Hair, 2015-09-01 Elizabeth Barrett Browning evokes several figures as muses for her poetry and one recurring type is the music master While her writing has always been recognized as highly experimental the influence and use of music in her work have not been fully examined Fresh Strange Music defines the exact nature of Browning's experiments and innovations in rhythm which she called the animal life of poetry and in sound repetition which she labelled her rhymatology Donald Hair approaches Elizabeth Barrett Browning's art with a focus on the power that shapes it the technical music of her poetry and the recurring beat at the beginning of units of equal time that requires a different system of scansion than conventional metres and syllable counting Music for Barrett Browning Hair explains has momentous implications In her early poetry it is the promoter of kindly and loving relations in families and in society Later in her career she makes it the basis of nation building in her support for the unification of Italy and more problematically in her championing of French emperor Napoleon III Fresh Strange Music traces the development of Barrett Browning's poetics through all her works from the early *An Essay on Mind* to *Last Poems* showcasing her as a major poet independently minded and highly innovative in her rhythms and rhymes      **A Study Guide for Elizabeth Barrett Browning's "Aurora Leigh"** Gale, Cengage Learning, 2016 A Study Guide for Elizabeth Barrett Browning's *Aurora Leigh* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs      **Victorian Women Poets** William B. **Victorian Women Poets** Tess Cosslett, 2017-07-05 Through her selection of fourteen essays Tess Cosslett charts the rediscovery by feminist critics of the Victorian Women Poets such as Emily Brontë Elizabeth Barrett Browning and Christina Rossetti and the subsequent developments as critics use a range of modern theoretical approaches to understand and promote the work of these non canonical and marginalised poets While the essays chosen for this volume focus on these three major figures work is also included on less well known poets who have only recently been brought into critical prominence The introduction clarifies for the reader the themes problems and preoccupations that inform the criticism and provides a useful guide to the debates surrounding poetry and feminism investigating such questions as how feminist are these poems and does a women's tradition really exist The advantages and disadvantages of applying different critical approaches such as psychoanalytic and historicist to the understanding of this period and genre are also fully explored

**The History of British Women's Writing, 1880-1920** Holly A. Laird, 2016-10-06 The ranks of English women writers rose steeply in the late 19th and early 20th centuries contributing to the era's revolutionary social movements as well as to transforming literary genres in prose and poetry The phenomena of the new New Women New Unionism New Imperialism New Ethics New Critics New Journalism New Man are this moment's touchstones This book tracks the period's new social phenomena and unfolds its distinctively modern modes of writing It provides expert introductions amid new insights into women's writing throughout the United Kingdom and around the globe *Elizabeth Gaskell* Patsy Stoneman, 1987 When Patsy Stoneman's *Elizabeth Gaskell* first appeared in 1987 it was welcomed as the first major full length feminist study of Gaskell Victorian Studies Though long out of print it is still widely used and cited in university contexts making it certain that this augmented edition will be equally welcome This pioneering study described as a model of feminist criticism *The Year's Work in English Studies* reveals Gaskell as an important social analyst who deliberately challenged the Victorian disjunction between public and private ethical values maintaining a steady resistance to aggressive authority and advocating female friendship rational motherhood and the power of speech as forces for social change Since 1987 Gaskell's work has risen from minor to major status Despite a wealth of subsequent gender oriented criticism however Stoneman's combination of psychoanalytic and political analysis which *Choice* found thought provoking in 1987 remains challenging in its use of modern motherhood theories This new edition therefore presents the original text unchanged except for bibliographical updating together with a new critical Afterword Patsy Stoneman's extensive new Afterword offers detailed evaluation of all the Gaskell criticism published between 1985 and 2004 which has a bearing on her subject and thus provides both a wide ranging debate on the social implications of motherhood and an invaluable survey of Gaskell criticism over the last twenty years This edition with an updated bibliography and index will bring a well known classic to a new audience while also offering a uniquely

