Ellison And Rae Family Breakdown And Pensions:

Passing Wealth on Death Alexandra Braun, Anne Röthel, 2016-07-28 Wealth can be transferred on death in a number of different ways most commonly by will Yet a person can also use a variety of other means to benefit someone on death Examples include donations mortis causa joint tenancies trusts life insurance contracts and nominations in pension and retirement plans In the US these modes of transfer are grouped under the category of will substitutes and are generally treated as testamentary dispositions Much has been written about the effect of the use of will substitutes in the US but little is generally known about developments in other jurisdictions For the first time this collection of contributions looks at will substitutes from a comparative perspective It examines mechanisms that pass wealth on death across a number of common law civil law and mixed legal jurisdictions and explores the rationale behind their use It analyses them from different viewpoints including those of owners of businesses investors as well as creditors family members and dependants The aims of the volume are to show the complexity and dynamics of wealth transfers on death across jurisdictions to identify patterns between jurisdictions and to report the attitudes towards the different modes of transfer in light of their utility and the potential frictions they give rise to with policies and principles underpinning current laws **The New Law Journal** ,2001
