

El Leon De Santa Rita

Antonio García Cubas

El León De Santa Rita:

El león de Santa Rita Florencio García Cisneros, 1989 Biografía de Vicente García uno de los principales generales de las guerras de independencia de Cuba **Cuba and the United States** Jose M. Hernández, 2013-12-18 When Cuba threw off the yoke of Spanish rule at the end of the nineteenth century it did so with the help of another foreign power the United States Thereafter the United States became involved in Cuban affairs intervening twice militarily 1898 1902 and 1906 1909 What was the effect of U S intervention Conventional wisdom indicates that U S intervention hindered the rise of militarism in Cuba in the early years of statehood This pathfinding study however takes just the opposite view Jose M Hernández argues that while U S influence may have checked the worst excesses of the Independence war veterans who assumed control of Cuba's government it did not completely deter them from resorting to violence Thus a tradition of using violence as a method for transferring power developed in Cuba that often made a mockery of democratic processes In substantiating this innovative interpretation Hernández covers a crucial phase in Cuban history that has been neglected by most recent U S historians Correcting stereotypes and myths he takes a fresh and dispassionate look at Cuba's often romanticized struggle for political emancipation describing and analyzing in persuasive detail civilmilitary relations throughout the period This puts national hero José Martí's role in the 1895 1898 war of independence in an unusual perspective and sets in bold relief the historical forces that went underground in 1898 1902 only to resurface a few years later This study will be of interest to all students of hemispheric relations It presents not only a more accurate picture of the Cuba spawned by American intervention but also the Cuban side of a story that too frequently has been told solely from the U S point of view *Paraguay*, 1867

Apache Adaptation to Hispanic Rule Matthew Babcock, 2016-09-26 As a definitive study of the poorly understood Apaches de paz this book explains how war weary mutually suspicious Apaches and Spaniards negotiated an ambivalent compromise after 1786 that produced over four decades of uneasy peace across the region In response to drought and military pressure thousands of Apaches settled near Spanish presidios in a system of reservation like establecimientos or settlements stretching from Laredo to Tucson Far more significant than previously assumed the establecimientos constituted the earliest and most extensive set of military run reservations in the Americas and served as an important precedent for Indian reservations in the United States As a case study of indigenous adaptation to imperial power on colonial frontiers and borderlands this book reveals the importance of Apache Hispanic diplomacy in reducing cross cultural violence and the limits of indigenous acculturation and assimilation into empires and states **Chiapas. Datos por ejido y comunidad agraria.**
