Ecology Of Commerce Doing Good Business:

The Rebellious CEO Ralph Nader, 2023-11-14 This is just the book for anyone who enjoys the podcast How I Built This Michael Dirda The Washington Post Nader is one of America's most effective social critics Forbes One of corporate America's greatest foes shows how 12 CEOs he has known uniquely rejected narrow yardsticks of shareholder value by leading companies to larger models of prosperity and justice Over the course of 7 decades Ralph Nader has been Corporate America's fiercest critic Supreme Court Justice William Powell singled out Nader in his infamous memo as the single most effective antagonist of American business the target of his hatred is corporate power But now in a book that will surprise both his fans and critics Nader profiles a small group of CEOs who he believes performed extraordinarily well as business leaders and civic reformers some well known some not who should be celebrated as exceptions whose life and career should be a course of emulation and inspiration for students of business executives and the wider citizenry This select group of mavericks and iconoclasts which includes The Body Shop's Anita Roddick Patagonia's Yvon Chouinard Vanguard's John Bogle and Busboys and Poets' Andy Shallal give us Nader writes a sense of what might have been and what still could be if business were rigorously framed as a process that was not only about making money and selling things but improving our social and natural world

The Cultural Creatives Paul H. Ray, Ph.D., Sherry Ruth Anderson, 2001-10-02 ARE YOU A CULTURAL CREATIVE Do you dislike all the emphasis in modern culture on success and making it on getting and spending on wealth and luxury goods Do you care deeply about the destruction of the environment and would pay higher taxes or prices to clean it up and to stop global warming Are you unhappy with both the left and the right in politics and want to find a new way that does not simply steer a middle course In this landmark book sociologist Paul H Ray and psychologist Sherry Ruth Anderson draw upon thirteen years of survey research studies on more than 100 000 Americans They reveal who the Cultural Creatives are and the fascinating story of their emergence over the last generation using vivid examples and engaging personal stories to describe their distinctive values and lifestyles The Cultural Creatives offers a more hopeful future and prepares us all for a transition to a new saner and wiser culture

Food & Faith Michael Schut, 2010-05 From the creator of the bestseller *Simpler Living* Compassionate Life A Christian Perspective comes Food Faith Food is itself a joyful gift recall how the gift of food so often mediates the sanctity and preciousness of life This collection of reflections by Wendell Berry Bill McKibben Elizabeth Johnson Alan Durning and others helps you start thinking about the moral spiritual and economic implications of eating Readings focus on the enjoyment and spirituality of good food ways in which eating connects us to the land and to each other and on the economic environmental and cultural impacts of daily food choices Food Faith includes an eight week study guide for groups or individuals which leads to action setting a table that is healthy joyful and just

Food for Life Loyle Shannon Jung, 2004-01-01 Food for Life draws on L Shannon Jung's gifts as theologian ethicist pastor and eater extraordinaire In this deeply thoughtful but very lively book he encourages us to see our humdrum habits of eating and

drinking as a spiritual practice that can renew and transform us and our world In a fascinating sequence that takes us from the personal to the global Jung establishes the religious meaning of eating and shows how it dictates a healthy order of eating He exposes Christians complicity in the face of widespread eating disorders we experience personally culturally and globally and he argues that these disorders can be reversed through faith Christian practices attention to habitual activities like cooking and gardening the church s ministry and transforming our cultural policies about food International Equity and Global Environmental Politics Paul G. Harris,2017-07-12 This title was first published in 2001 Discussing the implications for the world of embracing or failing to embrace international environmental equity as a core global objective is an essential exercise which this book undertakes with diligence and vigour Written in an accessible style this is essential reading for students of international relations and world politics global environmental policy and environmental policy and American foreign policy Design Studies and Intelligence Engineering Valentina Emilia Balas,Qun Wu,2024-02-15 The discipline of design studies applies various technologies from basic theory to application systems while intelligence engineering encompasses computer aided industrial design human factor design and greenhouse design and plays a major part within design science Intelligence engineering technologies also include topics from theory and application such as computational technologies sensing technologies and video detection This book presents the proceedings of DSIE2023 the 2023 International Symposium on Design Studies and Intelligence Engineering held on 28 29 October 2023 in Hangzhou China The conference provides a platform for professionals and researchers from industry and academia to present and discuss recent advances in the fields of design studies and intelligence engineering It also fosters cooperation among the organizations and researchers involved in these overlapping fields and invites internationally renowned professors to further explore these topics in some depth providing the opportunity for them to discuss the technical presentations with conference participants In all 275 submissions were received for the conference 105 of which were accepted after thorough review by 3 or 4 referees for presentation at the conference and inclusion here Providing a valuable overview of the latest developments the book will be of interest to all those working in the fields of design studies and intelligence engineering Greening the Red, White, and Blue Thomas Jundt,2014-03-12 Atomic weapons awakened humanity to the realization that it could annihilate the planet It was soon recognized that corporate capitalism might also destroy the earth This book explores how citizens unable to achieve adequate political solutions through a government aligned with big business turned to their actions as consumers to try to effect change **Simpler Living, Compassionate Life** Michael Schut,2009-07-01 A diverse compilation of essays that explore the complex idea of simplicity in our lives community and environment and how buying less and decluttering creates an enriching and sustainable life In a rare collection of voices the authors of Simpler Living Compassionate Life explore voluntary simplicity as a path to wholeness and abundance Henri Nouwen Cecile Andrews Richard Foster and 19 other writers encourage you to listen to your own story and to respond to dialogue about the

