Edad De Oro Xv:

Golden Age Drama in Contemporary Spain Duncan Wheeler, 2012-04-15 This is the first monograph on the performance and reception of sixteenth and seventeenth century national drama in contemporary Spain which attempts to remedy the traditional absence of performance based approaches in Golden Age studies The book contextualises the socio historical background to the modern day performance of the country s three major Spanish baroque playwrights Calder n de la Barca Lope de Vega and Tirso de Molina whilst also providing detailed aesthetic analyses of individual stage and screen adaptations

Moneda, precios y política en la Castilla del siglo XV Angus MacKay, Manuel González Jiménez, 2006 **Música** Jesús Gil Corral, Montserrat Serrano Vida, 2000 **Quixotic Memories** Julia Dominguez, 2022-03-01 The work of Miguel de Cervantes one of the most influential writers in early modern Europe is a reflection of the rich culture of memory in which it was created More than a theme memory is a system of understanding in Cervantes s world resulting from the major social religious and economic changes that epitomized Renaissance humanist culture and that informed the transition to modernity Quixotic Memories offers insight into the plurality and complexity of memory and demonstrates how it plays an exceptionally critical role in Cervantes s Don Quixote It acknowledges Cervantes s transition into modernity as he engaged with theories of memory that were developed in classical antiquity and adapted to the specific circumstances of his own time Julia Dominguez explores the many spaces that memory created for itself in early modern Spain particularly in the fields of philosophy medicine rhetoric mnemotechnics the visual arts and pedagogy Engaging with primary and archival sources Quixotic Memories provides a new reading of Cervantes s famous novel by tracing the socio historical and cultural prominence of memory throughout the author s lifetime The Subversive Tradition in Spanish Renaissance Writing Antonio Pérez-Romero, 2005 The seven texts in this cross section of fiction and nonfiction reveal a nation at the brink of modernity embracing revolutionary ideas and reeling in their explosive impact The opening chapters establish the theoretical framework for Perez Romero s analysis describing the intellectual and social environments of medieval Spain and tracing the developments in Spanish historical and literary scholarship that point to the existence of a new path of investigation Jacket *Oralidad y escritura en el Quijote ¿Oposición o interacción?* Viñao Frago, Antonio, **Black Voices in Early Modern Spanish Literature, 1500-1750** Diana Berruezo-Sánchez, 2024-09-11 In this groundbreaking study Diana Berruezo Sánchez recovers key chapters in the history of Afro Iberian diasporas by exploring the literary contributions and life experiences of black African communities and individuals in early modern Spain From the sixteenth to the eighteenth centuries international trade involving chattel slavery led to significant populations of enslaved free d and half manumitted black African women men and children in the Iberian Peninsula These demographic changes transformed Spain s urban and social landscapes In exploring Spain s role in the transatlantic slave trade and its effects on cultural forms of the period Berruezo Sánchez examines a broad range of texts and unearths new documents relating to black African poets performers and black

confraternities Her discoveries evince the broad yet largely disregarded literary and artistic impact of the African diaspora in early modern Spain expanding the scope of linguistic practices beyond *habla de negros* and creating space for early modern black poets in the Spanish literary canon These textual sources challenge established understandings of black Africans and black African history in early modern Spain They show how black Africans exerted significant cultural agency by collectively contributing to and shaping the literary texts of the period including those of the popular genre *villancicos de negros* and by developing artistic traditions as musicians dancers and poets As both creators and consumers of cultural forms black African men and women navigated a restrictive coercive slave society yet negotiated their own physical and cultural spaces
