## **Economic Record Of Presidential Performance From Truman To Bush:**

The ^APresidency of the United States Richard M. Pious,2010-04-10 The Presidency of the United States is an illustrated A to Z guide to the U S Presidency including biographical sketches of each President and Vice President along with articles on presidential powers presidential history theories about the presidency presidential elections advisors and agencies and information about the daily workings of the White House The second edition is completely revised up to March 2001 with new Biographies of George W Bush and Dick Cheney and completely updated biographies of Bill Clinton and Al Gore **The President as Economist** Richard J. Carroll,2012-06-06 This book provides evaluations of American presidents over the course of 66 years of U S economic history using quantitative data to provide credible defensible answers to controversial questions like Whose economic policies were more effective Ronald Reagan s or Bill Clinton s **The President as Economist** Scoring Economic Performance from Harry Truman to Barack Obama provides eye opening insights about matters of critical importance for the future of the United States Author Richard J Carroll tackles a topic that he has researched and been focused on for more than 20 years providing impartial assessments and rankings of each presidential administration according to numerous key performance indicators quantitative data not subjective opinions The final chapter combines all of the data to present a numeric score Presidential Performance Index PPI for each administration that allows an overall ranking of the 11 presidents The analysis covers 66 years of U S economic history ranging from 1946 through 2011 The earlier administrations of Harry S Truman through Jimmy Carter set the context against which more recent presidencies are judged This title will be an invaluable resource for everyone from general readers to students at the high school undergraduate and graduate levels as well as journalists lobbyists and anyone directly or indirectly involved in the political process *Depression to Cold War* Joseph M. Siracusa,David G. Coleman,2002-08-30 Organized around the office of the president this study focuses on American behavior at home and abroad from the Great Depression to the onset of the end of the Cold War two key points during which America sought a re definition of its proper relationship to the world Domestically American society continued the process of industrialization and urbanization that had begun in the 19th century Urban growth accompanied industrialism and more and more Americans lived in cities Because of industrial growth and the consequent interest in foreign markets the United States became a major world power American actions as a nation whether as positive attempts to mold events abroad or as negative efforts to enjoy material abundance in relative political isolation could not help but affect the course of world history Under President Hoover the federal government was still a comparatively small enterprise challenges of the next six decades would transform it almost beyond belief touching in one way or another almost every facet of American life Before the New Deal few Americans expected the government to do anything for them By the end of the Second World War and in the aftermath of the Great Depression however Americans had turned to Washington for help Even the popular Reagan presidency of the 1980s the most conservative since Hoover would

fail to undo the basic New Deal commitment to assist struggling Americans There would be no turning back the clock at home or abroad

**Gerald Ford and the Challenges of the 1970s** Yanek Mieczkowski, 2005-04-22 A reappraisal of the brief presidency of Gerald Ford called to leadership in the midst of scandal stagflation and an energy crisis For many Americans Gerald Ford evokes an image of either an unelected president who abruptly pardoned his corrupt predecessor or an accident prone klutz spoofed on Saturday Night Live In this book Yanek Mieczkowski reexamines Ford's two and a half years in office showing that his presidency successfully confronted the most vexing crisis of the postwar era Viewing the 1970s primarily through the lens of economic events Mieczkowski argues that Ford's understanding of the national economy was better than any modern president's that he oversaw a dramatic reduction of inflation and that he attempted to solve the energy crisis with judicious policies Throughout his presidency Ford labored under the legacy of Watergate Democrats scored landslide victories in the 1974 midterm elections and within an anemic Republican Party the right wing challenged Ford's leadership even as pundits predicted the GOP's death Yet Ford reinvigorated the party and fashioned a 1976 campaign strategy against Jimmy Carter that brought him from thirty points behind to a dead heat on election day Drawing on numerous personal interviews with former President Ford cabinet officials and members of the Ninety fourth Congress Mieczkowski presents the first major work on Ford in more than a decade combining the best of biography and presidential history to paint an intriguing portrait of a president his times and his legacy This ambitious work calls for a reexamination of the Ford presidency in light of the formidable challenges he faced upon taking office A welcome and important addition to the literature on the Ford presidency Library Journal

*Applied Intermediate Macroeconomics* Kevin D. Hoover, 2012 A complete course in applied macroeconomics at the intermediate level that emphasizes the application of economic theory to real world data and policy

*An Economic Record of Presidential Performance* Richard J. Carroll, 1995-08-22 For the first time trends in 20 major economic and federal budget indicators most reported since World War II are presented in a single source The economic performances under each presidential administration are ranked for each indicator as well as for their overall performance The results are often surprising and counter intuitive challenging many popular beliefs This presentation of averages trends and illustrations will allow scholars students and others interested in economics politics and history to interpret economic news more effectively

**CQ's Desk Reference on the Economy** Richard J. Carroll, 2000-04 Answers over six hundred questions on the U S economy covering events indicators and trends from the 1930s to 1999 fiscal and monetary private sector social environmental and international economic issues and economy evaluation and includes a glossary bibliography and other reference materials

