Smith, 2011-12-06 Teachers help students learn develop and realize their potential To become successful in their craft
teachers need to learn how to establish high quality relationships with their students and they need to learn how to
implement instructional strategies that promote students learning development and potential To prepare pre service teachers
for the profession the study of educational psychology can help them to better understand their students and better
understand their process of teaching Such is the twofold purpose of Educational Psychology to help pre service teachers
understand their future students better and to help them understand all aspects of the teaching learning situation The
pursuit of these two purposes leads to the ultimate goal of this text namely to help pre service teachers become increasingly
able to promote student learning development and potential when it becomes their turn to step into the classroom and take
full time responsibility for their own classes *Test Bank to Accompany Educational Psychology, First Canadian Edition*