fundamental issues of life time money food spirituality heritage and community A diversity of voices and a helpful study guide make this an effective tool for individuals and groups ready to consider alternatives to high price high stress good life the riches of simplicity and compassion *Simpler Living Compassionate Life* is an excellent resource for anyone wishing to have a comprehensive overview of the myriad ways living more simply has positively affected our culture It is a delightful and practical guide for creating simplicity in our own lives our communities and for the benefit of our culture Elaine James author of *Simplify Your Life and Inner Simplicity*

Value Driven Management Randolph Pohlman,Gareth Gardiner,2000 *Value Driven Management* explains how to do just that Starting with the premise that what people value drives their actions the book introduces eight value drivers external cultural values internal cultural values employee values supplier values customer values third party values competitor values and owner values Only by integrating these value drivers into an organization s leadership management and decision making processes can an organization achieve and maintain success

Publisher description *The Stakeholder Strategy* Ann Svendsen,1998-12 In today s highly networked and competitive global economy mounting social and environmental problems are forcing corporations to focus on more than just their stockholders interest in meeting bottom line profitability More and more companies are recognizing the value of identifying and building relationships with all of their organization s stakeholders employees customers suppliers and even communities In fact recent research has shown that companies that treat their employees well create jobs in the local economy develop innovative products and services take care of the environment and contribute to the community are often more profitable In

The Stakeholder Strategy sociologist Ann Svendsen presents an effective and practical step by step guide that companies can use to forge a network of powerful and profitable collaborative stakeholder relationships While some forward thinking corporations have tried limited collaborative approaches focusing on one stakeholder group at a time few have taken a comprehensive and strategic approach to building relationships with all of their stakeholders notes Svendsen And while considerable commitment to the idea of stakeholder collaboration exists there is a lack of knowledge and understanding about how to develop these relationships The Stakeholder Strategy is the first book to show business leaders and managers how to establish and maintain positive mutually beneficial stakeholder relationships Based on a synthesis of ideas from community relations corporate philanthropy stakeholder management organizational change sustainability and the corporate social responsibility literature it offers an integrated framework as well as the practical tools for developing new kinds of collaborative relationships Svendsen uses easy to grasp concepts from everyday life such as the process we go through in finding a mate or developing a long term friendship to illustrate these relationship building strategies She lays out the steps a company should take to create a collaboration friendly organization establishing a social mission values and ethical guidelines assessing corporate readiness for collaboration and making changes in communication information and reward systems to support internal and external collaboration Featuring case study examples from companies in North America and Europe who are working to build collaborative relationships with their stakeholders The Stakeholder Strategy is the first book to provide a detailed explanation of how to conduct stakeholder audits and social audits so that companies can evaluate their relationship building success and keep on track

Spirituality and Sustainability Satinder Dhiman,Joan

Marques,2016-06-13 This book aims to examine sustainability and spirituality philosophically with ethics as the balancing force The goal is to reveal the important intersection between sustainability and spirituality by using spirituality as the invisible guiding hand in the quest for sustainability The editors and contributors examine old social and economics dilemmas from a new perspective in order to provide alternative approaches to economic and social development The enclosed contributions cover a broad range of topics such as sustainable development and human happiness contemporary spirituality environmental ethics and responsibility and corporate social responsibility In addition the title features real world case studies and discussion questions that inspire self reflection and theoretical and empirical deliberation in academic courses and business seminars Contemporary approaches to economic and social development have failed to address humankind's abiding need for spiritual growth For material development to be sustainable spiritual advancement must be seen as an integral part of the human development algorithm While the policy makers and governments can play their respective role each one of us has to consciously adopt spirituality and sustainability as a way of life This book will rely on the spiritual power of individuals to heal themselves and the environment Featuring interdisciplinary perspectives in areas such as science marine biology environmental policy cultural studies psychology philosophy ecological economics and ethics this
