The Economic Mind in American Civilization: 1918-1933 Joseph Dorfman, 1969 The Economist's Oath George F. DeMartino, 2011-01-26 The Economist's Oath seeks to initiate a serious conversation among economists about the ethical content of their work by raising fundamental questions on the nature of what economists do and how ethics can and should be involved in this **The Economic Mind in America** History of Economics Society. Conference, 1998 The Economic mind of America examines the concept of American economic thought reassessment of pioneering American policy analysts such as Irving Fisher Wesley Mitchell Harold Moulton and Leo Paslovsky as well as the theoretical contributions of Herbert Davenport and Frank Knight Thorstein Veblen's institutional economics and an exploration of the influence of Canadian and European economic thought analysis of contributions of C S Peirce Alvin Johnson and science fiction author Robert A Heinlein American economists interests in issues from 1886-1995 **Political Economy, Linguistics and Culture** Jürgen Backhaus, 2007-12-21 During the late 19th and throughout the 20th century social sciences in general and economics in particular have undergone enormous progress This has led to something of an embarrassment of riches While certain topics have been fully researched to the point where the marginal benefit from further research is approaching zero others have remained largely under researched or were being ignored altogether It is this discrepancy which prompted the research paradigm of Crossing Bridges For this volume ten authors have joined forces to address the problem of under researched topics focussing in particular on gaps in interdisciplinary research between economics and other social sciences such as linguistics art and cultural history Making use of interdisciplinary methods and approaches the book makes a case for stronger bonds between the different fields of social science *Research in Economic History* Christopher Hanes, Susan Wolcott, 2019-08-26 In this new volume of Research in Economic History editors Christopher Hanes and Susan Wolcott bring together a cast of expert contributors to vigorously interrogate and analyze historic economics questions looking across the political economy of the US European history and longstanding economic debates **The Economic Mind in American Civilization** Joseph Dorfman, 1959 **The Historiography of Economics** A.W. Bob Coats, 2013-10-08 This is the third and final volume of collected papers of A W Bob Coats Coats began to collect material for this volume in the years following the publication of the second volume in 1993 but sadly died in 2007 before the work was completed The volume has now been completed under the editorship of Roger Backhouse and Bruce Caldwell Along with his articles the compilation of the volume also reflects Coats interest in and commitment to book reviews a selection of which have been chosen for inclusion The book also includes a comprehensive bibliography In addition to a preface by Backhouse and Caldwell the volume also reproduces the obituary that was published in History of Political Economy a memoir published in 1996 and an interview with Grant Fleming published the previous year Together the introductory materials articles and reviews serve as a fitting tribute to the body of work of Bob Coats **Annals of the American Academy of Political and Social Science**, 1963 **Research in**
