**The Dream Assassin Volume (1)** Roman Harambura,2019-02-20 Humanity s Greatest Gift Imagination Roman expresses that we as humans have the ability to think by thought power as humans on this most precious Earth we each have the power within us to create through manifestation anything we choose simply by the power of our own thoughts Roman believes we are all thinking beings that every thought we each have has the possibilities of becoming our own reality be it negative thoughts or positive thoughts which in turn creates our personal existence either in a negative way

or a positive way he says we are not in reality physical it only appears to be that way because we are so highly conditioned by our own beliefs systems we are in fact Living Energy in the making of becoming Living Consciousness The main reason he wrote and created his new book The Dream Assassin was to show all of humanity that Imagination is real and at the same time create magnificent imaginative magic that would not only bring awareness but ignite the true inner passion of every individual that reads this book but also to see the movie when it is created in the future to come As Albert Einstein the great Theoretical Physicist said on many occasions Reality is merely an Illusion all be it a very persistent one It s like saying just because you cannot touch something doesn t mean it is not real because it may be vibrating simply at another level of consciousness
