*Elsevier dictionaries on CD-ROM.*, 1997      *Elsevier dictionaries on CD-ROM.*, 1997      *Elsevier dictionaries on CD-ROM.*, 1997      **Elsevier Dictionaries on CD-ROM**, 2000      **Elsevier dictionaries on CD-ROM.**, 1997      *The Multimedia and CD-ROM Directory*, 1998      *Elsevier's Dictionary of Soil Science* A. Canarache, I.I. Vintila, I. Munteanu, 2006-10-17 This dictionary includes some 9200 terms each with a definition and often and additional descriptive text in English the terms being translated in French German and Spanish It is more complete than similar previously published dictionaries or glossaries and contains all fields of soil science as well as some adjacent fields of other earth sciences agriculture and engineering Present concepts and definitions are detailed along with earlier concepts not only for historical reasons but also for developing new ideas Concepts terms and definitions usual in literature of various countries are discussed and compared to offer an appropriate exchange of ideas Soil classifications and methodologies for soil investigation coming from a score of European American and other countries and international organisations are presented and correlations between names of soil taxa in different classifications are suggested Readers active in all branches of soil science will find accessible answers to many of their questions either directly referring to procedures used in the organisations where they work or related to way of thinking in other countries Readers active in other branches but needing information on soils will also find answers to this dictionary of great assistance to their research Over 9200 terms with definitions in English and translations in French German Spanish Includes all fields of soil science and many connected sciences All present day terminology with inclusion of earlier classical concepts and terms Terminology in current USDA Soil Taxonomy FAO World Reference Base or Soil Resources and other documents from different countries Granted the N Cernescu award from the Romanian Academy on Agricultural and Forestry Sciences      **Elsevier's Dictionary of Library Science, Information and Documentation** W.E. Clason, S. Salem, 1997-01-31 CD ROM version The word document conjures up to most a medium of past or present information which could be in the form of a clay tablet of antiquity or a modern encyclopaedia It is justifiable therefore to assume that this dictionary encompasses several wide ranging subjects The fields covered are also closely related a fact which can be attributed to the enormous impact of automation and technology In clarifying various topics Mr Clason has listed specific documents in itself an unusual approach which will do much to assist operational scientists The inclusion of an Arabic supplement enhances the value of the dictionary which is an essential tool for libraries documentation centres and specialists in the field      *Elsevier's Dictionary of Computers, Automatic Control and Data Processing* W.E. Clason, 1997-01-01 Available in English German French Spanish Dutch with 3 996 terms      **Elsevier's Dictionary of Technical Abbreviations** S. Bobryakov, M. Rosenberg, 2005-03-23 The English Russian dictionary of technical abbreviations contains nearly 65 000 entries covering various fields and subfields of engineering and technology Abbreviations are widely used in technical literature and as a rule they create difficulties for the

reader Numerous abbreviations are used in technical literature dealing with space agriculture electronics computer science chemistry thermodynamics nuclear engineering refrigeration cryogenics machinery aviation business accounting optics radio electronics and military fields including abbreviations used on a wide scale by the Navy Airforce and the Army In many instances the same abbreviation is used in most different fields of engineering and technology though depicting different notions There are cases when the same abbreviation may have dozen of meanings depending on the specific field of engineering The entries are arranged in alphabetical order A wide range of literature has been explored for the selection and translation of the abbreviations The dictionary has been compiled by comparing parallel texts in both languages and by consultation with experts This publication will be invaluable to the personnel of designing bureaus and research institutions and also to translators scientists researchers designers and university personnel dealing with various fields of engineering and technology approx 125 000 terms
