DellaCava, Madeline H. Engel, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions. Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play. The issues discussed include gender, authority, female autonomy, and unruliness; courtship and marriage; language and speech; and performance and theatricality.

EBOOK: Education Studies: Issues & Critical Perspectives Derek Kassem, Emmanuel Mufti, John Robinson, 2006-08-16 This major text for Education Studies students provides a critical account of key issues in education today. The text features a critical analysis of key issues in Education Studies to encourage students thinking about education in the broadest terms. Themed sections with introductions to link the issues discussed in each chapter. Use of specific examples of educational diversity to illustrate how concerns such as ethnicity, gender, and class operate in educational institutions. An examination of educational issues as they relate to other phases of educational provision such as home schooling and universities. *Education Studies: Issues and Critical Perspectives* is an essential text for Education Studies students. It is also of value to students on QTS courses and students and professionals in areas such as sociology, childhood studies, community studies, and education policy.

Promoting the Socio-Economic Wellbeing of Marginalized Individuals Through Adult Education Tawiah, Sampson, Setlhodi, Itumeleng Innocentia, 2023-07-17 The socioeconomic exclusion of marginalized individuals, including youths and adults, persists in society, leading to inequality, poverty, and lack of fulfillment in life. The digital divide continues to widen the gap between those who have access to education and those who do not, particularly in the adult education space. *Promoting the Socio-Economic Wellbeing of Marginalized Individuals Through Adult Education* is a research book which offers a comprehensive solution to the problem of the widening divide. This book provides a collection of original research and best practices in adult education that focus on integrating ICT into teaching and learning. This approach is particularly relevant in the current era of the digital divide, where access to education is crucial for socioeconomic development. Moreover, the book emphasizes the importance of decolonization and social justice in the era of digital migration, a crucial step toward creating a fair and just society. Edited by Dr. Sampson Tawiah, a leading scholar in the field of adult education, this book offers theoretical and scientific research reports that benefit postgraduate students, scholars, policymakers, and education providers in general. The book covers a wide range of topics, including sustainable economic change, leadership and management within adult education, and quality assurance in adult education, among others. This must-read book is ideal for anyone interested in creating a fair and just society and is an essential resource for anyone working in the field of adult education. The integration of ICT into adult education practices is a major focus of the book, offering a practical approach to bridging the digital divide and improving access to education for marginalized individuals.

Anatomy of Injustice Raymond Bonner,2013-01-08 From Pulitzer Prize winner Raymond Bonner the gripping story of a grievously mishandled murder case that put a twenty three year old man on death row In January 1982 an elderly white widow was found brutally murdered in the small town of Greenwood South Carolina Police immediately arrested Edward Lee Elmore a semiliterate mentally retarded black man with no previous felony record His only connection to the victim was having cleaned her gutters

and windows but barely ninety days after the victim's body was found he was tried, convicted and sentenced to death. Elmore had been on death row for eleven years when a young attorney named Diana Holt first learned of his case. With the exemplary moral commitment and tenacious investigation that have distinguished his reporting career, Bonner follows Holt's battle to save Elmore's life and shows us how his case is a textbook example of what can go wrong in the American justice system. Moving, enraging, suspenseful and enlightening, *Anatomy of Injustice* is a vital contribution to our nation's ongoing, increasingly important debate about inequality and the death penalty. *Changing Education* Janet McKenzie, 2014-09-25

For courses in Sociology, Sociology of Education, Applied Social Studies, Research Methods, Family Studies, Education, Educational Studies, Educational Management and Teacher training including B Ed and PGCE, Social Policy, Education Policy, Research Methods and History, Contemporary History, Social History, Research Methods, Family Histories. It can also be used as a supplementary text on courses in Education, Policy, Management, options on Politics, Education, Policy, Political Sociology, Research Methods, Psychology, Knowledge, Intelligence, Attitudes, Research Methods and Public Administration, Education, Administration, Education, Management. This unusual multidisciplinary approach combines textbook and original research to provide an accessible introduction to the sociology of education and the evolution of education in post-war Britain. The book reviews existing research findings and theories and uses family education histories to illustrate how changes in education have been personally experienced and responded to. The issues, systems, key theories and research methods are all clearly explained. In providing a fresh and stimulating source of information and new ideas, *Changing Education* enables students and teachers to understand and challenge assumptions about what education has been, is and should be like. **The Essential Mystery Lists** Roger M Sobin, 2011-09-30

