But the story of his controversial role in history is still being told and his full measure as a musician still being taken This

Lithuania and Latvia are also represented with their most influential artists Through a chronology an introduction essay a bibliography and over 500 cross referenced dictionary entries on filmmakers performers cinematographers composers producers studios genres and outstanding films this reference work covers the history of Russian and Soviet filmmaking from 1896 to 2007 *Such Freedom, If Only Musical* Peter J Schmelz, 2009-03-04 Examining the construction and reception of the music produced in the Soviet Union between 1956 and 1974 in the period known as the Thaw this is the first book to draw upon interviews with musicians from the time as well as detailed analyses and archival materials *Rethinking Lyric Communities* Irene Fantappiè, Francesco Giusti, Laura Scuriatti, 2024-10-28 In contemporary Western societies lyric poetry is often considered an elitist or solipsistic literary genre Yet a closer look at its history reveals that lyric has always been intertwined with the politics of community formation from the imagining of national and transnational discursive communities to the use of poetry in episodes of collective action protest and social resistance Poetic forms have circulated between languages and traditions from around the world and across time But how does lyric poetry address or even create communities and of what kinds This volume takes a global perspective to investigate poetic communities in dialogue with recent developments in lyric theory and concepts of community In doing so it explores both the political potentialities and the perils of lyric poetry *Yuri Lyubimov: Thirty Years at the Taganka Theatre* B. Beumers, 2003-09-02 A study of Yury Lyubimov's tempestuous career and his style of theatre This work traces the development of his ideas from his arrival at the Taganka Theatre in 1964 through to his expulsion in 1984 and his period of exile in the West until his return in 1989 to a much changed Russia *Shostakovich in Dialogue* Judith Kuhn, 2017-07-05 A thorough examination of Shostakovich's string quartets is long overdue Although they can justifiably lay claim to being the most significant and frequently performed twentieth century oeuvre for that ensemble there has been no systematic English language study of the entire cycle Judith Kuhn's book begins such a study undertaken with the belief that despite a growing awareness of the universality of Shostakovich's music much remains to be learned from the historical context and an examination of the music's language Much of the controversy about Shostakovich's music has been related to questions of meaning The conflicting interpretations put forth by scholars during the musicological Shostakovich wars have shown the impossibility of fixing a single meaning in the composer's music Commentators have often heard the quartets as political in nature although there have been contradictory views as to whether Shostakovich was a loyal communist or a dissident The works are also often described as vivid narratives perhaps a confessional autobiography or a chronicle of the composer's times The cycle has also been heard to examine major philosophical issues posed by the composer's life and times including war death love the conflict of good and evil the nature of subjectivity the power of creativity and the place of the individual and particularly the artist in society Soviet commentaries on the quartets typically describe the works through the lens of Socialist Realist mythological master narratives Recent Western commentaries see Shostakovich's quartets as expressions of broader twentieth century

subjectivity filled with ruptures and uncertainty What musical features enable these diverse interpretations Kuhn examines each quartet in turn looking first at its historical and biographical context and goes on to give special attention to the cultural questions being discussed at the time of its writing Textological Aspects of Musicology in Russia and the Former Soviet Union Tatyana Naumenko,2018-03-29 In this monograph Tatyana Naumenko Doctor of Arts and a professor at Moscow's Gnessin Russian Academy of Music looks at modern Russian musicology through the prism of texts representing it She mentions subjects addressed in musicological studies names genres of music that scholars preference to explore and describes modern methods of research and criteria of assessment largely with the aim of overcoming Soviet era dogmatism Special consideration is given to the writing of academic degree dissertations on music in the former Soviet Union and post Soviet Russia The Annex lists dissertations approved between 1970 and 2013 **Yury Lyubimov at the Taganka Theatre, 1964-1994** Birgit Beumers,1997 In this fascinating study of Yury Lyubimov's tempestuous career and his liberating style of theatre Birgit Beumers thoroughly explores the making of a major figure in twentieth century theatre She traces the development of Lyubimov's ideas from his arrival at the Taganka theatre in 1964 through his expulsion in 1984 and his period of exile in the West until his return in 1989 to a much changed Russia Back cover **Analytical Approaches to 20th-Century Russian Music** Inessa Bazayev,Christopher Segall,2020-09-28 This volume brings together analyses of works by thirteen Russian composers from across the twentieth century showing how their approaches to tonality modernism and serialism forge forward looking paths independent from their Western counterparts Russian music of this era is widely performed and much research has situated this repertoire in its historical and social context yet few analytical studies have explored the technical aspects of these composers' styles With a set of representative analyses by leading scholars in music theory and analysis this book for the first time identifies large scale compositional trends in Russian music since 1900 The chapters progress by compositional style through the century and each addresses a single work by a different composer covering pieces by Rachmaninoff Myaskovsky Prokofiev Shostakovich Mansurian Roslavets Mosolov Louri Tcherepnin Ustvolskaya Denisov Gubaidulina and Schnittke Musicians scholars and students will find here a starting point for research and analysis of these composers' works and gain a richer understanding of how to listen to and interpret their music
