,1936 **Investing in the Health and Well-Being of Young Adults** National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on Improving the Health, Safety, and Well-Being of Young Adults, 2015-01-27 Young adulthood ages approximately 18 to 26 is a critical period of development with long lasting implications for a person s economic security health and well being Young adults are key contributors to the nation s workforce and military services and since many are parents to the healthy development of the next generation Although millennials have received attention in the popular media in recent years young adults are too rarely treated as a distinct population in policy programs and research Instead they are often grouped with adolescents or more often with all adults Currently the nation is experiencing economic restructuring widening inequality a rapidly rising ratio of older adults and an increasingly diverse population The possible transformative effects of these features make focus on young adults especially important A systematic approach to understanding and responding to the unique circumstances and needs of today s young adults can help to pave the way to a more productive and equitable tomorrow for young adults in particular and our society

at large Investing in The Health and Well Being of Young Adults describes what is meant by the term young adulthood who young adults are what they are doing and what they need This study recommends actions that nonprofit programs and federal state and local agencies can take to help young adults make a successful transition from adolescence to adulthood According to this report young adults should be considered as a separate group from adolescents and older adults Investing in The Health and Well Being of Young Adults makes the case that increased efforts to improve high school and college graduate rates and education and workforce development systems that are more closely tied to high demand economic sectors will help this age group achieve greater opportunity and success The report also discusses the health status of young adults and makes recommendations to develop evidence based practices for young adults for medical and behavioral health including preventions What happens during the young adult years has profound implications for the rest of the life course and the stability and progress of society at large depends on how any cohort of young adults fares as a whole Investing in The Health and Well Being of Young Adults will provide a roadmap to improving outcomes for this age group as they transition from adolescence to adulthood

Young Adults and Active Citizenship Natasha Kersh,Hanna Toiviainen,Pirkko Pitkänen,George K. Zarifis,2021-04-21 This open access book sheds light on a range of complex interdependencies between adult education young adults in vulnerable situations and active citizenship Adult education has been increasingly recognized as a means to engage and re engage young adults and facilitate their life chances and social inclusion thus contributing to an active citizenship within their societal contexts This collection of chapters dealing with issues of social inclusion of young people represents the first book to explicitly approach the complex interdependencies between adult education young adults in vulnerable situations and active citizenship from the European perspective Social exclusion disengagement and disaffection of young adults have been among the most significant concerns faced by EU member states over the last decade It has been increasingly recognised by a range of stakeholders that there is a growing number of young people suffering from the various effects of the unstable social economic and political situations affecting Europe and its neighbouring countries Young adults who experience different degrees of vulnerability are especially at risk of being excluded and marginalised Engaging young adults through adult education has been strongly related to addressing the specific needs and requirements that would facilitate their participation in social economic and civic political life in their country contexts Fostering the active citizenship of young people both directly and indirectly is an area where many AE programmes overlap and this has become a core approach to integration This book considers social economic and political dimensions of active citizenship encompassing the development of social competences and social capital civic and political participation and the skills related to the economy and labour market The cross national consideration of the notions of vulnerability inclusion and active citizenship underpins the complexity of translating these concepts into the national contexts of adult education programmes