comprehensive overview of current Gaskell studies Book jacket      Modernism's Mythic Pose Carrie J. Preston, 2014-07-10 Modernism's Mythic Pose recovers the tradition of Delsartism a popular international movement that promoted bodily and vocal solo performances particularly for women This strain of classical antimodernism shaped dance film and poetics Its central figure the mythic pose expressed both skepticism and nostalgia and functioned as an ambivalent break from modernity      Reductive Reading Sarah Danielle Allison, 2018-06 Introduction the syntax of Victorian moralizing on choosing a proxy for style In defense of reading reductively The shockingly subtle criticism of the London Quarterly Review 1855 1861 Relative clauses and the narrative present tense in George Eliot generalization and declamation Elizabeth Barrett Browning's present tense poetics A moral technology speech tags in Charles Dickens's dialogue Conclusion a grammar of perception

Women's Poetry and Religion in Victorian England Cynthia Scheinberg, 2002-05-30 Victorian women poets lived in a time when religion was a vital aspect of their identities Cynthia Scheinberg examines Anglo Jewish Grace Aguilar and Amy Levy and Christian Elizabeth Barrett Browning and Christina Rossetti women poets and argues that there are important connections between the discourses of nineteenth century poetry gender and religious identity Further Scheinberg argues that Jewish and Christian women poets had a special interest in Jewish discourse calling on images from Judaism and the Hebrew Scriptures their poetry created complex arguments about the relationships between Jewish and female artistic identity She suggests that Jewish and Christian women used poetry as a site for creative and original theological interpretation and that they entered into dialogue through their poetry about their own and each other's religious and artistic identities This book's interdisciplinary methodology calls on poetics religious studies feminist literary criticism and little read Anglo Jewish primary sources      **The Other East and Nineteenth-Century British Literature** T. McLean, 2011-11-30 The Polish exile and the Russian villain were familiar figures in nineteenth century British culture This book restores the significance of Eastern Europe to nineteenth century British literature offering new readings of Blake's Europe Byron's Mazeppa and Eliot's Middlemarch and recovering influential works by Thomas Campbell and Jane Porter      *Unfolding the South* Alison Chapman, Jane Stabler, 2003-06-28 A radically new version of Anglo Italian cultural relations in the late Romantic and Victorian periods that corrects traditional male centred accounts      Allegories of One's Own Mind David G. Riede, 2005 Perhaps because major Victorians like Thomas Carlyle and Matthew Arnold proscribed Romantic melancholy as morbidly diseased and unsuitable for poetic expression critics have neglected or understated the central importance of melancholy in Victorian poetry Allegories of One's Own Mind re directs our attention to a mode that Arnold was rejecting as morbid but also acknowledging when he disparaged the widely current idea that the highest ambition of poetry should be to present an allegory of the poet's own mind This book shows how early Victorian poets suffered from and railed against what they perceived to be a disabling post Wordsworthian melancholy we might refer to it as depression and yet benefited from this self absorbed or love obsessed state which ironically made them more productive David G Riede argues that the

dominant thematic and formal concerns of the age in fact are embodied in the ambivalence of Carlyle Arnold and others who pitted a Victorian ideology of duty rationality and high moral character against a still compelling Romantic cultivation of the deep self intuited as melancholy Such ambivalence in fact is in itself constitutive of melancholy long understood as the product of conscience raging against inchoate desire and it constitutes the mood of the age s most important poetry represented here in the major works of Alfred Tennyson Elizabeth Barrett Browning and even in the notoriously optimistic Robert Browning David G Riede is professor of English at The Ohio State University

**From My Guy to Sci-fi** Helen Carr,1989 La obra surgida a raíz de unas conferencias impartidas en el institute of contemporary arts de londres en 1988 reúne estudios feministas sobre el debate de los generos literarios el modo en el que las escritoras los emplean y las cuestiones culturales mas amplias que suscitan Para la critica feminista de finales de los 80 han sido cruciales para este debate las dos ultimas decadas Se investigan las posibilidades y problemas de la critica feminista dirigida a los tiempos posmodernos y se examinan diferentes generos desde la novela hasta la autobiografia Tambien se tratan las relaciones politicas que las escritoras asiaticas y caribe as tienen con tradiciones y formas que no expresan sus propias identidades politicas y artisticas
