Vertical Mosaic first appeared in 1965 it became an instant classic Its key message was that Canada was not the classless democracy it fancied itself to be In fact Canada was a highly inegalitarian society comprising a vertical mosaic of distinct classes and ethnic

groups This collection of papers by five of Canada's top sociologists subjects John Porter's landmark study to renewed scrutiny and traces the dramatic changes since Porter's time both in Canadian society and in the agenda of Canadian sociology Based on papers written for a conference held in commemoration of the thirtieth anniversary of The Vertical Mosaic's publication the five essays revisit the central themes of the original work including gender and race inequality citizenship and social justice and class power and ethnicity from the viewpoint of political economy An introduction by the editors provides a historical biography of Porter and discusses his influence on Canadian sociology Leadership Selection and Patron-Client Relations in the USSR and Yugoslavia T.H. Rigby, Bohdan Harasymiw, 2022-12-28 Leadership Selection and Patron Client Relations in the USSR and Yugoslavia 1983 examines the system of nomenklatura the semi secret network of quasi bureaucratic rules and personal relationships through which careers in Soviet politics were managed Other Communist countries took the USSR as their prototype and their patronage relationship systems are included in this study North And South Korean Political Systems Sung Chul Yang, 2019-09-12 A comparative look at North and South Korea s political and economic institutions and processes and an examination of their evolution since 1945 Problems such as leadership succession democratization nuclear weapons education and reunification are explored **Power and Ideology** in Brazil Peter McDonough, 2014-07-14 Drawing on personal interviews with over 250 Brazilian leaders in industry banking politics labor the civil service and the church Peter McDonough challenges the conventional notion of elites in authoritarian regimes as unideological pragmatists He demonstrates that the Brazilian Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

In the digital age, access to information has become easier than ever before. The ability to download Elite Recruitment In Democratic Politics Comparative Studies Across The Nations has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Elite Recruitment In Democratic Politics Comparative Studies Across The Nations has opened up a world of possibilities. Downloading Elite Recruitment In Democratic Politics Comparative Studies Across The Nations provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Elite Recruitment In Democratic Politics Comparative Studies Across The Nations has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Elite Recruitment In Democratic Politics Comparative Studies Across The Nations. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Elite Recruitment In Democratic Politics Comparative Studies Across The Nations. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites

that prioritize the legal distribution of content. When downloading Elite Recruitment In Democratic Politics Comparative Studies Across The Nations, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Elite Recruitment In Democratic Politics Comparative Studies Across The Nations has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
