Ecologies Of Theater:

Ecologies of Theater Bonnie Marranca, 1996 I have always wondered what Gertrude Stein meant when she called a play a landscape The marvel of her image revealed itself decade by decade as I discovered how essential landscape field and geography are in the conceptual vocabulary of American performance and the extent to which the idea of nature or the real was transposed into a description of performance space by avant garde artists That this space would also be a spiritual space accounts for the emphasis on mind and perception in American performance whose subject has always been vision or revelation from the Introduction How do geography and climate influence a work How is narrative embedded in landscape What is the ecology of an image In Ecologies of Theater Bonnie Marranca elaborates a new perspective on performance that links ecology and aesthetics She writes of dramaturgy as an ecology in the work of Robert Wilson and the mus ecology of John Cage the autobiology of Rachel Rosenthal and spiritual style of Maria Irene Fornes and Meredith Monk and the landscape histories of Heiner Mller and Isak Dinesen In more than two dozen essays Marranca considers theater history and the modernist heritage in the context of landscape culture and art **Earth Matters on Stage** Theresa J. May,2020-08-09 Earth Matters on Stage Ecology and Environment in American Theater tells the story of how American theater has shaped popular understandings of the environment throughout the twentieth century as it argues for theater's potential power in the age of climate change Using cultural and environmental history seven chapters interrogate key moments in American theater and American environmentalism over the course of the twentieth century in the United States It focuses in particular on how drama has represented environmental injustice and how inequality has become part of the American environmental landscape As the first book length ecocritical study of American theater Earth Matters examines both familiar dramas and lesser known grassroots plays in an effort to show that theater can be a powerful force for social change from frontier drama of the late nineteenth century to the eco theater movement This book argues that theater has always and already been part of the history of environmental ideas and action in the United States Earth Matters also maps the rise of an ecocritical thought and eco theater practice what the author calls ecodramaturgy showing how theater has informed environmental perceptions and policies Through key plays and productions it identifies strategies for artists who want their work to contribute to cultural transformation in the face of climate change **Readings in Performance and Ecology** Wendy Arons, Theresa J. May, 2016-04-30 This ground breaking collection focuses on how theatre dance and other forms of performance are helping to transform our ecological values Top scholars explore how familiar and new works of performance can help us recognize our reciprocal relationship with the natural world and how it helps us understand the way we are connected to the land Theatre Ecology Baz Kershaw, 2007-12-13 A study into the relationships between performance theatre and environmental ecology Performance and Ecology: What Can Theatre Do? Carl Lavery, 2019-12-18 In comparison with Literary Studies and Media and Film Studies the disciplines of Theatre and Performance with their strong

anthropocentric heritage have been relatively slow in responding to such things as climate change species extinction or pollution and toxicity etc However in the wake of recent work on animals cyborgs and objects as well as publications with a specific focus on ecology and environment there are real signs that theatre and performance scholars are beginning to make their own contribution to the Environmental Humanities But if theatre critics are engaged in new forms of ecocritical analysis it is worth posing a pertinent question from the outset namely what can theatre do ecologically In this book leading researchers and practitioners seek to answer that question from a number of perspectives and with diverse methodologies Topics include reflections on rehearsal processes scores for performance site based interventions ideas of conflict investigations of temporality and time ecology ecospectating and the experience of disappointment Taken together these essays make an important intervention in the emergent inter disciplines of the Environmental Humanities and further our understanding of the ecological potential of Theatre and Performance in ways that are cautious tentative but also generative This book was originally published as a special issue of Green Letters Studies in Ecocriticism *Ecologies of Community in* Performance Karen Savage, Dominic Symonds, 2025-10-02 In their previous book Economies of Collaboration in Performance Savage and Symonds explored the economy as a metaphor for understanding collaborative practices in the arts This book Ecologies of Community in Performance continues to explore arts practices focusing on communities and turning to the language of ecology to understand the complexities and working dynamics of arts communities The book provides a thoughtful analysis of how communities work as ecologies offering case studies of community processes by way of illustrating the main discussion In doing so it reveals how the triangulation of ecology community and performance allows for a deeper understanding of dynamic relations in the arts enabling scholars practitioners and policy makers to better conceptualise ecological thinking in relation to 21st century arts practices An idea for a theatre ecology Carl Lavery, 2025-09-02 An Idea for a Theatre Ecology is the first book in the discipline of Theatre and Performance Studies to provide a rigorous and coherent theory of the ecology that is immanent to the theatrical medium Over six clearly written chapters the book provides a genealogy outlines a method provides a lexicon and demonstrates an alternative practice of ecoperformance analysis grounded in the figure of the archipelago Focusing on Antonin Artaud's theatre of cruelty the book argues that theatre has no need to provide ecological messages nor to transform itself into a platform for the narration of ecological stories Instead more is to be gained environmentally and politically by concentrating on the power of images gestures and voices to create Ecodramaturgies Lisa corporeal affects and sensations that implicate the spectators in a terrestrial event Woynarski, 2021-12-10 This book addresses theatre s contribution to the way we think about ecology our relationship to the environment and what it means to be human in the context of climate change It offers a detailed study of the ways in which contemporary performance has critiqued and re imagined everyday ecological relationships in more just and equitable ways The broad spectrum of ecologically oriented theatre and performance included here largely from the UK US Canada Europe

