Resources in Education, 1999-04

Physician Assistants in American Medicine Roderick S. Hooker, James F. Cawley, 2003 Built around introductory courses that orient new PA students to the profession this comprehensive up to date book traces the origins of physician assisting in the United States and other countries examining education career opportunities and future trends The 2nd Edition reflects the many changes that have taken place recently in health care and physician assistant programs curriculum and the profession It draws on over 750 published papers related to PAs and other health providers offering an in depth exploration of the PA role in primary care inpatient services and specialized care as well

as the legal basis of PA deployment and the economics of their utilization Extensive documented research refers to hundreds of published papers books and other media sources on PA education and on the profession listed in the comprehensive reference section at the end of the book The authors are well known respected experts who are highly regarded in the field All essential info for the required introductory PA course is covered in one text which is helpful to both students and instructors Material has been expanded to cover 14 chapters with new chapters devoted to Physician Assistant Organizations and Federal Employees and expanded coverage of important topics in other chapters All material in tables figures and the text itself has been revised and updated based on the most recent research to reflect the many changes in the health care and physician assistant fields since the first edition was published New issues are addressed that have come out of major changes in the American health care system incorporating discussions of the latest information and the most current data on the PA profession and PA education Approximately 25 new illustrations have been added to this edition covering new material or illustrating concepts that were previously presented only in text discussions

Manpower Development: Education and Training. Revised Edition William Eugene Tarrants,1980 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1974 **A Subject Bibliography from Highway Safety Literature** United States. National Highway Traffic Safety Administration,1980 *Aehlert's EMT-basic Study Guide* Barbara Aehlert,1998-01-01 The author a well known and respected specialist in the field provides the reader with authoritative coverage of what the EMT needs to know perfectly balanced between the question bank and the more comprehensive traditional text The presentation is clear and concise making the text an excellent addition to the EMT student s resources as well as a perfect tool to use in reviewing for refresher courses *Medical and Health Care Books and Serials in Print* ,1997
