Toscanini in Britain Christopher Dymont, 2012 This is the first book to describe Arturo Toscanini s activities

the life he led his concerts and recording sessions during his visits to London and elsewhere in Britain in the years 1900-1952. During the 1930s Arturo Toscanini conducted many concerts broadcast by the BBC from London's Queen's Hall where he also made some unsurpassed recordings. Drawing on newly researched material in British and American archives, Christopher Dymant reveals how the most renowned and influential conductor of the twentieth century, notoriously microphone shy though he was, came to conduct so frequently in London, a tale replete with unexpected twists, turns and ingenious stratagems. Toscanini's dominating influence on London critics and audiences in the period covered by the narrative, extending through to his final appearances at the Royal Festival Hall in 1952, is copiously documented from contemporary sources. Dymant also presents fresh evidence showing how the remarkable combination of passionate conviction and architectural mastery that characterised Toscanini's conducting was grounded not only in his obsessive study of the score but also in his awareness of performing traditions dating back to the mid-nineteenth century. This book will fascinate those with a particular interest in Toscanini's career and recorded legacy. It is also essential reading for anyone with an interest in the history of conducting and recording in the first half of the twentieth century, set against the vividly evoked backdrop of London's concert scene of the period. This comprehensive study includes both an annotated table of all Toscanini's London concerts and his EMI discography.

CHRISTOPHER DYMENT has written extensively about historic conductors since the 1970s, particularly Felix Weingartner and Arturo Toscanini. His first book on Weingartner was published in 1976.

Guilhermina Suggia: Cellist Anita Mercier, 2017-07-05

Born in 1885 in Porto, Portugal, to a middle-class musical family, Guilhermina Suggia began playing cello at the age of five. A child prodigy, she was already a seasoned performer when she won a scholarship to study with Julius Klengel in Leipzig at the age of sixteen. Suggia lived in Paris with fellow cellist Pablo Casals for several years before World War I in a professional and personal partnership that was as stormy as it was unconventional. When they separated, Suggia moved to London where she built a spectacularly successful solo career. Suggia's virtuosity and musicianship, along with the magnificent style and stage presence famously captured in Augustus John's portrait, made her one of the most sought-after concert artists of her day. In 1927 she married Dr Jos Asimiro Carteador Mena and settled down to a comfortable life divided between Portugal and England. Throughout the 1930s Suggia remained one of the most respected musicians in Europe. She partnered on stage with many famous instrumentalists and conductors and completed numerous BBC broadcasts. The war years kept her at home in Portugal where she focused on teaching, but she returned to England directly after the war and resumed performing. When Suggia died in 1950, her will provided for the establishment of several scholarship funds for young cellists, including England's prestigious Suggia Gift. Mercier's study of Suggia's letters and other writings reveals an intelligent, warm and generous character, an artist who was enormously dedicated, knowledgeable and self-disciplined. Suggia was one of the first women to make a career of playing the cello at a time when prejudice against women playing this traditionally masculine instrument was still strong. A role model for many other musicians, she was herself a fearless pioneer.

In addition to classical instrumentalists, artists in the pop and commercial tradition such as Louis Armstrong, Duke Ellington and Stephane Grappelli are included. The first two sections of the book list some 300 works on various types of virtuosi including brass players, keyboard artists and string and woodwind players. These publications have been personally examined and annotated by Cowden. The final section contains alphabetical entries for more than 1,200 artists. In addition to biographical data, the entries list references to sources cited earlier in the volume, autobiographies and biographies, publications by the performers, related works and compilations of memorabilia, scores and reviews. Cross referencing, an author index and indexing to other musical references are supplied. With its two companion volumes, Concert and Opera Singers and Concert and Opera Conductors, Instrumental Virtuosi is likely to become the standard reference in its field. An appropriate acquisition for any music library or music reference shelf. *Arnold Schoenberg Correspondence* Arnold Schoenberg, Egbert M. Ennulat, 1991.
