Economic Doldrums:

Economic Doldrums Robert G. McGillivray, 1995 In *Economic Doldrums* Robert McGillivray reviews U S economic trends over the period since World War II A comparison is made between the period before 1973 and the years since with interesting findings Since 1973 the standard of living in the United States has been stagnant McGillivray concludes that very low private and public investment are major causes of the slow growth in real per capita income and the steady decline in real earnings per worker experienced recently Public policy is the main thread of the work which is concerned with the effects of differing tax spending monetary and other governmental policies The book relies however on an analysis of business investment as the major stimulus to income generation Economic revitalization through policies structured to provide investment and other income growth inducing incentives is suggested Housing a private asset which produces both consumption services and returns to investment is treated in most depth in a separate chapter Contents Dedication Economic Stagnation Introduction Personal Income and Consumption Private Investment and Wealth Government Policy Public Finance Housing Summary Appendixes Bibliography Index *A commentary on selected economic issues facing the world market economy* United States. Congress. Senate. Committee on Foreign Relations, 1977 *Economic Management in a Hyperinflationary Environment* George Kararach, Raphael O. Otieno, 2016 This volume provides a political economy analysis of leadership and economic management in crises in developing economies based on Zimbabwe s experience *The New Horizon of China's Economic Law Theory* Shouwen Zhang, 2020-10-26 This book presents the development and reformation of economic law in China and explores the three relationships between the government and market between reform and rule of law and between the constitution and economic law On this basis it subsequently focuses on development theory distribution theory risk theory and crisis theory Further it addresses effective development fair distribution and prevention and resolution of related risks and crises which are important functions of economic law In order to achieve the above functions and objectives the book argues we must vigorously promote the integration of rule of law in economic law and constantly refine the theory of economic rule of law employed in China The book demonstrates that no matter how the three major relationships are adjusted or the relevant systems are reformed i e regarding the implementation of the concept of coordinated development or the optimization of economic structures the solution of distribution problems or the improvement of distribution systems the prevention of risks or the response to crises any such changes depend on economic rule of law The above mentioned theoretical discussion presents a new horizon of contemporary Chinese economic law theory which will be of great value to the future development of economic law theory *The Challenge of African Economic Recovery and Development* Adebayo Adedeji, Patrick Bugembe, O. Teriba, 2014-01-09 A special session of the UN General Assembly was held in Abuja the new Nigerian capital in May 1988 This volume reproduces the major papers lines of discussion and conclusions of the conference *Behavioral Economics For Dummies* Morris Altman, 2012-02-28 A guide to

the study of how and why you really make financial decisions While classical economics is based on the notion that people act with rational self interest many key money decisions like splurging on an expensive watch can seem far from rational The field of behavioral economics sheds light on the many subtle and not so subtle factors that contribute to our financial and purchasing choices And in Behavioral Economics For Dummies readers will learn how social and psychological factors such as instinctual behavior patterns social pressure and mental framing can dramatically affect our day to day decision making and financial choices Based on psychology and rooted in real world examples Behavioral Economics For Dummies offers the sort of insights designed to help investors avoid impulsive mistakes companies understand the mechanisms behind individual choices and governments and nonprofits make public decisions A friendly introduction to the study of how and why people really make financial decisions The author is a professor of behavioral and institutional economics at Victoria University An essential component to improving your financial decision making and even to understanding current events Behavioral Economics For Dummies is important for just about anyone who has a bank account and is interested in why and when they spend money

The Transformation of the Japanese Economy Kazuo Sato,2016-09-16 During the rapid growth period of the Japanese economy from the mid 1950s to the mid 1970s the economic system that became entrenched in Japan the so called Japanese style capitalism was based on the government business bureaucracy triad Although its distinct features survived the subsequent two decades of slow growth there are many indications that the Japanese economy is once again struggling to transform itself These translations from the Japanese economic literature expertly address this transformation

