Marrocco, 2021-12-30      *The Alpha Female's Guide to Men and Marriage* Suzanne Venker, 2017-02-14 As seen on Fox Friends *The Alpha Female's Guide to Men and Marriage* shows women who have a dominating personality how to love a man America is in love with the alpha female She is the quintessential modern woman assertive razor sharp and fully in control Her success in the marketplace is undeniable a downright boon to society But what happens when the alpha female gets married She becomes an alpha wife of course An alpha wife is in charge of everything and everyone She is quite simply the Boss The problem is no man wants a boss for a wife That type of relationship may work for a spell but it will eventually come crashing down Since 1970 just as women became more and more powerful outside the home more alpha the divorce rate has quadrupled And it is women who lead the charge Today 70% of divorce is initiated by wives Do men just make lousy husbands Not at that rate says Suzanne Venker bestselling author of *The War on Men* The truth is that women don't know how to be wives Why would they That's not what they were raised to become But women can learn There's an art to loving a man says Venker and any woman can master it An alpha female herself Venker learned how to be a wife the hard way through trial and error Lots of error And here's what she knows today the set of skills a woman needs to pursue a career or even to raise children is the exact set of skills that will mess up her marriage but good No man likes to be told what to do And no woman respects the man who does *The Alpha Female's Guide to Men and Marriage* gives women who are used to being in charge the tools they need to make their marriages less competitive and more complementary Part memoir part advice this brave manifesto argues that while marriage is more challenging for the alpha female it is possible to find peace in your marriage In fact it may be easier than you think      *Men Are Stupid, Women Are Crazy* Peter Ruehl, 2011 Ruehl's irreverent wit and ability to puncture pretentiousness with a well turned phrase gave thousands of dedicated readers a good reason to read the paper back to front on the days the column appeared His descriptions of growing up with teenage children are laugh out loud funny well for parents and a younger generation of readers decided he was cool with his constant satirical references to their music dress and approach to life Politicians sometimes winced but knew his hilarious descriptions of what was really going on in Canberra resonated more loudly than any press release Peter Ruehl never lost his distinctive American style but he was able to understand Australian culture and to write about it and his views in a passionately funny and deeply personal way Greg Hywood chief executive of Fairfax says he became a national institution      [Sex Differences in Cardiovascular Physiology and Pathophysiology](#) Babbette LaMarca, Barbara T.
