movement of being dangerously amoral because of its apparent wariness of concepts such as truth ethics and justice Stories
of the Middle Space explores the possibility of postmodernism with a conscience and examines a variety of British and
Canadian postmodern fiction to show how twentieth century critical theory can be brought into fruitful dialogue with a faith
based perspective Highlighting the wide variety of ethical concerns considered by writers such as Timothy Findley Thomas
King Carol Shields Julian Barnes A S Byatt and Salman Rushdie Deborah Bowen makes the case for a new category of
postmodern realism and shows how contemporary stories about the real and the good are constructed Applying theoretical
insights from Emmanuel Levinas and Mikhail Bakhtin Bowen investigates categories of postmodern realism such as magic
realism parody and metafiction while laying the groundwork for Christian readings of a medium that is often perceived as
largely irreligious An illuminating study of well known contemporary writers Stories of the Middle Space is a critically
nuanced and methodologically innovative work that reads the postmodern from a faith based perspectives to create new
literary insights Deborah Bowen addresses the ethical concerns of a wide variety of postmodern fiction from a faith based
perspective that engages with the decentred discourses of post structuralism She suggests that a focus on the middle space
between language and the world not only provides new insights into the construction of the real and the notion of a good
story but also resituates the possibility of Christian reading in a largely post Christian era **BOOK JACKET** **Subject Index
