Educate Agitate Organize 100 Years Of Fabian Socialism:

Educate, Agitate, Organize Patricia Pugh,1984 Educate, Agitate, Organize Patricia Pugh,2010 **Educate, Agitate, Organize Library Editions: Political Science Volume 59** Patricia Pugh,2013-04-15 This volume describes the way in which the Fabian Society works the distinctive contributions of individuals to that work the structure they have built and the methods they have evolved to facilitate their labours Some Fabians are dedicated to shaping economic and social policies speaking or writing about them and devising the political strategy by which they may be put into practice The author consulted original material which was available for the first time which has augmented former descriptions of the society and placed incidents in a new setting The International Theory of Leonard Woolf P. Wilson,2005-10-29 Colonial civil servant Fabian socialist and eminence grise of the Bloombury Circle Leonard Woolf was one of the most prolific writers on international relations of the early to mid Twentieth Century His report for the Fabian Society International Government was influential on the creation of the League of Nations He was co founder of the popular pressure group the League of Nations Society He was a leading critic of empire He helped to educate the British Labour Party on global issues constructing in 1929 its first credible foreign policy With his wife Virginia he founded the celebrated Hogarth Press He pioneered functionalist and transnationalist theory He pioneered documentary journalism He wrote towards the end of his long life one of the most insightful autobiographies of the Twentieth Century This book examines the thought of this fascinating and relatively unknown political thinker It thoroughly reassesses his ideas for decades condemned as utopian in the context of the much more fluid international scene of theTwenty First century In particular it asks have his ideas about international government gained new pertinence in the post Cold War world **Shirley Williams** Mark Peel,2013-09-17 For fifty years Shirley Williams has been one of Britain s best known and best loved politicians admired for her warmth sincerity integrity and compassion Hailing from an impeccable intellectual background the young Shirley seemed destined for great things as she rose effortlessly up the political ladder Yet for all the talk of her becoming the country s first female Prime Minister that accolade passed her by her feisty independence earning her a career that has been anything but perpetual sunshine In this first ever biography Mark Peel explores the dilemma that has faced Williams throughout the highs and lows of her political life how to tread the line between firmly held principles and party solidarity Drawing on his unfettered access to the family archive and conversations with Williams s colleagues Peel skilfully teases out the contradictions at the heart of this remarkable character Shirley Williams The Biography reveals the surprisingly vulnerable figure behind the reassuring public facade It uncovers the expectations placed on Williams by her highly ambitious parents her guilt about her privileged background and her often tumultuous personal relationships The result is a touching intimate portrait of one of the most complex and popular politicians of our time a woman who through good times and bad has retained her essential humanity **Harold Laski** M. Newman,1993-03-08 Harold Laski 1893 1950 was perhaps the best known socialist intellectual of his

era with influence in the USA India and mainland Europe as well as Britain But he was always a controversial figure and his reputation has never recovered from the effort to discredit him that took place during the Cold War This new biography argues that Laski has been misrepresented It maintains that he dedicated his life to the quest for a just society and that his thought remains highly relevant for our own times

Lifetimes of Commitment Molly Andrews,1991-05-31 Explores the ways in which political belief is developed and sustained throughout the course of a lifetime Through interviews it focuses on the lives of 15 British men and women aged between 70 and 90 who have dedicated half a century or longer to working for social change and justice

Piero Sraffa's Political Economy Terenzio Cozzi,Roberto Marchionatti,2000-11-23 A century after his birth this volume presents a re assessment of the life and work of Piero Sraffa one of the great economists of the twentieth century From his anti Marshallian articles of 1925 and 1926 to his classic work on the theory of capital Production of Commodities by Means of Commodities Sraffa s contribution to the study of economics is closely examined

The Making of a Battle Royal Jeffrey Paul Straub,2018-04-17 American Baptists emerged from the Civil War as a divided group Slavery landmarkism and other issues sundered Baptists into regional clusters who held more or less to the same larger doctrinal sentiments As the century progressed influences from Europe further altered the landscape A new way to view the Bible more human less divine began to shape Baptist thought Moreover Darwinian evolutionism altered the way religion was studied Religion like humanity itself was progressing Conservative Baptists proto fundamentalists objected to these alterations Baptist bodies had a new enemy theological liberalism The schools were at the center of the story in the earliest days as professors many of whom studied abroad returned to the United States with progressive ideas that were passed on to their students Soon these ideas were being presented at denominational gatherings or published in denomination papers and books Baptists agitated over the new views with some professors losing their jobs when they strayed too far from historic Baptists commitments By 1920 the Northern Baptists in particular broke out into an all out war over theology that came to be called The Fundamentalist Modernist controversy This is the fifty year history behind that controversy

The Ivory Tower and Beyond Susan Cochrane,Doug Munro,Max Quanchi,2009-03-26 There is a tradition of participant history among historians of the Pacific Islands unafraid to show their hands on issues of public importance and risking controversy to make their voices heard This book explores the theme of the participant historian by delving into the lives of J C Beaglehole J W Davidson Richard Gilson Harry Maude and Brij V Lal They lived at the interface of scholarship and practical engagement in such capacities as constitutional advisers defenders of civil liberties or upholders of the principles of academic freedom As well as writing history they made history and their excursions beyond the ivory tower informed their scholarship Doug Munro s sympathetic engagement with these five historians is likewise informed by his own long term involvement with the sub discipline of Pacific History