and Mexico have problematised reframed and upended the pervasive and reductive images of climate change that tend to dominate the ecological imagination Taking an inclusive approach this book foregrounds marginalised perspectives and the multiple social and political forces that shape climate change and related ecological crises framing understandings of the earth as home Recent works by Fevered Sleep Rimini Protokoll Violeta Luna Deke Weaver Metis Arts Lucy Jorge Orta as well as Indigenous activist movements such as NoDAPL and Idle No More are described in detail **Ecologies of Precarity in Twenty-first Century Theatre** Marissia Fragkou, 2019 Presenting a rigorous critical investigation of the reinvigoration of the political in contemporary British theatre Ecologies of Precarity in Twenty First Century Theatre provides a fresh understanding of how theatre has engaged with precarity affect risk intimacy care and relationality in recent times The study makes a compelling case for reading precarity as a sticky theatrical trope which carries the potential to re animate our understanding of identity politics and responsibility for the lives of Others in an age of uncertainty Approaching precarity as an ecology cutting across various practices themes and aesthetics the book features a comprehensive selection of theatre examples staged in the UK since the 1990s Works by debbie tucker green Alistair McDowall Complicite Simon Stephens Stan s Cafe Mike Bartlett Caryl Churchill The Paper Birds and Belarus Free Theatre are put in dialogue with interdisciplinary feminist vocabularies developed by Judith Butler Sara Ahmed Lauren Berlant and Isabell Lorey In focusing on areas such as children and youth at risk human rights environmental ethics and the politics of debt the study makes a vital contribution to the burgeoning field of politics and theatre in the 21st century Performance: Media and technology Philip Auslander, 2003 This collection reflects not only the multidisciplinary nature of current thinking about performance but also the complex and contested nature of the concept itself Music and the Performing Arts in the Anthropocene François Ribac, Isabelle Moindrot, Nicolas Donin, 2025-08-08 Music and the Performing Arts in the Anthropocene offers a series of thought provoking chapters about music and the performing arts viewed from current Anthropocene aware perspectives From the use of gas water and air in 19th century stage practices to the ecology of musical instruments and sound reproduction technologies waste and carbon print in experimental music and theatrical production knowledge of precariousness and empowerment through music in a changing world each chapter aims at highlighting an issue that has always been here but never looked at thoroughly due to the divides and hierarchies of the modern cosmogony Gathering 16 scholars from a variety of disciplinary backgrounds history of literature opera and theatre studies musicology sound studies sociology information science etc this volume reflects on the relationships between the performing arts music and environmental issues It also explores a number of tools for changes and sketches how we will understand the arts their history and their future beyond ecocriticism This book will be of great interest to students and scholars in the humanities and social sciences as well as a broader readership involved in art and environment policies Rethinking the Theatre of the Absurd Carl Lavery, Clare Finburgh Delijani, 2015-11-05 Rethinking the Theatre of the Absurd is an innovative collection of essays written by leading scholars in

the fields of theatre performance and eco criticism which reconfigures absurdist theatre through the optics of ecology and environment As well as offering strikingly new interpretations of the work of canonical playwrights such as Beckett Genet Ionesco Adamov Albee Kafka Pinter Shepard and Churchill the book playfully mimics the structure of Martin Esslin s classic text The Theatre of the Absurd which is commonly recognised as one of the most important scholarly publications of the 20th century By reading absurdist drama for the first time as an emergent form of ecological theatre Rethinking the Theatre of the Absurd interrogates afresh the very meaning of absurdism for 21st century audiences while at the same time making a significant contribution to the development of theatre and performance studies as a whole The collection s interdisciplinary approach accessibility and ecological focus will appeal to students and academics in a number of different fields including theatre performance English French geography and philosophy It will also have a major impact on the new cross disciplinary paradigm of eco criticism Ecologies of Gender Susanne Lettow, Sabine Nessel, 2022-03-31 Ecologies of Gender Contemporary Nature Relations and the Nonhuman Turn examines the role of gender in recent debates about the nonhuman turn in the humanities and critically explores the implications for a contemporary theory of gender and nature relations The interdisciplinary contributions in this volume each provides theoretical reflections based on an analysis of specific naturecultural processes They reveal how ecologies of gender are constructed through aesthetic epistemological political technological and economic practices that shape multispecies and material interrelations as well as spatial and temporal orderings The volume includes contributions from cultural anthropology cultural studies film studies literary studies media studies philosophy and theatre studies. The essays are organized around four key dimensions of an ecological understanding of gender creatures materials spaces and temporalities The overall aim of the volume Ecologies of Gender Contemporary Nature Relations and the Nonhuman Turn is to explore the potentialities and limitations of the nonhuman turn for a critical analysis and theory of ecologies of gender and thereby make an original contribution to both the environmental humanities and gender studies This book will be of great interest to scholars and students from the interdisciplinary field of the environmental humanities and environmental studies more broadly as well as from gender studies and cultural theory
