Elusive Embrace:

The Elusive Embrace Daniel Mendelsohn, 2000-06-20 Hailed for its searing emotional insights and for the astonishing originality with which it weaves together personal history cultural essay and readings of classical texts by Sophocles Ovid Euripides and Sappho The Elusive Embrace is a profound exploration of the mysteries of identity It is also a meditation in which the author uses his own divided life to investigate the rich conflictedness of things the double lives all of us lead Daniel Mendelsohn recalls the deceptively guiet suburb where he grew up torn between his mathematician father's pursuit of scientific truth and the exquisite lies spun by his Orthodox Jewish grandfather the streets of manhattan's newest gay ghetto where desire for love competes with love of desire and the quiet moonlit house where a close friend s small son teaches him the meaning of fatherhood And finally in a neglected Jewish cemetery the author uncovers a family secret that reveals the universal need for storytelling for inventing myths of the self The book that Hilton Als calls equal to Whitman's Song of Myself The Elusive Embrace marks a dazzling literary debut Daniel Mendelsohn's Memoir-Writing Sophie Vallas, 2021-11-16 This volume of eight essays written by French scholars analyzes Daniel Mendelsohn's first three volumes of nonfiction The Elusive Embrace 1999 The Lost 2006 and An Odyssey 2017 and includes an illustrated interview 2019 in which Mendelsohn tackles various aspects of his work as a literary and cultural critic as a professor of classical literature as a translator and as a memoirist The essay discussing The Elusive Embrace 1999 argues that in addition to offering a subtle reflection on sexual identity and genres Mendelsohn's first volume already broadens his topic and patiently weaves links between ancient and present times feeding his meditation with his knowledge of Greek culture and myths a natural movement of back and forth which would become his signature The Lost 2006 his much acclaimed investigation on six members of his family who died during the period known as the Holocaust by bullets is analyzed as a close up on the disappearance of a whole world the unspeakability of which Mendelsohn addressed through intertwining several languages linguistic echoes and biblical references Finally Mendelsohn's recent An Odyssey 2017 is studied as a brilliant musing on teaching Homer's masterpiece while building up a memoir on his declining father sitting among his students and allowing Homer's universal questions and lessons to enlighten a father and son's last journey The Never-Ending Memory Pasquale De Marco, 2025-07-15 The Never Ending Memory is an exploration of the myriad facets of loss a poignant and profound meditation on the absence that lingers in our hearts and the transformative power it holds Through a kaleidoscope of essays poems and reflections this book delves into the depths of human emotion offering solace understanding and a renewed appreciation for the beauty of life's fleeting moments With eloquence and empathy Pasquale De Marco weaves together personal narratives historical anecdotes and philosophical musings inviting readers to confront the universality of loss and its profound impact on our lives Each chapter is a mosaic of insights exploring themes such as the enigma of loss the transformative power of grief the art of healing and the enduring bonds of love that transcend the boundaries of time and

Peter Kingstone argues that the key to understanding the behavior of industrialists lies in the impact of four factors on their preferences for reform the effect of economic crisis on industrialists perception of the viability of the earlier development model the sectoral location of their firms in the economy and the advantages historically accruing therefrom the adjustment options available to them given their position in the market and the credibility of the government's promises about reform and its tactical choices for getting them implemented through the political system The mix of these four factors Kingstone shows left business preferences relatively malleable and thus available for support of reform even in the face of potentially high costs Whether such support was forthcoming depended on industrialists perceptions of the ability of government leaders to deliver on their promises Widespread resistance to reform occurred when leaders lost their credibility Under Fernando Collor s leadership that credibility was never recovered under Fernando Henrique Cardoso s it was recovered through increasing concessions to industrialists on the character of the reform program On Balance Adam Phillips, 2010-08-31 Balancing acts writes Adam Phillips are entertaining because they are risky but there are situations in which it is more dangerous to keep your balance than to lose it In these exhilarating and casually brilliant essays the philosopher and psychoanalyst examines literature fairy tales works of art and case studies to reveal the paradoxes inherent in our appetites and fears How do we know when enough is enough Are there times when too much is just right Why is Cinderella s biggest problem not the prince but other women What can Richard III s furious sense of his own helplessness tell us of our own desires On Balance shows Phillips s bravura gift for linking disparate ideas and the dreamers that dreamed them into something beautiful revelatory and essential Sacred Journey to Harmony Pasquale De Marco, 2025-07-27 In a world yearning for harmony Sacred Journey to Harmony offers a profound exploration of this elusive yet essential quality This thought provoking book delves into the multifaceted nature of harmony uncovering its secrets and revealing the path to cultivating it in our lives relationships and communities With eloquence and wisdom the author guides us on a journey of self discovery inviting us to explore the delicate balance within ourselves the intricate dynamics of relationships and the challenges of creating harmony in a complex and interconnected world Through insightful reflections and practical guidance we learn to navigate the obstacles that hinder harmony and discover the transformative power of embracing diversity fostering compassion and living in alignment with our authentic selves Sacred Journey to Harmony is a tapestry of wisdom weaving together ancient teachings modern psychology and personal anecdotes to paint a vivid picture of harmony s transformative potential It is a book for those seeking a deeper understanding of life for those longing to create a more harmonious world and for those ready to embark on a journey of personal growth and transformation Within these pages readers will find A comprehensive exploration of harmony in all its dimensions from the personal to the global Practical tools and techniques for cultivating harmony in our daily lives Insights into the nature of conflict and the path to resolution A deeper understanding of the interconnectedness of all things A vision for a more harmonious and sustainable world Sacred

formation of social bonds The End of Love makes a powerful case for studying why and how social bonds collapse and dissolve Particularly striking is the role that capitalism plays in practices of non choice and unloving The unmaking of social bonds she argues is connected to contemporary capitalism which is characterized by practices of non commitment and non choice practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties Unloving and non choice have in turn a profound impact on society and economics as they explain why people may be having fewer children increasingly living alone and having less sex The End of Love presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism **Up From The Ashes** Steve Ranni,2023-12-13 JP Morris seems to have the ideal life After growing up in Hampton County South Carolina he married his high school sweetheart Clara became a successful doctor and now leads a luxurious life in New York Shortly before his wedding however JP lost his mother which shook his Christian faith and his interest in family whether that meant parenthood with Clara or staying connected to his father brother and home in the South After years of a faithless life in New York JP finds himself woken night after night at 3 16 a m by a recurring dream Following the message he sees in the dream IP once again becomes open to being a father connecting with family and even tries returning to church with Clara whose faith remained steady But just as JP s life seems to be getting better a shocking twist during the birth of his child causes him to forsake his family and begin an odyssey into sin and oblivion Trapped in the grip of pain and hurt IP succumbs to denial making devastating choices that threaten to incinerate all he has achieved Spiralling into self destruction he faces a journey that will force him to confront himself his marriage his faith intolerance and family secrets spanning back to the Civil War Will JP remain lost and allow the flames of pain and anger to consume him Or will be surrender to divine cleansing rise up from the ashes and embrace redemption reconciliation and a fresh start Why Wait?