*Immovable Object* A. B. Abrams, 2020-10-01 North Korea and the United States have been officially at war for over 70 years one of the longest lasting and most unbalanced conflicts in world history in which a small East Asian state has held its own against a Western superpower for over three generations With the Western world increasingly pivoting its attention towards Northeast Asia and the region likely to play a more central role in

the global economy North Korea's importance as a strategically located country potential economic powerhouse and major opponent of Western regional hegemony will only grow over the coming decades This work is the first fully comprehensive study of the ongoing war between the two parties and covers the history of the conflict from the first American clashes with Korea's nationalist movement in 1945 and imposition of its military rule over southern Korea to North Korea's nuclear deterrence program and ongoing tensions with the U S today The nature of the antagonism between the two states one profoundly influenced by both decolonisation and wartime memory and the other uncompromising in its attempts to globally impose its leadership and ideology is covered in detail Northern Korea is one of very few inhabited parts of the world never to have been placed under Western rule and its fiercely nationalist identity as a deeply Confucian civilization state has made it considerably more difficult to tackle than almost any other American adversary This work elucidates the conflicting ideologies and the discordant designs for the Korean nation which have fueled the war and explores emerging fields of conflict which have become increasingly central in recent years such as economic and information warfare Prevailing trends in the conflict and its global implications including the multiple wars that have been waged by proxy are also examined in detail An in depth assessment of the past provides context key to understanding the future trajectories this relationship could take and how a continuing shift in global order away from Western unipolarity is likely to influence its future To understand where the Korean Peninsula might go in the rest of the 21st century Abrams telling of the story of how the two countries got to where they are today is essential ANKIT PANDA senior editor The Diplomat even those who find his conclusions unpalatable will be forced to weigh them carefully JOHN EVERARD former British Ambassador to North Korea *Historical Dictionary of the Nixon-Ford Era* Mitchell K. Hall, 2008-02-22 The presidential administrations of Richard Nixon and Gerald Ford encompassed some of the most turbulent and significant years of the 20th century Nixon was elected near the end of a decade characterized by struggles for civil rights years of war in Vietnam and widespread cultural rebellion Although he promised during his campaign to bring the country together Nixon's administration was more confrontational than compromising and ultimately deepened national divisions Gerald Ford worked to restore integrity to the White House but never fully established a program separate from his predecessor His pardon of Nixon and the 1975 fall of South Vietnam kept him linked to the past rather than establishing the beginning of a new era The Nixon Ford Era witnessed one of the most controversial presidential eras yet despite all of the turmoil progress was made The Vietnam War eventually wound down the Cold War went through a phase of détente relations were established with China civil rights progressed the situation of African Americans and Native Americans improved and Women's Liberation altered the status of half of the population The Historical Dictionary of the Nixon Ford Era relates these events and provides extensive political economic and social background on this era through a detailed chronology an introduction appendixes a bibliography and several hundred cross referenced dictionary entries on important persons events institutions policies and issues **Muslim Women of Power**

Clinton Bennett,2010-12-30 An exploration of powerful Muslim women covering issues of gender culture and politics in Islam

**Divided Loyalties** Frank Koscielski,2018-10-24 This book explores the international leadership of the AFL CIO the UAW and UAW Local 600 the world s largest union local and reveals that overall working class response to the Vietnam War mirrored that of the American society as a whole **Congressional Quarterly's Desk Reference on the Economy**

Richard J. Carroll,2000 Answers over six hundred questions on the U S economy covering events indicators and trends from the 1930s to 1999 fiscal and monetary private sector social environmental and international economic issues and economy evaluation and includes a glossary bibliography and other reference materials **The ^AOxford Guide to the United**

**States Government** John J. Patrick,Richard M. Pious,Donald A. Ritchie,2001-07-04 The Oxford Guide to the United States Government is the ultimate resource for authoritative information on the U S Presidency Congress and Supreme Court Compiled by three top scholars its pages brim with the key figures events and structures that have animated U S government for more than 200 years In addition to coverage of the 2000 Presidential race and election this Guide features biographies of all the Presidents Vice Presidents and Supreme Court Justices as well as notable members of Congress including current leadership historical commentary on past elections major Presidential decisions international and domestic programs and the key advisors and agencies of the executive branch in depth analysis of Congressional leadership and committees agencies and staff and historic legislation and detailed discussions of 100 landmark Supreme Court cases and the major issues facing the Court today In addition to entries that define legal terms and phrases and others that elaborate on the wide array of government traditions this invaluable book includes extensive back matter including tables of Presidential election results lists of Presidents Vice Presidents Congresses and Supreme Court Justices with dates of service lists of Presidential museums libraries and historic sites relevant websites and information on visiting the White House the Capitol and Supreme Court buildings A one stop comprehensive guide that will assist students educators and anyone curious about the inner workings of government The Oxford Guide to the United States Government will be a valued addition to any home library **Policy**

William Boyes,William J. Boyes,1994 **Congressional Quarterly's Desk Reference on the Federal Budget** Bruce

Wetterau,1998 A raindrop s rhyming recitation explains the water cycle A Short History of American Industrial Policies

William R. Nester,2016-07-27 For nearly four centuries Americans have debated the government s proper role in developing the economy Some argue that the economy develops the best when government intervenes the least Others counter that the economy best develops when government and business work together to that end A Short History of American Industrial Policies analyzes the ideological political and industrial policy struggle from the colonial era to the 1990s To give a complete understanding both the chronology and process of America s industrial policymaking and policies are explored in depth throughout **Southern Economic Journal** ,1996
