change of heart that has since intrigued and fascinated generations of rationalists and philosophers from Immanuel Kant to Arthur Conan Doyle to C G Jung Did Swedenborg go mad or is he a genuine prophet In this work an extract from Swedenborg's 1757 *Apocalypse Explained* he explores the meaning of each of the 10 commandments and discusses good truth and what it means to live a righteous life Swedish scientist and philosopher EMANUEL SWEDENBORG 1688-1772 made notable contributions in the fields of biology geology and astronomy before embarking upon his Scriptural commentary His religious writings include *The Divine Love and Wisdom* *The Apocalypse Revealed* *The True Christian Religion* and *The Last Judgment*

Divine Love and Wisdom Emanuel Swedenborg, 2011-05-17 Emanuel Swedenborg born Emanuel Swedberg January 29 1688 March 29 1772 was a Swedish scientist philosopher Christian mystic and theologian Swedenborg had a prolific career as an inventor and scientist In 1741 at the age of fifty three he entered into a spiritual phase in which he eventually began to experience dreams and visions beginning on Easter weekend April 6 1744 This culminated in a spiritual awakening whereupon he claimed he was appointed by the Lord to write a heavenly doctrine to reform Christianity He claimed that the Lord had opened his spiritual eyes so that from then on he could freely visit heaven and hell and talk with angels demons and other spirits He said that the Last Judgement had already occurred in 1757 though only visible in the spiritual world where he had witnessed it That Judgement was followed by the Second Coming of Jesus Christ which occurred not by Christ in person but by a revelation from Him through the inner spiritual sense of the Word to Swedenborg In fact Swedenborg said it is the presence of that spiritual sense that makes the Word Divine The remaining 28 years of his life he wrote and published 18 theological works of which the best known was *Heaven and Hell* 1758 and several unpublished theological works In *Life on Other Planets* Swedenborg stated that he conversed with spirits from Jupiter Mars Mercury Saturn Venus and the moon He did not report conversing with spirits from Uranus and Neptune however which were not discovered yet This lack is seen by some to raise question about the credibility of all his reports on this matter This issue has been extensively reviewed elsewhere Swedenborg explicitly rejected the common explanation of the Trinity as a Trinity of Persons which he said was not taught in the early Christian Church Instead he explained in his theological writings how the Divine Trinity exists in One Person in One God the Lord Jesus Christ which he said is taught in Colossians 2:9 Swedenborg also rejected the doctrine of salvation through faith alone since he considered both faith and charity necessary for salvation not one without the other The purpose of faith according to Swedenborg is to lead a person to a life according to the truths of faith which is charity as is taught in 1 Corinthians 13:13 and James 2:20 Swedenborg's theological writings have elicited a range of responses However he made no attempt to found a church A few years after his death 15 by one estimate for the most part in England small reading groups formed to study the truth they saw in his teachings As one scholar has noted Swedenborg's teachings particularly appealed to the various dissenting groups that sprang up in the first half of the 19th century who were surfeited with revivalism and narrow mindedness and found his optimism and comprehensive explanations appealing Several writers

were influenced by him including William Blake though he ended up renouncing him Elizabeth Barrett Browning August Strindberg Ralph Waldo Emerson Charles Baudelaire Adam Mickiewicz Honoré de Balzac William Butler Yeats Sheridan Le Fanu Jorge Luis Borges Carl Jung and Helen Keller Other notable figures who were adherents to his teachings were the theologian Henry James Sr the artist George Inness and mid Western pioneer and nurseryman Johnny Appleseed His philosophy had a great impact to The Duke of Södermanland later King Carl XIII who as the Grand master of Swedish Freemasonry Svenska Frimurare Orden built its unique system of degrees and wrote its rituals In contrast one of the most prominent Swedish authors of Swedenborg's day Johan Henrik Kellgren called Swedenborg nothing but a fool A heresy trial was initiated in Sweden in 1768 against Swedenborg's writings and two men who promoted these ideas **Ethical**

Aestheticism in the Early Works of Henry James Tomoko Eguchi, 2016-05-11 This study re-locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James's essays and tales which are less frequently analysed but which nevertheless offer important insights into James's attitude to his artistic method Tracing James's early development in comparison with Ruskin's this book also explores German Romantic thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James's relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James's period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin The Gist of Swedenborg Emanuel Swedenborg, 2022-09-16 Emanuel Swedenborg's *The Gist of Swedenborg* stands as a masterful condensation of the philosopher's vast theological and philosophical endeavors a collection permeated with spiritual insights and metaphysical investigations The text invites readers into a unique literary realm where prose intersects with revelation delivering a dense tapestry of transcendental ideas couched in the empiricism of the Enlightenment era Presented by DigiCat Publishing this special edition is reimagined for contemporary consumption ensuring the enduring legacy of Swedenborg's works remain accessible It speaks to a lineage of divine mysticism wrapped in a narrative that both modernizes and respects the original context in which it was penned *The Gist of Swedenborg* emerges as a piece not just of historical significance but also as a living dialogue between the past and present literary landscapes Swedenborg himself was not merely an author he was a Renaissance man scientist philosopher and theologian whose profound spiritual experiences at mid life transformed him into a revelator for a new age The journey that compelled him to write is evident in this compendium it is the distillation of a lifetime of scholarly exploration and heavenly contemplation Swedenborg's writings have influenced thought leaders across centuries from poets like Blake and Baudelaire to psychoanalyst Carl Jung *The Gist of Swedenborg* encapsulates Swedenborg's vision of a harmoniously interconnected universe where the material and the divine coalesce a vision born of

both intellect and revelation For scholars and seekers alike The Gist of Swedenborg offers a traversable gateway into the expansive world of Swedenborgian thought This edition serves as a testament to human legacy within written expression inviting readers to engage with classical literature in an evolved format It is recommended for those who yearn for a deep intellectual challenge enriched by the weight of spiritual inquiry and for any who appreciate the permanence of philosophical pondering within the mortal coil DigiCat Publishing's restoration and dedication to this work underlines its importance as a classic that deserves recognition and engagement from today's literary enthusiasts and spiritual explorers