Race, Ideology, and the Decline of Caribbean Marxism Anthony P. Maingot,2015-08-25 In this book Anthony Maingot examines the contemporary intellectual social economic and cultural trajectories of Caribbean

nations in light of the challenges the region as a whole has faced in the postcolonial era By focusing on changes since the 1990s in the context of intellectual roots and movements of the past this manuscript helps define the future course of studies in the field with regard to an empirically valid coherent assessment of a complex region Democratic Socialism in Britain, Vol. 4 David Reisman,2021-03-24

The texts in this collection of 10 volumes demonstrate both the diversity and continuity in British theories of democratic socialism The selection encompasses the Ricardian socialists the Christian socialists and the Fabian socialists Volume 4 includes the Fabian Essays edited by Bernard Shaw *Imperialism on Trial* R. M. Douglas,Michael Dennis Callahan,Elizabeth Bishop,2006-01-01

Imperialism on Trial reveals across a broad cross section of geographical and political settings the operation of the complicated and often conflicted dynamic between the national and international dimensions of colonialism in its final and most historically consequential phase **The State and the**

Legacies of British Colonial Development in Malawi Gift Wasambo Kayira,2023-01-09 What were the origins of British ideas on rural poverty and how did they shape development practice in Malawi How did the international development narrative influence the poverty discourse in postcolonial Malawi from the 1960s onwards In *The State and the Legacies of British Colonial Development in Malawi Confronting Poverty* 1939 1983 Gift Wasambo Kayira addresses these questions Although by no means rehabilitating colonialism the book argues that the intentions of officials and agencies charged with delivering economic development programs were never as ill informed or wicked as some theorists have contended Raising rural populations from poverty was on the agenda before and after independence How to reconcile the pressing demand of stabilizing the country's economy and alleviating rural poverty within the context of limited resources proved an impossible task to achieve Also difficult was how to reconcile the interests of outside experts influenced by international geopolitics and theories of economic development and those of local personnel and politicians As a result development efforts always fell short of their goals Through a meticulous search of the archive on rural and industrial development projects Kayira presents a development history that displays the shortfalls of existing works on development inadequately grounded in historical study

A Normative Theory of the Information Society Alistair S. Duff,2012-03-12 There is a clear need for a systematic integrative and rigorous normative theory of the information society In this book Duff offers a prescriptive theory to help to guide the academic and policy communities as they debate the future shape of emerging post industrial information based societies He argues that information policy needs to become anchored in a left liberal philosophy which foregrounds a feasible permutation of the core ideals of freedom equality and brotherhood The information society if it is to be worth having at all cannot be allowed to be largely the outcome of the free play of market forces and technological determinism The social structure including the information economy must be subjected to a regulatory axiological system as explicated by some leading proponents of social democracy This text will be of interest to scholars and students at the cutting edge of information studies journalism and media computer science sociology politics philosophy management and law *The Social*

Scientific Gaze Per Wisselgren, 2016-02-24 The social sciences have ever since they were first established as academic disciplines played a foundational role in most spheres of modern society in policy making education the media and public debate and hence also indirectly for our self understanding as social beings The Social Scientific Gaze examines the discursive formation of academic social science in the historical context of the social question that is the protracted and wide ranging discussions on the social problems of modernity that were being debated with increased intensity during the nineteenth century Empirically the study focuses on the Lönner Foundation a combined private funding agency and early research institute which was set up in 1885 to promote the rise of Swedish social science and to investigate the social question Comprising an heuristic case the close analysis of the Foundation makes it possible not only to reconstruct its basic ideas and practices but also to situate its activities in broader historical and sociological context The Social Scientific Gaze argues that the rise of Swedish social science may be seen not only as an answer to the social question but also as one attempt alongside others including contemporary social literature the philanthropic reform movement and the introduction of modern social policy to conceptualize mobilize and regulate the social sphere In this process it is furthermore shown how an ambiguous yet distinct social scientific gaze was discursively articulated **Fictions of the City** Matthew

Taunton, 2009-09-29 Many studies of fictions of city life take the flaneur as the characteristic metropolitan type and streets and plazas as definitive urban spaces Looking at novels and films set in London and Paris from L'Assommoir to Nil By Mouth this book shows that mass housing is equally central to images of the modern city **The Women's Suffrage Movement**

Elizabeth Crawford, 2003-09-02 This widely acclaimed book has been described by History Today as a landmark in the study of the women's movement It is the only comprehensive reference work to bring together in one volume the wealth of information available on the women's movement Drawing on national and local archival sources the book contains over 400 biographical entries and more than 800 entries on societies in England Scotland and Wales Easily accessible and rigorously cross referenced this invaluable resource covers not only the political developments of the campaign but provides insight into its cultural context listing novels plays and films Scholars at War Geoffrey G. Gray, Doug Munro, Christine

Winter, 2012-01-01 SCHOLARS AT WAR is the first scholarly publication to examine the effect World War II had on the careers of Australasian social scientists It links a group of scholars through geography transnational national and personal scholarly networks and shared intellectual traditions explores their use and contextualizes their experiences and contributions within wider examinations of the role of intellectuals in war SCHOLARS AT WAR is structured around historical portraits of individual Australasian social scientists They are not a tight group rather a cohort of scholars serendipitously involved in and affected by war who share a point of origin Analyzing practitioners of the social sciences during war brings to the fore specific networks beliefs and institutions that transcend politically defined spaces Individual lives help us to make sense of the historical process helping us illuminate particular events and the larger cultural social and even political

processes of a moment in time

The Blackwell Dictionary of Modern Social Thought William Outhwaite, 2008-04-15
