printers hustled down to wharfs to collect mail and periodicals from incoming ships to the ongoing multimedia press coverage of the Iraq War Hamilton explores journalism's constant and not always successful efforts at dishing the foreign news as James Gordon Bennett put it in the mid nineteenth century to describe his approach in the New York Herald He details the highly partisan coverage of the French Revolution the early emergence of special correspondents and the challenges of organizing their efforts the profound impact of the non yellow press in the run up to the Spanish American War the increasingly sophisticated machinery of propaganda and censorship that surfaced during World War I and the golden age of foreign correspondence during the interwar period when outlets for foreign news swelled and a large number of experienced independent journalists circled the globe From the Nazis intimidation of reporters to the ways in which American popular opinion shaped coverage of Communist revolution and the Vietnam War Hamilton covers every aspect of delivering foreign news to American doorsteps Along the way Hamilton singles out a fascinating cast of characters among them Victor Lawson the overlooked proprietor of the Chicago Daily News who pioneered the concept of a foreign news service geared to American interests Henry Morton Stanley one of the first reporters to generate news on his own with his 1871 expedition to East Africa to find Livingstone and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Hamilton details the experiences of correspondents editors owners publishers and network executives as well as the political leaders who made the news and the technicians who invented ways to transmit it Their stories bring the narrative to life in arresting detail and make this an indispensable book for anyone wanting to understand the evolution of foreign news gathering Amid the steep drop in the number of correspondents stationed abroad and the recent decline of the newspaper industry many fear that foreign reporting will soon no longer exist But as Hamilton shows in this magisterial work traditional correspondence survives alongside a new type of reporting Journalism's Roving Eye offers a keen understanding of the vicissitudes in foreign news an understanding imperative to better seeing what lies ahead [The Century Dictionary and Cyclopedia: The Century dictionary ...](#) William Dwight Whitney, Benjamin Eli Smith, 1900 **The Century Dictionary and Cyclopedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E.
