A New Theory of Human Nature, with a correspondent system of Education: together with a Preface by Counsellor Baumgarten. Translated from the German [i.e. from the work of Friedrich Engel, entitled "Versuch einer Theorie von dem Menschen und dessen Erziehung"]. THEORY., 1755 *Forgotten Pedagogues of German Education* Ralf Koerrenz, Sebastian Engelmann, 2019-10-15 This book introduces six pedagogues from the German context to an English speaking audience and demonstrates their significant contribution to the field of alternative education First and foremost the authors emphasise the importance of understanding the history of education to realise that in fact what we understand as normal today is by no means the only course history could have taken The quest for alternative ways of schooling goes back to the late eighteenth century where educational thinkers advocated various approaches in the face of

rapid societal change The chosen six thinkers are not well known in the English speaking scientific community and some are even infrequently cited in the German context In offering an historic and systematic introduction to concepts that can frame Alternative Education in different ways this book allows the reader to critically reevaluate present forms of education by using the past as a mirror Philosophy of Education in Dialogue between East and West Masamichi Ueno,2023-07-31 This edited book opens a dialogue on theories and philosophies of education between the East and the West in the era of globalisation A great deal of research has been devoted to discussion of the ideas of Western theorists such as Plato Aristotle Locke Rousseau Kant French Herbert Dewey Piaget and so on and their thoughts have had a tremendous impact on Japanese educational practices In addition the 21st century society has promoted international academic standardisation of knowledge skills and competencies for a knowledge based economy making great strides in educational development for globalisation On the other hand East Asia has retained its own unique insights and perspectives that cannot entirely be understood by Western philosophies of education alone The contributors to this volume offer the reader insights into how Japanese and East Asian theories and philosophies of education encounter those from the West by taking up heated and controversial issues such as education of caring morality nature catastrophe body and cultivation art language politics democracy and modernity The book will appeal to researchers teachers students policymakers and anyone interested in the theory and philosophy of education in the East or those who would like to reconsider education in a multicultural society This book won the Philosophy of Education Society of Australasia PESA Book Award for 2024 Education and Culture in Industrializing Asia Willy Wielemans,Pauline Choi-Ping Chan,1992 *Political Education in the Anthropocene* Nathanaël Wallenhorst,Renaud Hétier,Jean-Philippe Pierron,Christoph Wulf,2023-10-19 This book articulates an educational theory as well as a political theory of the Anthropocene Divided into three sections it addresses educational anthropology cultures and institutions and educational recommendations in the Anthropocene Topics covered in the volume measure the impact of the idea of the Anthropocene on the type of anthropology that underlies education and on a phenomenology of relationship It links the notion of the Anthropocene with cultures and institutions so as not to smooth out or erase the latter Finally it presents proposals and recommendations for educational practices The work advocates rethinking education as an essential component in ensuring the sustainability of human life in society by proposing to go beyond the approach of education for sustainable development or environmental education The work also brings together empirical contributions in which proposals are elaborated for programs pedagogical devices and experiments relating to the preparation of the future in the field of education This volume is of interest to researchers of the Anthropocene *Studies Introductory to a Theory of Education* Ernest Trafford Campagnac,1915 Advances in Human Factors in Training, Education, and Learning Sciences Salman Nazir,Tareq Z.