The Age of Austerity Thomas J. Schoenbaum,2012-01-01 This provocative look at the global financial crisis argues that the United States the European Union and Japan have intentionally and unwittingly adopted wrong headed economic policies in a futile attempt to deal with sovereign debt resulting from the global financial crisis It offers persuasive evidence of how the politics of austerity fail to encourage economic recovery and proposes instead a number of alternative ideas and solutions The book begins with a detailed breakdown of the financial crisis and the government response in the United States with particular focus on the Dodd Frank Wall Street Reform and Consumer Protection Act The author then puts forth a basic three part plan calling for 1 fundamental tax and entitlement reform 2 massive economic stimulus in the form of public and private investment to modernize the country s aging infrastructures and 3 mortgage relief to revitalize the nation s housing markets The book concludes with specific policy proposals designed to achieve these goals and return the US economy to a state of full employment and robust economic growth This timely and insightful volume will appeal to students and scholars of economics public policy and finance as well as anyone with an interest in the recent economic history of the United States

Southeast Asian Affairs 2001 Daljit Singh,2003-08-01 Southeast Asian Affairs of which there are now twenty eight in the series is an annual review of significant developments and trends in the region Though the emphasis is on ASEAN countries developments in the broader Asia Pacific region are not ignored Readable and easily understood analyses are offered of

major political economic social and strategic developments within Southeast Asia The contributions can be divided into two broad categories There are those which provide an analysis of major developments during 2000 in individual Southeast Asian countries and in the region generally Then there are the theme articles of a more specialized nature which deal with topical problems of concern This volume contains twenty three articles dealing with such major themes as international conflict and co operation political stability and economic growth and development FDR's Good Neighbor Policy Fredrick B. Pike,1995-01-01 In this thoughtful thoroughly researched balanced and unorthodox analysis Pike decides US noninterventionist orientation was based on Rooseveltian realism eschewing pressures on Latin Americans to accept US values he assumed they would eventually co Shimomuran Economics and The Rise of The Tokyo Consensus George Tait Edwards,2014-06-25 The Japanese acknowledge that Dr Osamu Shimomura is their most influential post war economist but his works and his economic model of Japan with its key modification of the Keynesian investment saving equilibrium condition to create an exploding economy seems to be virtually unknown in the economics departments of Western universities This book traces the timeline of the development of Investment Credit Creation economics the economics understanding which has produced explosive economic growth from its apparent beginning in FDR s USA during 1938 44 through the adoption of almost identical measures in post war Japan with the active involvement of Dr Osamu Shimomura and then the transfer of that new system to post rapprochement China after 1972 In the view of the author the Tokyo Consensus nations China Japan South Korea and Taiwan are using and continue to use the mindset of Shimomuran Economics to achieve great economic advantages and the West now needs to learn what part of Asia knows *The Role of Banks in the Interwar Economy* Harold James,Hekan Lindgren,Alice Teichova,2002-08-22 This 1991 volume examines the financing of industry by banks and the banks credit intermediation in industrial economies **Contentious Integration** Chien-peng Chung,2016-05-13 The Asian Pacific is now one of the most important regions in the global system where the interplay of integrative economic geo political and sociocultural processes provide increasing scope for regional leadership to be exercised particularly by China and Japan This book studies the relationship between the People s Republic of China and Japan as the basis of the construction and maintenance of economic and security arrangements in this region It explains how these arrangements have been challenged by the occasionally testy ties between these two major Asian powers and explores their dynamic interactions in promoting their own agenda and ambitions and obstructing that of the other s in contending for leadership of East Asia In so doing it highlights the complex interdependence and competitiveness of China and Japan with careful observation from the United States This book provides practical guidance for foreign policymaking in China Japan and the United States and makes theoretical inferences for the study of Sino Japanese relations regional integration and international relations generally *The Global Politics of Power, Justice and Death* Peter Anderson,2005-07-15 This exciting new text adopts a challenging question led approach to the major issues facing global society today in order to investigate

the nature and complexity of global change Among other things it looks at the future of the state the environment the international political economy war and global rivalries and the role of international law and the UN in the post Cold War world The book devises a readily comprehensible change map which both incorporates a wide range of the fundamental concepts of international relations theory and suggests a number of new concepts capable of assisting the investigation of global change This new framework is deployed to look closely at real world issues in order to isolate the crucial factors which determine whether or not mass hunger for example or environmental abuse can be eliminated