For the first time in one place, Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented. He has also included many of the best of lists by more than fifty of the most important contributors to the genre. Mr Sobin spent more than two decades gathering the data and lists in this volume; much of that time he used to recheck the accuracy of the material he had collected. Several of the best of lists appear here for the first time in book form. Several others have been unavailable for a number of years. Of special note are Anthony Boucher's Best Picks for the Year, Boucher, one of the major mystery reviewers of all time, reviewed for *The San Francisco Chronicle*, *Ellery Queen Mystery Magazine* and *The New York Times*. From these resources, Mr Sobin created Boucher's Best and Important Lists to Consider, lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968. This is a great resource for all mystery readers and collectors. Winner of the 2008 Macavity Awards for Best Mystery Nonfiction. **Education and Celtic Myth** Pádraic Frehan, 2012-01-01

The book examines one aspect of the national self-image of Ireland as it was trans-generationally transmitted in the Irish National School environment through the medium of the Celtic mythology tales. Celtic mythology embodied a unique Irishness without being contentious in the wider social and political spheres and the texts had the capability to impart a national self-image.

character and ideological model for the young generation to follow and exemplify while concurrently act as a sanctuary in which a unique neutral Irish self past and contemporary self image could be connected to From 1922 onwards a state run National School curriculum was set up to propagate a national ideal through the teaching of the Irish language Irish history and a rekindled awareness of Ireland's unique past The mythology tales were employed to portray this unique past and their inclusion in the textbooks provided a platform for the policies of the inculcation of national pride self respect and self image in the Irish nation official government and Department policy following the Second National Programme Conference and Report in 1926 The aim of this book is an imagological one focusing on what made these tales ideological The study incorporates a triangular approach contextual intertextual and textual It is at the point of intersection between 4 specialisms the historical study of Irish nationalism the history of culture and education in 20th century Ireland imagology and corpus linguistics The conclusions drawn are based upon factual statistical information garnered from the analyses conducted on the corpus and utilise information that is concrete and not hypothetical This volume is of interest for all those working in Irish school literature Irish studies especially cultural intellectual and educational history of Ireland imagology and European studies

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008

Reshaping Graduate Education Through Innovation and Experiential Learning Jenkins, Toby S., 2020-10-16 Discussions on the importance and impact of pedagogical practice on students as whole persons are often concentrated on the P 12 or undergraduate learning experience In higher education many institutions do an outstanding job of complicating the

undergraduate classroom to include civic engagement community based learning education abroad social action and project based learning But what about the graduate classroom While there are indeed numerous graduate programs that push students to interact with strong meaningful difficult and sometimes harsh facts scholarship and ideologies the instructional methods have largely remained stagnant New methods of constructing deep and meaningful learning in graduate education is essential for the transformation and continued evolution of graduate school instruction Reshaping Graduate Education Through Innovation and Experiential Learning is a crucial reference book that offers practice based reflections on efforts to infuse creativity social action engaged learning or other creative interventions into the graduate classroom The book includes personal narratives that are grounded in pedagogical perspectives from graduate school instructors who share their experiences with innovative and transformative teaching practices The goal of the book is to encourage graduate school professors to engage social justice education as something to be experienced and practiced in their courses and not just as a concept to be studied As such the book covers topics such as self directed learning counseling and community mapping It is ideal for graduate level instructors in the field of education and other related social science areas as well as junior faculty as they establish a teaching practice or veteran faculty seeking creative transformation
