familiar categories of object in the patterns of belief and ritual extracted from contemporary texts and the objects themselves in order to understand their meaning within the everyday lives of those by whom and for whom they were made The studies give a nuanced delineation of the inherently ambiguous boundary between conventional religion and magic noting repeatedly those instances wherein the two are invoked in the same breath and by way of the same art object toward the same end From this historically constructed matrix of art belief and ritual the author derives an anthropologically defined paradigm of charisma and pilgrimage applied in one essay as an intriguing parallel to deconstructing the world of a contemporary secular saint Elvis Presley All the Available Light Yona Zeldis McDonough,2011-01-11 No star in any genre has affected the world as deeply or has lasted as long without fading as Marilyn Monroe This thought provoking and wide ranging collection of essays examines the undiminished incandescence of Marilyn Monroe the impact she has had on our culture the evolution of her legend since her death and what she tells us now about our lives and times and includes previously unpublished work from some of America s best writers such as Joyce Carol Oates Alice Elliot Dark Albert Mobilo Marge Piercy Lore Segal Lisa Shea and many more From her troubled family beginnings to the infamous 13 million auction held at Christie s in New York City All the Available Light paints an unforgettable portrait of Marilyn as you ve never seen her before This extremely rare cover photo was taken c 1954 on the set of The Seven Year Itch

Re-Enchantment

James Elkins,David Morgan,2011-01-13 The near absence of religion from contemporary discourse on art is one of the most fundamental issues in postmodernism Artists critical of religion can find voices in the art world but religion itself including spirituality is taken to be excluded by the very project of modernism The

sublime re enchantment as in Weber and the aura as in Benjamin have been used to smuggle religious concepts back into academic writing but there is still no direct communication between religionists and scholars Re Enchantment volume 7 in The Art Seminar Series will be the first book to bridge that gap The volume will include an introduction and two final synoptic essays as well as contributions from some of the most prominent thinkers on religion and art including Boris Groys James Elkins Thierry de Duve David Morgan Norman Girardot Sally Promey Brent Plate and Christopher Pinney

Connecting with Ambivalent Heritage Tiina Äikäs, Tuuli Matila, 2024-09-05 Exploring the difficult and contested sites of deindustrialized society on the brink of transformation to either heritage or wasteland this volume looks at the creative ways that such sites are re used and suggests that they are not always merely abject or abandoned As a result our understanding of the meanings given to left over spaces is enhanced by an examination of the ways they are used Ambivalent heritage sites are not always recognized for their potential although artists and people from different recreational activities such as industrial sites and parkour use and experience these places in different ways The contributors introduce fresh ideas on how to approach these sites and the people invested in them employing multidisciplinary methodologies from archaeology and heritage studies to ethnography and sociology Through the use of Northern European case studies such as a former sanatorium a prison and the Chernobyl Exclusion Zone the reader gains a new perspective on these sites of contestation which are cherished despite their problematic status The conclusion is that due to the rapid societal change we are experiencing in the contemporary world heritage professionals must start to acknowledge and deal with the difficulties that ambivalent heritage sites pose *Art Now Gallery Guide* ,1997-05 **It's Only Rock and Roll** David S.