The Political Economy of Divergent Welfare States in the Global South Elias Phaahla, 2024-02-20 This study traces the welfare regimes of Mauritius and South Africa from the early 20th century focusing on the historical circumstances that gave rise to the dominance of state funded old age pensions within their respective welfare frameworks It highlights intersections between powerful business interests the state and social forces that sowed the seeds of social entitlements Due to different mobilisation efforts of these social actors both countries have spawned welfare regimes of different persuasions Mauritius has maintained its long standing traditions as a social democracy stretching back to the late 1950s while South Africa continues relentlessly in pursuit of a liberal welfare state a journey it has treaded since 1928 when the old age pension laws first came into effect While unravelling the innermost workings of welfare state development in Mauritius and South Africa it also probes the present political and economic circumstances that have kept these two welfare regimes resolutely unchanged Against this backdrop it draws parallels between current welfare outcomes and those of old as they continue to chart their way into the future

U.S. Participation in the Multilateral Development Institutions United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on International Development Institutions and Finance, 1983

Regional politics in Russia Cameron Ross, 2024-06-04 This innovative multi contributed book now available in paperback argues convincingly that Russia will never be able to create a viable democracy as long as authoritarian regimes are able to flourish in the regions The main themes covered are democratisation at the regional level and the problems faced by the federal states in forging viable democratic institutions in what is now a highly asymmetrical Federation A major strength of the book lies in its combination of thematic chapters with case studies of particular regions and republics Very little has been published to date on the actual processes of democratisation in particular republics and regions The book takes into account the literature available on the new institutionalism and outlines the importance of institutions in developing and maintaining democracy It looks at the importance of sovereignty federalism and democratic order and considers the distinct problems of party building in Russia s regions Electoral politics are also considered fully before the book goes on to consider the whole issue of regional politics and democratisation in five particular areas of Russia Novgorod the Komi Republic Russia s Far East Tatarstan and Bashkortostan The authors the majority of whom are internationally recognised experts in their field have been drawn from Britain the USA Russia and Germany giving the book a truly global perspective

Sino-Japanese Relations

After the Cold War Michael Yahuda, 2013-10-01 Since the end of the Cold War China and Japan have faced each other as powers of relatively equal strength for the first time in their long history. As the two great powers of East Asia, the way they both compete and cooperate with each other and the way they conduct their relations in the new era will play a big part in the evolution of the region as a whole. This textbook will explore in detail the ways in which politics has shaped the thinking about history and identity in both China and Japan and explain the role political leadership in each country has played in shaping their respective nationalisms. Michael Yahuda traces the evolution of the relationship over the two decades against the framework of a rising China gaining ground on a stagnant Japan and analyzes the politics of the economic interdependence between the two countries and their cooperation and competition in Southeast Asia and in its regional institutions. Concluding with an examination of the complexities of their strategic relations and an evaluation of the potentialities for conflict and co-existence between the two countries, this is an essential text for students and scholars of Sino-Japanese and East Asian International Relations.

Japanese Foreign Policy Today NA NA, 2016-04-30 The US remains the leading world power but across the Pacific Japan has the world's second largest economy and great international economic clout. Some voices in the international arena have urged Japan to play more constructive and politically active roles in the international arena. This volume collects essays analyzing the key issues in Japan's international relations as it heads toward a new world order, the pressing global and regional issues and their domestic implications, the actors and the major policy directions.

Latin American Nationalism James F. Siekmeier, 2017-09-07 With ethnic and class-based national movements taking center stage in countries like Bolivia and Venezuela, nationalism has proven to be one of the most durable and important movements in Latin America. In understanding the history of these nationalisms, we can understand how Latin America relates to the rest of the world. As Latin America inserts itself into a rapidly globalizing world, understanding the changing nature of national identity and nationalism is key. By tracing the important historical origins of present-day Latin American nationalism, this book gives readers a thorough introduction to the subject. Only by understanding how nationalism came to be such an important social and political force can we understand its significance today. In turn, understanding Latin American nationalism helps us understand how Latin America shapes and is shaped by a rapidly globalizing world.

The Top Books of the Year Economic Doldrums The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have charmed audiences this year. Economic Doldrums : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Economic Doldrums : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
